# ***Visualization and Data Analysis 2015***

**David L. Kao**  
**Ming C. Hao**  
**Mark A. Livingston**  
**Thomas Wischgoll**  
*Editors*

**9–11 February 2015**  
**San Francisco, California, United States**

*Sponsored by*  
IS&T—The Society for Imaging Science and Technology  
SPIE

*Cosponsored by*  
Kitware Inc. (United States)

*Published by*  
SPIE

**Volume 9397**

The papers included in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. The papers published in these proceedings reflect the work and thoughts of the authors and are published herein as submitted. The publishers are not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from this book:

Author(s), "Title of Paper," in *Visualization and Data Analysis 2015*, edited by David L. Kao, Ming C. Hao, Mark A. Livingston, Thomas Wischgoll. Proceedings of SPIE-IS&T Electronic Imaging, SPIE Vol. 9397, Article CID Number (2015)

**Paper Numbering:** Proceedings of SPIE follow an e-First publication model, with papers published first online and then in print. Papers are published as they are submitted and meet publication criteria. A unique citation identifier (CID) number is assigned to each article at the time of the first publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online, print, and electronic versions of the publication. SPIE uses a six-digit CID article numbering system in which:

- The first four digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B ... 0Z, followed by 10-1Z, 20-2Z, etc.

The CID Number appears on each page of the manuscript. The complete citation is used on the first page, and an abbreviated version on subsequent pages.

# Contents

- v *Authors*
- vii *Conference Committee*
- xi *Introduction*

---

## KEYNOTE SESSION I

---

- 9397 02 **The Palomar transient factory (Keynote Paper)** [9397-7]

---

## SESSION 1 REMOTE VISUALIZATION AND MOBILE VISUALIZATION

---

- 9397 05 **Plugin free remote visualization in the browser** [9397-2]
- 9397 06 **Ensemble visual analysis architecture with high mobility for large-scale critical infrastructure simulations** [9397-3]

---

## SESSION 2 GRAPHS AND EXPLORATORY DATA VISUALIZATION I

---

- 9397 07 **OSNAP!: introducing the open semantic network analysis platform** [9397-4]

---

## SESSION 3 GRAPHS AND EXPLORATORY DATA VISUALIZATION II

---

- 9397 08 **iGraph: a graph-based technique for visual analytics of image and text collections (Best Paper Award)** [9397-5]
- 9397 09 **Exploring hierarchical visualization designs using phylogenetic trees (Best Paper Award)** [9397-6]

---

## SESSION 4 HUMAN FACTORS

---

- 9397 0A **Emotion-prints: interaction-driven emotion visualization on multi-touch interfaces** [9397-8]

---

## SESSION 5 VOLUME VISUALIZATION

---

- 9397 0B **GPU surface extraction using the closest point embedding** [9397-9]
- 9397 0C **Advanced texture filtering: a versatile framework for reconstructing multi-dimensional image data on heterogeneous architectures** [9397-10]

9397 0D **A client-server view-dependent isosurfacing approach with support for local view changes** [9397-11]

---

**SESSION 6 BIOMEDICAL VISUALIZATION**

---

9397 0E **Comparative visualization of protein conformations using large high resolution displays with gestures and body tracking** [9397-12]

9397 0F **FuryExplorer: visual-interactive exploration of horse motion capture data** [9397-13]

---

**SESSION 7 GEOGRAPHICAL VISUALIZATION**

---

9397 0G **Weighted maps: treemap visualization of geolocated quantitative data** [9397-15]

---

**SESSION 8 VISUALIZATION EVALUATION**

---

9397 0H **Evaluating lossiness and fidelity in information visualization** [9397-16]

---

**SESSION 9 FLOW VISUALIZATION**

---

9397 0I **An image-space Morse decomposition for 2D vector fields** [9397-17]

9397 0J **Subsampling-based compression and flow visualization** [9397-18]

9397 0K **A multi-resolution interpolation scheme for pathline based Lagrangian flow representations** [9397-19]

---

**SESSION 10 MULTI-DIMENSIONAL DATA VISUALIZATION**

---

9397 0L **Enhancing multi-dimensional data projection using density-based motion** [9397-20]

9397 0M **A survey and task-based quality assessment of static 2D colormaps** [9397-21]

---

**INTERACTIVE PAPER SESSION**

---

9397 0O **Visualization and classification of physiological failure modes in ensemble hemorrhage simulation** [9397-24]

9397 0P **Time-synchronized visualization of arbitrary data streams** [9397-25]

9397 0R **Visualizing uncertainty of river model ensembles** [9397-27]

9397 0S **Remote visualization system based on particle based volume rendering** [9397-28]
