Volume 445

International Conference on Transport and Storage of Hydrocarbons

29–31 August 2018, Tyumen, Russian Federation

Accepted papers received: 31 October 2018

Prelims

[International Conference "Transport and Storage of Hydrocarbons"](#)

[Peer review statement](#)

Papers

[Calculation of transverse vibrations of the pump set shaft](#)

V M Loginovskikh, D A Cherentsov and K S Voronin.....1

[Estimating the cost of constructing and operating a section of a pipeline in the search for its optimal route](#)

K S Voronin, P V Grigorieva and D A Cherentsov.....5

[Oil and gas pipeline system of the Tyumen Oblast: social and spatial analysis](#)

M G Ganopolsky and L M Markova.....12

[Mathematic simulation of the effect of a buried oil pipeline on permafrost soils](#)

V V Golik, B V Moiseev, S G Gulkova and Yu D Zemenkov.....16

[Assessment of geo-cryological conditions in the design and operation of pipelines in the Arctic zone of the Russian Federation](#)

V V Golik, B V Moiseev, Y D Zemenkov and E N Kabes.....21

[Modelling the parameters of emptying an inclined pipeline in the safety management under demanding conditions](#)

M Y Zemenkova, A A Gladenko and Y D Zemenkov.....25

[Forecasting and managing the reliability of technological equipment of oil and gas pipelines with the use of real-time reserving](#)

M Y Zemenkova.....33

[Condition for the formation of mechanisms of increasing gas emission in the supply nozzle of a swirling chamber](#)

E N Kabes, V V Golik and A A Gladenko.....39

[Evaluation of the state of pipeline system using the exergy analysis](#)

L M Markova.....43

[Improving the safety of operation of tanks with a floating roof in the winter period](#)

A M Kulikov and S M Chekardovskiy.....47

[Modernization of the individual device for temperature stabilization of the soil](#)

K S Voronin, D A Cherentsov, A U Yakupov and Yu D Zemenkov.....52
