Table of contents

Volume 539

International Conference on Design, Energy, Materials and Manufacture

24–25 October 2018, Bali, Indonesia

Accepted papers received: 18 April 2019

Preface

[International Conference on Design, Energy, Materials and Manufacture](#)

[Peer review statement](#)

Papers

[Weighbridge vibration analysis using 3 accelerometer sensors and single excitation](#)

Syafri and Darman.....1

[Wing design of uav serindit v-1](#)

K Anuar, M Akbar and Herisiswanto.....9

[Multi-step ahead prediction of vapor compression air conditioning system behaviour using neural networks](#)

S Sholahudin, K Ohno, S Yamaguchi and K Saito.....21

[Hardness improvement of aluminum alloy 2024 t3 after artificial aging treatment](#)

I M Astika.....29

[Assessment of thermal and transport properties of ionic liquids as suitable absorbent for absorption cooling applications](#)

H M Ariyadi, S Yamaguchi and K Saito.....34

[Study of stinging nettle fibers as a reinforcing of composite materials based on its growing region](#)

I G P A Suryawan, N P G Suardana, I N S Winaya, I W B Suyasa and I P Lokantara.....42

[Investigation and analysis on the performance of hydraulic ram pump at various design its snifter valve](#)

M Sucipta and M Suarda.....49

[Investigation on flow pattern in a hydraulic ram pump at various design and setting of its waste valve](#)

M Suarda, M Sucipta and I G K Dwijana.....57

[The effect of using poly \(methyl methacrylate\) \(pmma\) in the preparation of free standing 3d graphene](#)

P Pransisco.....67

[Proximate and morphology properties of swat bamboo activated carbon carburized under different carbonization temperature](#)

I M Astika, D N K P Negara, C I P K Kencanawati, T G T Nindhia and F Hidajat.....73

[Activated carbon characteristics of tabah bamboo that physically activated under different activation time](#)

D N K P Negara, T G T Nindhia, I W Surata, M Sucipta and F Hidajat.....79

[Hardness and wear rate of basalt/alumina/shellfish powder reinforced phenolic resin matrix hybrid composite brake lining pads](#)

I K A Atmika, I D G A Subagia, I W Surata and I N Sutantra.....85

[Experimental study on combustion characteristics of an indirect injection diesel engine fuelled by biodiesel blends](#)

A Ghurri and S K Keun.....91

[Wear of nickel-tungsten layer on carbon steel with varying contact surface temperature](#)

I M Widiyarta, I M Parwata and I P Lokantara.....100

[Impact Strength and fluid absorption at the brake lining of hybrid composite](#)

I G A K Suriadi and I K A Atmika.....106

[Properties of thermal conductivity, density and hardness of aluminium matrices with reinforcement of sicw / \$al_2o_3\$ hybrid after sintering process](#)

K Suarsana, I M Astika and P W Sunu.....111

[Pyrolysis study of coconut leaf's biomass using thermogravimetric analysis](#)

I M Rajendra, I N S Winaya, A Ghurri and I K G Wirawan.....121

[The metal gasket sealing performance of bolted flanged with fem analysis](#)

I M G Karohika and I N G Antara.....129

[Influence of dies type for gasket forming shape](#)

I M G Karohika, I N G Antara and I M D Budiana.....137

[Sea water absorption on corrosion and hardness properties of lining brake with hybrid particulates composites](#)

I D G A Subagia and N P G Suardana.....144

[Utilization plastic waste using pyrolysis fixed bed](#)

I B A Swamardika, I N S Winaya and R S Hartati.....152

[Observations of mechanical and manual forging on bronze as a gamelan material](#)

I G N Priambadi and I K G Sugita.....160

[Energy analysis of solar farm planning in weh island, aceh, indonesia](#)

S Rahmawati, M Iqbal and I D Sara.....167

[The effect of diameter downcomer in air entrainment process from vertical plunging water jet with downcomer](#)

Warjito, Budiarmo and R L Jaya.....178

[Two water wheels performance in series for empowerment of irrigation](#)

Asral, F Huda and M Akbar.....185

[Experimental study of an organic rankine cycle system using r134a as working fluid with helical evaporator and condenser](#)

A Martin, Romy, D Agustina and A M Ibra.....194

[Design and manufacturing of organic rankine cycle \(orc\) system using working fluid r-134a with helical evaporator and condenser](#)

A Martin, Romy, D Agustina and A M Ibra.....201

[The effect of fiber volume fraction on tensile and impact properties of *eleusine indica* grass reinforced polypropylene bio composite](#)

I P Lokantara, N P G Suardana, I W Surata and I N S Winaya.....210

[Smoldering combustion propagation of subtropic peat; case study on pelalawan peat](#)

A Martin, H Orion, A Sandhyavitri, P Palamba and Y S Nugroho.....215

[Analysis of transient elastohydrodynamic lubrication of point contact subjected to sinusoidal dynamic loads](#)

D R P Cupu, A Stratmann and G Jacobs.....223

[The characterization tensile and thermal properties of hibiscus tiliaceus cellulose fibers](#)

N H Sari and Y A Padang.....229

[Performance of vertical axis Savonius wind turbines related to the fin number on the blade](#)

Ridwan, I Setyawan and Setiyono.....235

[Application of stiffened plate technique to reduce crack propagation in spring plate of girth gear connector in rotary cement kiln](#)

H Dahlan, M Rusli and R Muchtar.....242

[The using of sound signal and simple microphone to detect damages in induction motor](#)

F Huda, A Anggriawan and M Rusli.....252

[Remaining strength assessment of dented pipe based on depth and strain based criteria](#)

M Akbar, F Huda and D K Dewi.....260

[Thermal resistance analysis of central processing unit cooling system based on cascade straight heat pipe](#)

W N Septiadi, W A W Ula, I G A A D Wulandari, I A Tnunay and M R Murti.....274

[Experimental study of thermoacoustic cooling with parallel-plate stack in different distances](#)

Amirin, Triyono and M Yulianto.....281

Central processing unit based on cascade straight heat pipe

W N Septiadi, I G A A D Wulandari, W A W Ula, I A Tnunay, I K G Wirawan, M R Murti and N Putra.....301

Combustion characteristics of gas fuel from basic materials *arak bali*

I G K Sukadana and I K G Wirawan.....309

Solidification characteristic of cu-20%sn bronze alloys casting process by using sand and metal molds

I K G Sugita, I G N Priambadi, C I P K Kencanawati and K Astawa.....315

Experimental investigation on the effect of resonator shapes on the temperature characteristic of thermoacoustic cooling device

D Agustina, Sabri and S Purnama.....322

Optimization on strength spot welding joint trough finite element modelling indentation approach

I N Budiarsa, I M Astika, I N G Antara and I M G Karohika.....328

THE EFFECT OF COMPOSITION OF PLASTIC WASTE LOW DENSITY POLYETHYLENE (LDPE) WITH SAND TO PRESSURE STRENGTH AND DENSITY OF SAND/LDPE COMPOSITES

I M Susila, N P G Suardana, C I P K Kencanawati, I N A Thanaya and I W B Adnyana.....334
