The Indonesian Operations Research Association (IORA) - International Conference on Operations Research 2016

27 August 2016, Bogor, Indonesia

Accepted papers received: 16 January 2017
Published online: 8 February 2017

Preface

011001
OPEN ACCESS
FOREWORD: IORA International Conference on Operations Research 2016

011002
OPEN ACCESS
WELCOME REMARKS: IORA International Conference on Operations Research 2016

011003
OPEN ACCESS
COMMITTEE: IORA International Conference on Operations Research 2016

011004
OPEN ACCESS
Peer review statement

Papers

012001
OPEN ACCESS
Modelling of capital asset pricing by considering the lagged effects

Sukono, Y. Hidayat, A. Talib bin Bon and S. Supian.....1

012002
OPEN ACCESS
Supply and demand analysis for flood insurance by using logistic regression model: case study at Citarum watershed in South Bandung, West Java, Indonesia

P. Sidi, M. Mamat, Sukono and S. Supian.....8

012003
OPEN ACCESS
Mean-variance portfolio optimization by using time series approaches based on logarithmic utility function

E. Soeryana, N. Fadhlina, Sukono, E. Rusyaman and S. Supian.....15

012004
OPEN ACCESS
Causal relationship model between variables using linear regression to improve professional commitment of lecturer

S. Setyaningsih.....24

012005
OPEN ACCESS
Solving portfolio selection problems with minimum transaction lots based on conditional-value-at-risk

E.P. Setiawan and D. Rosadi.....32

012006
OPEN ACCESS
Decision support system in an international-voice-services business company

R. Hadianti, S. Uttunggadewa, M. Syamsuddin and E. Soewono.....45

012007
OPEN ACCESS
The development of scientific identification theory to conduct operation research in education management

S. Hardhienata.....57

012008
OPEN ACCESS
Optimization of investment portfolio weight of stocks affected by market index

E. Azizah, E. Rusyaman and S. Supian.....63

012009
OPEN ACCESS
Simulation of product distribution at PT Anugrah Citra Boga by using capacitated vehicle routing problem method

T. Lamdjaya and E. Jobiliong.....70

012010
OPEN ACCESS
Assessment of IT solutions used in the Hungarian income tax microsimulation system

I. Molnar and S. Hardhienata.....78

012011
OPEN ACCESS
A combination method for solving nonlinear equations

B.P. Silalahi, R. Laila and I.S. Sitanggang.....89

012012
OPEN ACCESS
Modeling Fourth Harmonic Generation in a Non-Vicinal (111) Diamond Lattice

Hendradi Hardhienata.....94

012013
OPEN ACCESS
A collaborative vendor-buyer production-inventory systems with imperfect quality items, inspection errors, and stochastic demand under budget capacity constraint: a Karush-Kuhn-Tucker conditions approach

N.A. Kurdhi, R.A. Nurhayati, S.B. Wiyono, S.S. Handajani and T.S. Martini.....98

012014
OPEN ACCESS
Analysis of production-inventory decisions in a decentralized supply chain with price-dependent demand

N.A. Kurdhi, S.T. Irsanianto and Sutanto.....111

012015
OPEN ACCESS
A design of mathematical modelling for the mudharabah scheme in shariah insurance

R. Cahyandari, D Mayaningsih and Sukono.....122

012016
OPEN ACCESS
Integer programming model for optimizing bus timetable using genetic algorithm

F.D. Wihartiko, A. Buono and B.P. Silalahi.....130

012017
OPEN ACCESS
Implementation of Self Organizing Map (SOM) as decision support: Indonesian telematics services MSMEs empowerment

E.T. Tosida, S. Maryana, H. Thaheer and Hardiani.....139

012018
OPEN ACCESS
Tsukamoto fuzzy implementation to identify the pond water quality of koi

A. Qur'ania and D.I. Verananda.....147

012019
OPEN ACCESS
Web-based application on employee performance assessment using exponential comparison method

S. Maryana, E. Kurnia and A. Ruyani.....154

012020
OPEN ACCESS
Comparison of simple additive weighting (SAW) and composite performance index (CPI) methods in employee remuneration determination

L. Karlitasari, D. Suhartini and Benny.....160

012021
OPEN ACCESS
Decision support system for determining the contact lens for refractive errors patients with classification ID3

B.H. Situmorang, M.P. Setiawan and E.T. Tosida.....168

012022
OPEN ACCESS
Estimation model of life insurance claims risk for cancer patients by using Bayesian method

Sukono, M. Suyudi, F. Islamiyati and S. Supian 173

012023
OPEN ACCESS
Countries population determination to test rice crisis indicator at national level using *k*-means cluster analysis

Y. Hidayat, T. Purwandari, Sukono and Y.D. Ariska.....182

012024
OPEN ACCESS
The nurse scheduling problem: a goal programming and nonlinear optimization approaches

L. Hakim, T. Bakhtiar and Jaharuddin.....191

012025
OPEN ACCESS
Courses timetabling problem by minimizing the number of less preferable time slots

M. Oktavia, A. Aman and T. Bakhtiar.....198

012026
OPEN ACCESS
Green supply chain management strategy selection using analytic network process: case study at PT XYZ

W. Adelina and R.D. Kusumastuti.....208

012027
OPEN ACCESS
A DRM for steady water absorption from different types of periodic channels

I. Solekhudin.....217

012028
OPEN ACCESS
Dynamic optimization approach for integrated supplier selection and tracking control of single product inventory system with product discount

Sutrisno, Widowati and R. Heru Tjahjana.....225

012029
OPEN ACCESS
Combination of nearest neighbor and heuristics algorithms for sequential two dimensional loading capacitated vehicle routing problem

A.A. Sarwono, T.J. Ai and S.S. Wigati.....231

012030
OPEN ACCESS
Integrating data mining technique and AHP in market analysis to propose new product development in real estate

Yunita, M. Galinium and Lukas.....255

012031
OPEN ACCESS
Analysis of data mining classification by comparison of C4.5 and ID algorithms

R. Sudrajat, I. Irianingsih and D. Krisnawan.....262

012032
OPEN ACCESS
Adaptive spline autoregression threshold method in forecasting Mitsubishi car sales volume at PT Srikandi Diamond Motors

D. Susanti, E. Hartini and A. Permana.....270

012033
OPEN ACCESS
Model for determining logistic distribution center: case study of Mount Merapi eruption disaster

T.J. Ai and S.S. Wigati.....281

012034
OPEN ACCESS
Application of Holt exponential smoothing and ARIMA method for data population in West Java

A. Supriatna, D. Susanti and E. Hertini.....289

012035
OPEN ACCESS
An Optimization of Inventory Demand Forecasting in University Healthcare Centre

A T Bon and T K Ng.....293

012036
OPEN ACCESS
Student academic performance analysis using fuzzy *C*-means clustering

R. Rosadi, Akamal, R. Sudrajat, B. Kharismawan and Y.A. Hambali.....304

012037
OPEN ACCESS
Professional development model for science teachers based on scientific literacy

B. Rubini, D. Ardianto, I.D. Pursitasari and I. Permana.....310
