Table of contents

Volume 273

International Conference on Informatics, Technology and Engineering 2017 (InCITE 2017)

24–25 August 2017, Bali, Indonesia

Accepted papers received: 15 November 2017
Published online: 28 November 2017

Preface

International Conference on Informatics, Technology and Engineering 2017 (InCITE 2017)

Peer review statement

Papers

The Role of IT in Sustainable Enterprise

Text-based CAPTCHAs over the years

Y W Chow and W Susilo.....1

Computer vision system for egg volume prediction using backpropagation neural network

J Siswantoro, M Y Hilman and M Widiasri.....7

A multi-hop relay path selection algorithm considering path channel quality and coordinating with bandwidth allocation

Y C Lai, R Jayadi and J N Lai.....13

Leaf App: Leaf recognition with deep convolutional neural networks

T L I Sugata and C K Yang.....20

Sustainable Energy & Earth Resources

Recycled asphalt pavement – fly ash geopolymer as a sustainable stabilized pavement material

S Horpibulsuk, M Hoy, P Witchayaphong, R Rachan and A Arulrajah.....26

Effects of glass scraps powder and glass fiber on mechanical properties of polyester composites

K Sonsakul and W Boongsood.....36

Phenol hydroxylation on Al-Fe modified-bentonite: Effect of Fe loading, temperature and reaction time

R K Widi, A Budhyantoro and A Christianto.....43

Equilibrium study for ternary mixtures of biodiesel

S Doungsri, T Sookkumnerd, A Wongkoblap and A Nuchitprasittichai.....50

Identification, measurement, and assessment of water cycle of unhusked rice agricultural phases: Case study at Tangerang paddy field, Indonesia

N Hartono, Laurence and H P Johannes.....57

Performance test of a grid-tied PV system to power a split air conditioner system in Surabaya

E Tarigan.....64

Hydrolysis of alkaline pretreated banana peel

A Fatmawati, K Y Gunawan and F A Hadiwijaya.....69

Sustainable Manufacturing & Processes

Closed-loop simulation of decentralized control using RGA for uncertain binary distillation column

R Agustriyanto and J Zhang.....75

An efficiency improvement in warehouse operation using simulation analysis

N Samattapapong.....82

Modeling of the minimum variable blank holder force based on forming limit diagram (FLD) in deep drawing process

S Candra, I M L Batan, W Berata and A S Pramono.....88

Single-tier city logistics model for single product

N I Saragih, S Nur Bahagia, Suprayogi and I Syabri.....95

Inventory model optimization for supplier-manufacturer-retailer system with rework and waste disposal

A R Dwicahyani, E Kholisoh, W A Jauhari, C N Rosyidi and P W Laksono.....102

A periodic review integrated inventory model with controllable setup cost, imperfect items, and inspection errors under service level constraint

R S Saga, W A Jauhari and P W Laksono.....109

A joint economic lot-sizing problem with fuzzy demand, defective items and environmental impacts

W A Jauhari and P W Laksono.....116

Development of coordination system model on single-supplier multi-buyer for multi-item supply chain with probabilistic demand

G Olivia, A Santoso and D N Prayogo.....123

Using genetic algorithm to determine the optimal order quantities for multi-item multi-period under warehouse capacity constraints in kitchenware manufacturing

D Saraswati, D K Sari and V Johan.....129

From ISO 9001:2008 to ISO 9001:2015: Significant changes and their impacts to aspiring organizations

Y Sari, E Wibisono, R D Wahyudi and Y Lio.....137

Improving delivery routes using combined heuristic and optimization in a consumer goods distribution company

E Wibisono, A Santoso and M A Sunaryo.....145

The effect of different concentrations of tween-20 combined with rice husk silica on the stability of o/w emulsion: A kinetic study

L Sapei, I G Y H Sandy, I M K D Suputra and M Ray.....153

Constrained optimization via simulation models for new product innovation

Nugroho A Pujowidianto.....160

Sustainable Design & Innovation

Affective design identification on the development of batik convection product

H Prastawa and R Purwaningsih.....166

Estimating life cycle cost for a product family design: The challenges

T J Suteja, A Karim, P K D V Yarlagadda and C Yan.....172

An integrative fuzzy Kansei engineering and Kano model for logistics services

M Hartono, T K Chuan, D N Prayogo and A Santoso.....179

The impact of expatriates directors on the Indonesian company's performance

I M Ronyastra.....186

Survival analysis for customer satisfaction: A case study

M A Hadiyat, R D Wahyudi and Y Sari.....192

Pattern analysis of fraud case in Taiwan, China and Indonesia

A H Kusumo, C-F Chi and R S Dewi.....198

Outdoor altitude stabilization of QuadRotor based on type-2 fuzzy and fuzzy PID

H Wicaksono, Y G Yusuf, C Kristanto and L Haryanto.....205

Investigating the role of Fuzzy as confirmatory tool for service quality assessment (Case study: Comparison of Fuzzy SERVQUAL and SERVQUAL in hotel service evaluation)

R D Wahyudi.....212
