Preface

[IV International Conference «Safety Problems of Civil Engineering Critical Infrastructures](#)

[Organizing Committee](#)

[Acknowledgements](#)

[Peer review statement](#)

Papers

[Assessment of human factor in critical infrastructures](#)

L V Poluyan and M G Malukova.....1

[Assessment of large-scale catastrophes in complex engineering systems](#)

N A Makhutov and D O Reznikov.....7

[Cyberattack intensity forecasting on informatization objects of critical infrastructures](#)

Y M Krakovsky, A N Luzgin and Y M Ivanyo.....15

[Verification of recovery of distribution density function of the random variable by methods of nonparametric statistics](#)

V N Syzrantsev and K V Syzrantseva.....22

[Advantages of the rain-flow method at the post-processing stage in comparison with the spectral approach](#)

I Gadolina and R Zaynetdinov.....34

[The reduction the load on the MSW landfill by optimizing the waste management system of residential territories](#)

K V Afonin, T S Zhilina and A A Zagorskaya.....43

[Structural Design Development of a Float Type Wave Micro Power Plant](#)

I Hossain, V I Velkin, S E Shcheklein and A V Eliseev.....49

[Analysis of Interdependence of Arctic Critical Infrastructures as Transportation Networks](#)

S A Timashev and A V Bushinskaya.....55

[Cyber Reliability, Resilience, and Safety of Physical Infrastructures](#)

S A Timashev.....66

[Assessing risk and resilience of critical infrastructures in the fuel and energy economy involving failure cascading effects](#)

LV Poluyan.....81

[Influence of oil spills on tundra degradation](#)

S I Chelombitko.....90

[Statistical modelling of impacts on a pile-raft foundation](#)

V O Efimov, A I Osokin, L N Kondrat'eva and N R Stepanova.....96

[Structural safety of buildings in excess values of differential settlements](#)

Y A Pronozin, L R Epifantseva and M D Kajgorodov.....102

[Constitutive relations for isotropic materials allowing quasi-linear approximation of the deformation law](#)

A A Treschev, A A Bobrishev and L N Shafigullin.....109

[An indirect method for determining the dynamic properties of soils at modeling the vibrating effects of technological equipment on the building structures](#)

I Sh Alirzaev, A Sh Rakhimov and N S Sova.....116

[Mathematical modeling technology of a foundation slab concreting on a frozen base](#)

V V Molodin, M S Gorlatov and S M Zaika.....123

[Geotechnical monitoring of a residential building being erected on strip-shell foundations in "Aquarel" housing complex in Tyumen](#)

Y A Pronozin, L R Epifantseva and M A Stepanov.....131

[Empirical Period-Height Relationship for reinforced Concrete Moment Resisting Buildings in India](#)

S P Kewate and M M Murudi.....142

[Natural frequencies of a vertical pipeline element](#)

A A Sekacheva, L G Pastukhova, V N Alekhin and A S Noskov.....152

[Concept of Organic Architecture in the Second Half of the XXth Century in the Context of Sustainable Development](#)

T Y Bystrova.....162

[Efficiency of Installation of Acoustic Structures in Urban Environment](#)

A V Kolmakov and V O Ignatyeva.....169

[Dependency of noise level indicators on the heating power of rooftop boiler room](#)

A Plotnikov and T Zhilina.....175

[Infranetics: The New MAICS-convergent Technology Science](#)

S A Timashev.....180

[Principles of Renovation the Territory of Residential Buildings Dating from 1960s to 1970s: Coping with Modern Housing Crisis](#)

O Ryzhova and A Khrichenkov.....192

[Reindustrialization, International Practices, and the Opportunities of Ekaterinburg \(the case of the Uralmash district\)](#)

A V Alekseeva, S V Pridvizhkin and V G Veniaminov.....200

[Big data in urban planning and territory management](#)

E A Pentsev and O A Makarova.....205

[Modern Models of Public-Communication spaces of General Education Establishments within the Process of Social Adaptation of Students](#)

I N Maltceva, N N Kaganovich, A I Redinkina and K A Tkachuk.....214

[Urban Planning Principals of Sustainable Neo-Industrial Territory Development](#)

M V Pastukhova and L G Pastukhova.....222

[Improvement the scheduling based on the reducing of the dimensionality of the system](#)

M G Dobrosotskikh, V Ya Mishchenko and M A Preobrazhenskii.....232

[Numerical simulation of thermal bridges in enclosure structures as an express-method for the expert assessment of thermal comfort in domestic premises](#)

N D Korsun, D A Prostackishina and A S Novikova.....241

[Increase of energy efficiency during overhaul of housing stock in Russian Federation](#)

V Ya Mishchenko, S G Sheina and E P Gorbaneva.....247

[Technical indexes - building energy in tropical climate](#)

Tran Ngoc Chan and Bui Quang Trung.....253

[Investigation of heat transfer coefficient of spherical element using infrared thermography \(IR\) and gas - water droplets \(mist\) as working medium](#)

A H Abed, S E Shcheklein and V M Pakhaluev.....258

[The analysis of the possibility of use of nanofluid as the heat carrier for increase in efficiency of heat supply systems](#)

V V Girfanova, A G Gevorgyan and V I Velkin.....265

[Optimization of Work of Ventilation System in the Building with "Warm Attic"](#)

A D Sukhov and M G Ushakov.....269

[Resource-saving in the operation of a building with a correctly executed waterproofing](#)

A V Vasilev and V I Yamov.....273

[Review of effective tools for monitoring the performance of membrane bioreactors](#)

A S Ilinykh, V A Ilinykh and E V Migalatiy.....278

[Climatized module as the basic unit of high-tech medicine. Problems of development and application](#)

V A Tomilin, M Yu Ananin and N D Perfilieva.....283
