International Academic Conference "The state, trends and problems of development of the oil and gas potential of Western Siberia"

28–29 September 2017, Tyumen, Russia

Accepted papers received: 30 July 2018

Published online: 16 August 2018

Preface

[International Academic Conference "The state, trends and problems of development of the oil and gas potential of Western Siberia"](#)

[Peer review statement](#)

Papers

[Structure of the hydrogeological field of the Krasnoleninsky arch](#)

R N Abdrashitova and Yu I Salnikova.....1

[Drilling automation based on rigs equipped with the top drive system](#)

A M Andriyanov, P A Andriyanov and M Bur.....7

[Application of numerical modelling for evaluation of operating conditions of water intakes for domestic and drinking purposes in the area of oil fields operation](#)

Yu V Bespalova, V K Popov, K I Kuzevanov and N S Trofimova.....17

[Creating a geological model of the field taking into account information on horizontal wells and the analysis of inter-well reservoir connectivity](#)

N N Bozhenyuk, V A Belkina and A V Strelalov.....24

[Calculation of the operating mode of the mixing refrigerator](#)

O P Deriugina and A O Larchenko.....34

[Processing of high-viscosity oils by complex electromagnetic treatment](#)

V O Dovbysh, S A Leontyev, L I Maksimov and V A Ogay.....41

[Development of installation for the preparation of biosorbents from waste petrochemical industry](#)

V O Dovbysh, A A Kuznetsova, L I Maksimov and V A Ogay.....48

[Comparative analysis of oil properties from Western Siberia oil fields](#)

G I Egorova, N I Loseva and A N Egorov.....55

[Waste refrigerant fluid of the process of n-butane dehydrogenation as a source of new commercial products: resource-ecological aspect](#)

A N Egorov and G I Egorova.....61

[Principles of sustainable development of new resources from waste for the oil and gas processing industry](#)

G I Egorova and A N Egorov.....67

[Influence of tectonic inversions on the process of tectonic development of the north part of the west Siberian oil and gas province](#)

P A Gorbunov and S V Vorobyov.....73

[Relationship of inversion tectonics and oil and gas potential within the Northern part of West Siberia](#)

P A Gorbunov and S V Vorobyov.....80

[On goal setting in the sphere of Smart Grid](#)

V I Kolesov, O F Danilov, G A Hmara and A L Portnyagin.....85

[Complex research of the application of the non-stationary waterflooding in interrelationship with other EOR methods](#)

A V Klimov-Kayanidi, V N Gulyaev, S K Sokhoshko and N P Zakharova.....94

[System aspects of price responsive energy consumption](#)

V I Kolesov, G A Hmara and A L Portnyagin.....101

[On modeling of non-stationary two-phase filtration](#)

V A Korotenko, S I Grachev, N P Kushakova, S A Leontiev, M I Zaboeva and M A Aleksandrov.....107

[Subminiature eddy-current transducers for thickness studies](#)

S F Dmitriev, A V Ishkov, A O Katasonov, V N Malikov and A M Sagalakov.....117

[Evaluation of well interference by correlation analysis](#)

I I Nasyrov, E I Mamchistova and A I Nasyrova.....123

[A method of modelling phase permeability in the region of a three-phase filtration](#)

M G Lozhkin, S F Mulyavin and E A Mulyavina.....134

[Sound vibration modulator to control turbodrill operation](#)

Kh N Muzipov, Yu Ovchinnikova and N V Zykova.....141

[Operation of gas wells under conditions of intensive carrying out of mechanical impurities](#)

A I Nasyrova, I I Nasyrov and A A Khairullin.....148

[Modeling the task of optimal planning of wells repair and renewal operations](#)

N V Nazarova and A A Khairullin.....158

[Research of the foaming agents' influence on the process of reservoir and condensate fluids recovery from Cenomanian gas wells on closing stage of development](#)

A Yu Yushkov, V A Ogay, A F Khabibullin, V O Dovbysh and M N Rogov.....163

[Creation of the installation for studying the impact of current pulse excitation on the bottomhole formation zone](#)

N M Paklinov, A N Shepelevich and A V Strekalov.....171

[Atmospheric pollution of the Ural Federal District subjects \(2016\): regional features](#)

A I Petrov and D A Petrova.....177

[Research analysis of mechanical impurities of wells](#)

I A Pogrebnaya and S V Mikhailova.....188

[Analysis of the precision problem in numerical calculation of the reliability indices of technical systems by the topological method at application of the floating-point arithmetic](#)

P A Rahman and E R Ishkinina.....194

[Reliability model of the symmetric dual-node data processing system with functional redundancy](#)

P A Rahman and V D Kondrateva.....201

[Creation of an automation system for engineering calculation of preparation for the production at high-technology enterprises of mechanical engineering](#)

N N Savelyeva.....208

[Mathematic modelling of filtering data of an oil reservoir based on successive random additions](#)

B V Semenov, V P Svatov and S P Semenova.....214

[Salvaging of waste drilling muds by means of injection and mechanical ways](#)

A N Shuvaev and M V Panova.....220

[Application of thawed and peat soils for construction of road-bed for automobile roads](#)

A N Shuvaev, A B Shabarov and M V Panova.....226

[Optimization of the gas drying process in the production of hydrogen by training the fuzzy Sugeno model](#)

V G Logachev and A Yu Sobol.....233

[Development of scientific and methodical approaches to the optimization of drilling deep wells](#)

V M Spasibov and V V Kozlov.....242

[Features of wastewater treatment systems of the oil and gas field infrastructure](#)

Elena Vialkova and Svetlana Maksimova.....252

[Basic concepts of formalizing the business process of design and estimate calculations in the construction and repair of oil and gas facilities](#)

R I Khamidullin.....264
