Meeting on Nonequilibrium Thermodynamics and Statistical Physics: From Rational Modeling to Its Applications 2017

Journal of Physics: Conference Series Volume 1035

Fukuoka, Japan
16 - 17 March 2017

Editors:

Shigeru Taniguchi
Takashi Arima

ISBN: 978-1-5108-6410-8
ISSN: 1742-6588

Printed from e-media with permission by:

Table of contents

Volume 1035

Nonequilibrium thermodynamics and statistical physics: From rational modeling to its applications

16–17 March 2017, JR Hakata City, Fukuoka, Japan

Accepted papers received: 21 May 2018
Published online: 30 May 2018

Preface

Nonequilibrium thermodynamics and statistical physics: From rational modeling to its applications

Peer review statement

Papers

On the Lindblad equation for open quantum systems: Rényi entropy rate and weak invariants

Sumiyoshi Abe.....1

Six-field extended thermodynamics models representing molecular energy exchange in a dense polyatomic gas

Takashi Arima.....8

Some 2D heat transfer problems in metals described by a linearized extended thermodynamics model

Elvira Barbera and Francesca Brini.....20

On the deviation of statistical diffusion-exponent fluctuation from Poisson-like distribution

Yuichi Itto.....31

A New BGK Model for Relativistic Kinetic Theory of Monatomic and Polyatomic Gases

Sebastiano Pennisi and Tommaso Ruggeri.....36

Effect of crowding on protein-protein association in diffusion-limited regime

Jing Qing, Anpu Chen and Nanrong Zhao.....47

Numerical simulation of ionospheric convection with a global MHD simulation

Satoko Saita, Shigeru Fujita, Akira Kadokura, Takashi Tanaka and Yoshimasa Tanaka.....57

A Study of Steady Flow of a Polyatomic Gas by Extended Thermodynamics with Six Fields

Masaru Sugiyama.....65

Shock wave structure in rarefied polyatomic gases with large relaxation time for the dynamic pressure

Shigeru Taniguchi, Takashi Arima, Tommaso Ruggeri and Masaru Sugiyama.....71

On the smoothing of point force in the two-way coupling simulation of polymer-laden turbulent flow

Takeshi Watanabe and Toshiyuki Gotoh.....79
