Table of contents

Volume 412

International Scientific-technical Conference on Innovative Engineering Technologies, Equipment and Materials 2017 (ISTC-IETEM-2017)

6–8 December 2017, Kazan, Russian Federation

Accepted papers received: 27 July 2018

Published online: 23 October 2018

Preface

[International Scientific-technical Conference on Innovative Engineering Technologies, Equipment and Materials 2017 \(ISTC-IETEM-2017\)](#)

[Peer review statement](#)

Papers

[Educational laboratorial facility for researching the technology of plasma gasification of production and consumption wastes including medical wastes](#)

T M Abdullin, I R Gilmanshin, N F Kashapov, S I Gilmanshina, A I Galeeva and D R Krainova.....1

[The Technique for Producing Anotechnologies with Carbon and Ferromagnetic Metal or Alloy](#)

G M Ahmadiev.....6

[The practice of a mobile pulsation unit \(MPU\) to increase the efficiency of oil wells](#)

A V Akhmerov, D P Iovlev, L S Sabitov, A A Sinyavin and A R Hayrullin.....9

[The application of plasma-electrolysis boronizing of parts](#)

V I Astashchenko, D V Emelyanov and I N Gilazov.....15

Optimal geometrical parameters of trihedral steel support's cross section

I R Badertdinov, I L Kuznetsov, N F Kashapov, I R Gilmanshin and L S Sabitov.....18

Evaluation of the applicability of pre-evaporative cooling of air in front of the cooling tower in the conditions of the third climatic zone of the Russian Federation

D S Balzamov, L S Sabitov, B F Timershin and E Yu Balzamova.....23

Increase of efficiency of heat sources work due to application of condensation economizers on an example of a boiler PTVM-180

D S Balzamov, L S Sabitov, B F Timershin and E Yu Balzamova.....29

Investigation of a nickel coating deposition processes from solid nickel electrolyte

R S Kashapova, N M Lyadov, R N Kashapov, L N Kashapov, N F Kashapov and I A Faizrakhmanov.....34

The influence of iron microstructure on tool capacity during cutting process

G K Davletshina, A G Kondrashov, B F Zairov and L.F. Zairov.....39

Assessment of the state of the technical system in the presence of parametric perturbations and the absence of information about the input actions

D N Demyanov.....42

Application of the theory of compound cores for the assessment of stress pattern in the cross section of a strengthened beam column

R F Fardiev, L S Sabitov, N F Kashapov and I R Gilmanshin.....46

Results of experimental investigations of extra-compressible compression elements enhanced by reinforced concrete

R F Fardiev, L S Sabitov, N F Kashapov, I R Gilmanshin and I K Kiyamov.....54

[Mathematical modeling of binding material coalescence at the production of syntactic carbon foams](#)

V L Fedyaev, E R Galimov, N Ya Galimova, V M Samoylov and M A Orlov.....59

[Heat transfer in syntactic carbon porous materials](#)

V L Fedyaev, E R Galimov, N Ya Galimova, A V Belyaev and V M Samoylov.....64

[Evaluation of interphase boundaries dynamics at the contact of melt with solid material](#)

V L Fedyaev, E R Galimov, A V Belyaev, A V Dolgov and V M Samoylov.....68

[Influence of the additives of natural sulphur-organic compounds on thermal stability of oil fractions of arlan petroleum](#)

L R Gainullina, V P Tutubalina and L S Sabitov.....74

[Influence of structural-group composition of sulphur-organic compounds on water solubility in model mixtures](#)

L R Gainullina, V P Tutubalina and L S Sabitov.....79

[Production technology of heat-resistant high-strength syntactic carbon foams for operation in extreme conditions](#)

E R Galimov, E E Tukbaev, V L Fedyaev, N Ya Galimova, V M Samoylov, M A Orlov, A S Borodulin and I R Mavlev.....84

[Production and investigation of physical-mechanical properties of syntactic carbon foams](#)

E R Galimov, V L Fedyaev, N Ya Galimova, V M Samoylov, E A Danilov, E I Timoshchuk, D V Ponomareva, A V Nakhodnova and M A Orlov.....90

[Application of multi-agent system for control of parameters of precision stamping process of bevel gears](#)

K N Gavarieva, L A Simonova, D L Pankratov, V G Shibakov and R V Gavariev.....95

[Stages of formation of scientific thinking of students in terms of engineering education at the university](#)

I R Gilmanshin and S I Gilmanshina.....100

[Technology of e-learning in the university education](#)

I R Gilmanshin and S I Gilmanshina.....104

[Formation of the future engineering chemical elite in lyceums for gifted adolescents at universities](#)

S I Gilmanshina, F D Khalikova, Yu A Cherkashina and I R Gilmanshin.....107

[Computer simulation of the torque distribution system of a hybrid heavy truck in conditions of slippage of one of the wheels](#)

E O Gurjanova and D N Demyanov.....111

[Empirical heat transfer correlations of tube bundles under pulsating flows](#)

A I Haibullina, L S Sabitov, A R Hayrullin and N H Zinnatullin.....115

[Energy efficiency of pulsating flows at heat-transfer enhancement in a shell-and-tube water oil cooler](#)

A I Haibullina, L S Sabitov, A R Hayrullin and V K Ilyin.....121

[Thermal and hydraulic efficiency of the staggered tube bundle in pulsating flow](#)

A I Haibullina, V K Ilyin, L S Sabitov, N H Zinnatullin, A R Hayrullin and A N Dolgova.....127

[Intellectual property as a factor of increasing innovation activity of economic entities](#)

L Iksanova and N Kashapov.....133

[Formation of the diffusion layer in gas boring](#)

V K Ilyin, L S Sabitov, A I Khaibullina and O V Ilyin.....139

[Mechanical filtration, based on elective concentration of particles, as an innovative method of water treatment](#)

O R Karataev and E S Karataeva.....144

[Peculiarities of calculating the longitudinal mixing of adsorbent in a fixed layer with account of surface friction](#)

O R Karataev and E S Karataeva.....147

[Modeling of dynamics of vapor compression cooling system](#)

D L Karelin, A V Boldyrev, S V Boldyrev and A M Belousov.....150

[Synthesis of the automatic control system with time-delays as in the case of internal combustion engine](#)

V S Karimov.....154

[Influence of introduction of robotics on increase in efficiency of electrochemical production](#)

N F Kashapov, I I Khafizov, I G Nurullin and Z B Sadykov.....158

[The selection of energy-efficient main processing of the soil for sugar sorghum](#)

N F Kashapov, M M Nafikov, I R Gilmanshin, A R Nigmatzyanov and R F Saifutdinov.....163

[Innovative technologies of grain sorghum processing](#)

N F Kashapov, M M Nafikov, A R Nigmatzyanov and R A Mingazov.....167

[Recycling of wastes of agricultural production and rural settlements to produce biogas and organic matter](#)

N F Kashapov, M M Nafikov, I R Gilmanshin and A R Nigmatzyanov.....171

[About one approach to the assessment of technical equipment of agricultural enterprises in conditions of economy modernization](#)

N F Kashapov, M M Nafikov, M Kh Gazetdinov, Sh M Gazetdinov and A R Nigmatzyanov.....175

[Mathematical modeling of the technological accuracy index deviation structure of the automobile parts](#)

S V Kasjanov and D T Safarov.....181

[Assessment of commercial feasibility of the device for the combined cutting of conducting materials by calculation of integrated coefficient](#)

I I Khafizov and Y Y Levshanova.....185

[Estimation of charge carrier mobility in polymer thin-film structures](#)

I I Khafizov and T N Saveleva.....191

[Problems of development of electrochemical production of Russia and possibility of their decision](#)

I I Khafizov, I G Nurullin and Z B Sadykov.....195

[Research of boundary layers of molds, used in titanium casting](#)

A I Khatmullina, E Yu Petrov and A M Lyakhovich.....199

[Profitability increase of pre-production and autocomponents issue project](#)

R M Khisamutdinov, O I Yurasova, S Yu Yurasov and E A Ryabov.....203

[Calculation of the direction of the strain axes in the working area of a vertical milling machine](#)

R M Khusainov and A R Sabirov.....212

[Ways to Transfer Oil and Oil Products in Heating Conditions and Methods for Their Enhancement](#)

E M Khusnutdinova, I A Konakhina, G R Khamidullina and A O Mamonova.....216

[Training transport specialists based on a contemporary view of self-organization of sophisticated developing systems](#)

E M Khusnutdinova, G R Khamidullina, P P Pavlov, A E Aukhadeyev, R S Litvinenko and A N Khusnutdinov.....219

[Intensification of Oil and Oil Product Heaters by Means of Auger Inserts](#)

E M Khusnutdinova, I A Konakhina, G R Khamidullina and Y K Vachagina.....233

[Investigation of nanometallokeramic composite coatings obtained by vibro-arc surfacing](#)

A V Kolomeichenko, N V Titov, Yu A Kuznetsov, L V Kalashnikova, O O Bagrintsev and S N Sharifullin.....236

[Target Energy Monitoring Method for the Analysis of Production Companies and Facilities of Housing and Communal Services](#)

I A Konakhina, G R Khamidullina, M A Kuzmina and E M Khusnutdinova.....241

[Application of electric erosion machining for the restoration of splined surfaces](#)

A T Kulakov, E P Barylnikova, F L Nazarov, S Yu Kovalenko and K V Gribkov.....244

[Development of a multistage gearbox for a new generation of heavy-duty trucks](#)

I R Mavleev, V V Voloshko, I I Salakhov and I F Shaykhutdinov.....248

[Using of functional capability of RTDS hardware and software complex in the educational process of electrotechnical speciality master's training in economy global digitalization conditions](#)

I S Metelev, R G Isakov, A V Ferenetz, I R Gilmanshin, S I Gilmanshina and A I Galeeva.....253

[Study of the solubility of die-cast steels in silumin AK12 \(AL2\)](#)

G F Mukhametzyanova, M S Kolesnikov and I R Mukhametzyanov.....263

[Spectral analysis of acoustic car noise](#)

P V Pchenitchnyi, V A Strekalov, R R Tagirov and R R Shaimukhametov.....268

[Surface modification of molds for titanium casting, and its influence on the allocation of chemical elements in boundary layers of molds](#)

E J Petrov, A I Khatmullina and A M Lyahovich.....272

[Current state and prospects of development of diagrammatic methods for the calculation of reinforced concrete structures](#)

O V Radaikin, L S Sabitov, N F Kashapov and I R Gilmanshin.....277

[The way to improvement of the method of calculation of rigidity of bending reinforced concrete elements from conventional ferro-concrete](#)

O V Radaikin, L S Sabitov, N F Kashapov and I R Gilmanshin.....283

[Modeling of the complete life cycle of raw materials in the mathematical apparatus of problem-oriented modification of color networks Petri-DN-networks](#)

E R Ruchkina, I R Gilmanshin, N F Kashapov, Yu F Kovalchuk, Yu I Azimov, S I Gilmanshina, A I Galeeva and D R Krainova.....290

[Direction of chip flow for milling of shaped surfaces by ball end mill](#)

E A Ryabov, R M Khisamutdinov and S Yu Yurasov.....294

Material and technical base of the laboratory for the thermal destruction of production and consumption waste for the training of specialists in the field of waste management

R G Sabirzyanov, I R Gilmanshin, N F Kashapov, S I Gilmanshina, A I Galeeva, I A Galeev and D R Krainova.....298

The stress-strain state of thin-walled bar of variable cross section with different variants of fastening of the ends that is used in the energy construction

L S Sabitov, I R Badertdinov, N F Kashapov, I R Gilmanshin and I L Kuznetsov.....303

Development of the method of dynamic tests support of air transmission lines

L S Sabitov, I Z Gatiyatov, N F Kashapov, I R Gilmanshin and I K Kiyamov.....311

Development of the design of a laboratory vibro-grinding machine for preparing samples for metallographic research

D T Safarov, A G Kondrashov and I I Khafizov.....317

The method of diagnosing machine systems by measuring the accuracy of manufactured parts

D T Safarov, A G Kondrashov and I I Khafizov.....321

Feasibility Analysis of Combined Boiler Plant Designs

T R Safin, I A Konakhina and G R Khamidullina.....326

Preparation of copper-containing microfertilizers

R N Sagitova, I A Gaisin and S I Gilmanshina.....329

Thermal chamber for material testing

T N Savelieva, O A Sachenkov, I R Gilmanshin, M M Zakirnichnaya, Yu I Azimov, N F Kashapov, S I Gilmanshina, A I Galeeva and D R Krainova.....332

[Aspects of using accelerated weather testing methods for polymeric materials](#)

L N Shafigullin, N V Romanova, I F Gumerov, A R Ibragimov, G R Shafigullina and A I Nizamova.....337

[Thermal properties of polypropylene and polyethylene blends \(PP/LDPE\)](#)

L N Shafigullin, N V Romanova, I F Gumerov, A T Gabrakhmanov and D R Sarimov.....341

[Usage of polymeric fuel tanks in the automotive industry](#)

L N Shafigullin, G F Muhametzjanova, A A Muhamatdinova, A M Sotnikov and G R Shafugullina.....345

[Agile in project management system in mechanical engineering](#)

A Sh Shavaliev and A S Puryaev.....348

[Surface quality assurance of ring gear during precision stamping of gearwheels](#)

V G Shibakov, D L Pankratov, R S Nizamov and R A Hairullin.....352

[Investigation of the joint operation of electric transmission lines with a new type concrete reinforced concrete foundation](#)

Yu M Strelkov, L S Sabitov, N F Kashapov and I R Gilmanshin.....356

[Investigation of plasma metal-ceramic coatings on cutting surfaces of working bodies of machines and mechanisms](#)

N V Titov, A V Kolomeichenko, Yu A Kuznetsov, L V Kalashnikova, O O Bagrintsev and S N Sharifullin.....361

[Numerical modeling of the powder materials spraying](#)

A L Tukmakov, N F Kashapov, D A Tukmakov and M G Fazlyyakhmatov.....366

[Numerical simulation of the vapour-droplet systems hydrodynamics taking into account particles' coagulation and fragmentation](#)

N A Tukmakova, V G Tonkonog and A L Tukmakov.....370

[Biomechanical assessment of outputs of surgical treatment of patients with complex fragments of lower limbs](#)

B I Vahitov, I O Pankov, I Kh Vahitov, V R Nagmatullin and L I Vahitov.....374

[A Method for Increasing the Efficiency of Assembling Non-detachable Products by Plastic Deformation Using Artificial Intelligence](#)

A M Valiev and D L Pankratov.....380

[Control of electrochemical dimensional processing on the basis of synergy of controllable factors](#)

A R Zakirova and Z B Sadykov.....383

[Automated system of recognition of road signs for ADAS systems](#)

R R Ziyatdinov and R A Biktimirov.....387

[Study of composite coal–water fuel rheological properties](#)

E R Zvereva, L S Sabitov, R V Khabibullina, G R Akhmetvalieva, Y K Mongush and D V Ermolaev.....391

[Technology of overlay laser welding of durable powdery into blade edge of miller](#)

V V Zvezdin, R M Hisamutdinov, R R Rakhimov, I H Israfilov and R R Saubanov.....397

[Technology ability of laser bonding of compacted graphite iron](#)

V V Zvezdin, K V Klochkova, R R Rakhimov, R R Saubanov and V A Pesoshin.....401

[Research of bi-nickel coatings obtaining process](#)

B O Daminov, N M Lyadov, R N Kashapov, L N Kashapov, N F Kashapov and I A Faizrakhmanov.....405

[The microstructure study of CJP products](#)

L N Kashapov, R N Kashapov, N F Kashapov and R R Farrahov.....410

[Study of the possibility three-dimensional printing DLP-technology for casting individual neck telescopic implants](#)

R S Kashapova, R N Kashapov, L N Kashapov, N F Kashapov and L F Sabirzjanova.....416

[Research methods of hardening the surface of medical instruments](#)

R R Farahov, R N Kashapov, L N Kashapov and N F Kashapov.....421

[Search for the optimal method of making reticular neck telescopic implants](#)

R M Kashapova, R N Kashapov, L N Kashapov, N F Kashapov and V F Kasimova.....426

[3D scanning systems for monitoring the size of mesh implants](#)

A A Kaleev, L N Kashapov, N F Kashapov and R N Kashapov.....432

[Plasma electrolyte produce 17-4PH powder for use in 3D MicroPrint technology](#)

R N Kashapov, L N Kashapov and N F Kashapov.....436

[Development of technology for high-speed branding of titanium alloys](#)

R R Farahov, N M Lyadov, R N Kashapov, L N Kashapov and N F Kashapov.....441

[Use of polystyrene production wastes in selective laser sintering processes](#)

J N Dementyeva, R N Kashapov, L N Kashapov and N F Kashapov.....446

[Application of additive technologies in the process of technological preparation of aviation products](#)

N A Lunev, A V Shapkin, R N Kashapov, D V Kurylev, L N Kashapov and N F Kashapov.....453

[Ultrasound in the manufacture of medical instruments](#)

R M Kashapova, R S Kashapova, R N Kashapov and L N Kashapov.....457

[Determination of optimal technology for manufacturing dental surgical guides](#)
