XXV International Conference and Meeting of Departments, CONSTRUMAT 2019

29–31 May 2019, Zuberec, Slovakia

Accepted papers received: 13 May 2019

Preface

[XXV International Conference and Meeting of Departments, CONSTRUMAT 2019](#)

[Organising Committee](#)

[Scientific Committee](#)

[Peer review statement](#)

Papers

[Quality control of the concrete and corrosion damage of cables of prestressing reinforcement of KA beams, bridge in Chomutov](#)

S Rehacek, D Citek, M Krystov and J Kolisko.....1

[The impact of aggregates from recycling, discharge time and mixing technique on the consistency of concrete](#)

A Sicakova and K Urban.....8

[Moisture and its condensation in external construction of wooden house](#)

D Bladová, A Struhárová and M Kostecká.....16

[Wood pulp as a potential raw material source for manufacturing bio-based building materials](#)

N Stevulova, V Hospodarova, V Vaclavik and T Dvorsky.....22

[Influence of thermal insulation from PUR foam to improve thermo-technical parameters of building envelope for broiler housing](#)

T Szabóová and M Balková.....30

[Possibilities of use of glass recycle from photovoltaic panels for concrete masonry units](#)

M Stehlík, J Knapová and V Kostka.....38

[Construction-technical inspection of cemetery church of St. Peter and Paul in Želiv](#)

J Daňková, P Mec, T Majstříková and M Škopcová.....46

[Effect of industrial by-products incorporated in composites on strength and leaching parameters due to microbiologically induced corrosion](#)

M Smolakova, A Estokova, A Luptakova and J Junak.....52

[Experimental determination of the influence of additives on shrinkage in self-compacting concrete](#)

M Alexa, B Kucharczyková, D Kocáb and P Daněk.....60

[Non-destructive diagnostics of steel-reinforced concrete structures: detecting and locating reinforcement](#)

P Cikrle, S Hübllová, D Kocáb and O Karel.....66

[Experimental measurement of the diameter and cover depth of steel reinforcement using an electromagnetic concrete cover meter](#)

S Hübllová, P Cikrle, O Karel and D Kocáb.....71

[Testing and mechanical properties of high strength concrete](#)

O Sucharda, V Bilek and P Mateckova.....78

[Measurement of acoustic emission at fibre reinforcement concrete slab with subsoil](#)

O Sucharda, L Pazdera, Z Marcalikova, L Topolar, M Kozielova and V Bilek.....85

[Effect of aggregate gradation on lime mortars rheology](#)

M Vyšvařil and R Vozák.....93

[An optimal method of determining the position of bends on shear reinforcement as part of the diagnosis of reinforced concrete beam structures](#)

O Anton, T Komárková and V Heřmánková.....101

[Current possibilities of the diagnosis of prestressing steel in structures](#)

O Anton, P Cikrle and V Heřmánková.....109

[Experimental investigation of the influence of the plasticizing agent on the properties of cement mortars](#)

V Gregorová, Z Štefunková and M Ledererová.....117

[An experimental preparation of fibre concrete to software's detection of fibres](#)

V Gregorová, M Ďubek, S Ďubek and Z Štefunková.....124

[Experimental determination of freeze-thaw resistance in self-compacting concretes](#)

D Kocáb, M Lišovský and P Žitt.....131

[Acid attack on hardened cement paste by acids forming low soluble calcium salts](#)

V Pavlík.....138

[Practical applications of electroosmotic system using electrodes with conductive plastics and advanced osmotic pulse system](#)

G Pavlendová, P Šín and J Šujanová.....146

[Influence of glass and polymer fibres on physical and mechanical properties of cement composites](#)

Z Štefunková, M Ledererová, S Cápavová and V Gregorová.....154

[Threshold of the chloride to hydroxide ions ratio in relation to steel reinforcement corrosion](#)

P Rovnaníková and D Vořechovská.....161

[Innovation of University education by using available online LCA methods and their role in construction sector](#)

M Ondova, A Estokova and M Wolfova.....167

[Presence of magnesium-alumina spinel in forsterite ceramics and its influence during sintering and on resulting properties of fired body](#)

M Nguyen and R Sokolář.....172

[Crystallization process in the preparation of the tetracalcium ferroaluminate](#)

S Ravaszová and K Dvořák.....180

[Usability of waste perlite in the technology of production of autoclaved aerated concrete](#)

J Hustavova, P Sebestova, L Meszarosova, V Cerny and R Drochytka.....186

[Bulk density decreasing of lightweight silicate based composite](#)

L Meszarosova and R Drochytka.....194

[Temperature and chemical resistance of repair composite and microstructure monitoring depending on different type of binder and filler](#)

J Hodul, L Mészárosová, T Žlebek and R Drochytka.....201

[Polymer based grout with specially treated hazardous waste](#)

T Žlebek, J Hodul and R Drochytka.....209

[Study of temperature influence of cement and water on the fresh cement paste consistency](#)

R Figmig and A Estokova.....217

[The issue of plastic waste in the environment and its possible uses as a substitute for filler in lightweight concrete](#)

M Ledererová, Z Štefunková, V Gregorová and D. Urbán.....222

[Metakaolin/carbon black geopolymer with enhanced electrical properties](#)

C Mizerová, I Kusák, P Rovnaník and P Bayer.....229

[Assessment of the resistance of ventilated facade system by vacuum testing](#)

P Schmid, P Daněk, I Rozsypalová, P Holomek and P Juránek.....236

[Test of the tensile load capacity of a timber structure joint with an inserted nail plate](#)

P Schmid, P Daněk, I Rozsypalová and V Plaček.....242

[Influence of biopolymeric water-retaining admixtures on hydration of Portland cement studied using isothermal calorimetry](#)

T Žižlavský, M Vyšvařil and P Rovnaníková.....248

[Electronic waste as a filler in concrete](#)

J Junak, N Junakova and V Csiszar.....255

[Alternative reuse of bottom sediments in construction materials: overview](#)

N Junakova and J Junak.....260

[Comparison of material properties of steel fiber reinforced concrete with two types of steel fiber](#)

Z Marcalíková, L Procházka, M Pešata, J Boháčová and R Čajka.....266

[Possibilities of evaluation of the masonry wall affected by the explosion](#)

P Schmid, J Láník, P Žítt, L Halašta, P Čalkovský and M Bartošková.....274

[Biodegradation and its impact on durability of building construction](#)

E Terpakova and A Estokova.....280

[Moisture sorption and thickness swelling of wood-based materials intended for structural use in humid conditions and bonded with melamine resin](#)

M Böhm, K Kobetičová, J Procházka and R Černý.....286

[Influence of concentration change of calcium ions over time on their diffusion through sandstone](#)

K Kobetičová, I Medved', M Keppert and R Černý.....294

[AC electrical properties of geopolymers with carbon black admixture](#)

M Petříková and L Fiala.....299

[Utilization of hydrophilic cellulose fibers for preparation of plaster with enhanced moisture control capability](#)

J Fort, J Kocí, E Vejmelkova, M Dolozelova and R Cerny.....305

[Enhancement of sorption capacity to Sr and Cs of a cement composite by addition of brick powder](#)

E Vejmelkova, V Pommer, K Kobeticova, D Konakova, L Scheinherrova, P Konvalinka, M Keppert, I. Medved and R Cerny.....312

[The ageing effect of raw materials on the final properties of high alumina refractory grog](#)

D Zemánek and L Nevřivová.....319

[Influence of type and composition of aggregate on mechanical parameters of concrete](#)

M Tazky, L Osuska and L Bodnarova.....326

[Experimental study of the modulus of elasticity of concrete at different ambient temperature](#)

P Bujnakova, J Jost, M Farbak and P Kotes.....332
