

First International Conference on Construction, Infrastructure, and Materials (ICCIM 2019)

IOP Conference Series: Materials Science and Engineering
Volume 650

Jakarta, Indonesia
16 - 17 July 2019

Editors:

**Joewono Prasetijo
Han Ay Lie**

**Tavio
Stefanus Adi Kristiawan**

ISBN: 978-1-5108-9847-9
ISSN: 1757-8981

Table of contents

Volume 650

First International Conference of Construction, Infrastructure, and Materials

16–17 July 2019, Jakarta, Indonesia

Accepted papers received: 16 September 2019

Published online: 29 October 2019

Preface

[Preface](#)

[Peer review statement](#)

Papers

Construction Management & Infrastructure Development

[Indonesian contractor technological learning mechanism and its considerations](#)

B Kusuma, B W. Soemardi, K S Pribadi and S Yuliar.....1

[Strategic factor analysis of innovation adoption in Thai architects: A case study of Building Information Modeling](#)

Grit Ngowtanasuwan.....11

[A conceptual framework of cost of safety model in infrastructure project based on work breakdown structure \(wbs\) to improve safety policy in indonesia](#)

R Fitriani and Y Latief.....19

[Purchasing Strategy of Small-sized Contractors for Building Projects in The Greater Bandung Areas](#)

R Irfanto, F S C S Maisarah and M Abduh.....27

[Financial and institutional scheme of aerotropolis conceptual design](#)

M A Berawi, Z N Affiandi, P Miraj and Gunawan.....35

[Top Ten Similarity Ranking for Project Delay Factors in Construction Industry](#)

Ade Asmi, Aurino Djamaris and Mohammad Ihsan.....44

[Proposed SDI equations to improve the effectiveness in evaluating crack damage on the road pavement](#)

B H Setiadji.....51

[Benefits and implications of the different types of quality management in the Malaysian construction industry](#)

Mazlina Zaira Mohammad, Marina Viana and Ahmed Talal Raghieb.....59

[Developers' perception of cost drivers influencing project cost performance on Surabaya high-rise residential, Indonesia](#)

D Chicoca and C Utomo.....67

[Implementing Three-Variance Approach for Project Time and Cost Control in a Building Construction Project \(Case Study: A Project in West Java\)](#)

L Friescilia and O Gondokusumo.....76

[Risk analysis of traffic congestion due to problem in heavy vehicles: a concept](#)

P A Kesuma, M A Rohman and C A Prastyanto.....86

[Proposed maintenance system of Gelora Sriwijaya Jakabaring Stadium \(case study: lighting utilities\)](#)

Muhammad Syazari Yazuar, Senot Sangadji and Stefanus Adi Kristiawan.....95

[Developing affordable housing for low-income households in developing countries using participative payment](#)

M A Berawi, R Aulidtyo, P Miraj and Gunawan.....105

[Finance-based scheduling using integer programming method for building construction project in Jakarta](#)

Ervina and O Gondokusumo.....111

[Developing port-city conceptual design to improve regional industry competitiveness](#)

M A Berawi, T E Muljono, P Miraj and Gunawan.....120

[Near zero energy house design parameter implementation in cluster housing – a case study](#)

Y Latief, M A Berawi, L S R Supriadi, A B Koesalamwardi and A Herzanita.....129

[Lean and sustainable construction: link between the sustainability report disclosure and the impact on profitable opportunities for investors](#)

N C Kresnanto and W H Putri.....137

[Factors Affecting Design and Management of Residential Community for Enhancing Well-being of Thai Early Stage Elderly](#)

P Ruengtam.....144

[The effect of heavy equipment management on the performance of the construction project and the construction company](#)

A S Nugraha and L S Putranto.....154

[Improving measureable external factors influence on construction project duration estimation](#)

B Anondho, Y Latief and K Mochtar.....161

[Progressive Infrastructure Projects in Indonesia: Views on Potential Growing Geoforensic and Dispute Cases](#)

Chaidir Anwar Makarim.....167

Geotechnical Engineering

[Correlation of geological conditions and levels of damage in Palu earthquake](#)

R Hidayat.....176

[Evaluation of Ground Anchor Design on Man-made Cut Slope of Cemented Sand: A Case Study](#)

E Bahsan, B S Sopandji and F H Sagitaningrum.....185

[Analysis of The Stability of Dam Building After Counterweight Additions \(A Case Study: Gonggang Dam, Magetan Regency\)](#)

P Kuntoro, N Surjandari and R Hadiani.....194

[Soft Soil Stabilization With Rice Husk Ash and Glass Powder Based on Physical Characteristics](#)

D P Kusumastuti and I Sepriyanna.....202

[Effect of Compaction to Increase the Critical Height of a Slope without any Support](#)

A.J Susilo, I Sumarli, G.S. Sentosa, A Prihatiningasih and E Wongkar.....208

[The Permeability of Portland Cement-Stabilized Clay Shale](#)

W Diana, E Hartono and A S Muntohar.....217

Structural Engineering & Construction Material

[Durability of Reactive Powder Concrete](#)

Widodo Kushartomo and Octavivia.....225

[Numerical study of two low rise eccentrically braced steel frames under Indonesia seismic load using ELM and DAM](#)

H Purnomo, M Orientilize, S A Rahim and A Y Priyadi.....232

[Infiltration of chloride ion in the self compacting concrete with calcium stearate](#)

Agus Maryoto, Buntara Sthenly Gan, Nor Intang Setyo Hermanto and Rachmad Setijadi.....240

[Road construction project waste material recommendations](#)

Mega Waty and Hendrik Sulistio.....247

[Comparison of the RSNI 1726:2018 and the SNI 1726:2012 design response spectra of 17 major cities in Indonesia](#)

Suradjin Sutjipto and Indrawati Sumeru.....254

[Multi-storey Modular Cold-Formed Steel Building in Hong Kong: Challenges & Opportunities](#)

Pho Andy Prabowo.....263

[Development Precast and Prestressed Concrete Rigid Pavement System in Indonesia](#)

Hari Nugraha Nurjaman, Lutfi Faizal, Nyoman Suaryana, Yudhi Dharmawan, Agus Wantoro, Purnomo and Suwito.....272

[Loading Test and Temperature Effect on Steel Arch Bridge](#)

Sumargo and Ahmad H S Harahap.....282

[Shear capacity of fiber-reinforced concrete beams without transverse reinforcement](#)

Wong Widjaja, Daniel Christianto, Dennis Kurniadi, Lucyana Monica, Yuliana and Michelle.....292

[Experimental Study of Mortar Compressive Strength with Anadara Granosa Powder as a Substitute for Partial Use of Cement](#)

A Sandjaya, Tavio and D Christianto.....304

[Rapid Visual Screening \(RVS\) for School Buildings after Earthquake in Lombok, West Nusa Tenggara, Indonesia](#)

A Pujiyanto, H Prayuda, S A P Rosyidi, F Monika and R Faizah.....310

[Characteristics Comparison on Mechanical Properties of Mortars using Agriculture Waste as a Cement Replacement Materials](#)

F Saleh, H Prayuda, F Monika and M M A Pratama.....320

[Vulnerability Assessment on Non-Engineered Building in Earthquake Prone Area. Case Study: Klaten District, Central Java, Indonesia](#)

M H Zufiar, H Prayuda and F Monika.....329

[The Properties of Waste Rubber Tires in Increasing the Damping of Masonry Wall Structure](#)

R Faizah, H Priyosulistyo and A Aminullah.....336

Transportation System and Engineering

[A joint choice decision model of intra-household interaction-based motorcycle mode and departure time in Yogyakarta, Indonesia](#)

Muhammad Zudhy Irawan.....346

[A distribution strategy using a two-step optimization to maximize blood services considering stochastic travel times](#)

Filscha Nurprihatin, Refael Elnathan, Ruth Elisa Rumawan and Tasya Regina.....356

[Comparative study of asphalt concrete characteristic between ideal gradation and laboratory tested gradation with crumb rubber](#)

Asep Sundara, Risna Rismiana Sari and Tanya Audia Balqis.....364

[Temperature sensitivity effect in asphalt modification with natural rubber sir20](#)

R Utami and Suherman.....372

[Review study of irregularity track monitoring based on inertial measure unit and power spectral density analysis](#)

Istiar and H Widyastuti.....378

[Model of relationship between car ownership growth and economic growth in Java](#)

N C Kresnanto.....388

[Study of willingness to pay the Jakarta-Bandung highspeed train: a case study of Argo Parahyangan train passangers](#)

A L Putri and H Widyastuti.....396

[Estimation of Vehicle Stops Based on Modified Canadian Capacity Guide Formula Under Non-Lane Based Road Traffic Condition](#)

A A Farabi.....406

[Road Planning for Improvement of reinforced concrete at PT. Krakatau Bandar Samudra Cilegon-Banten Province](#)

T Rosdiyani, Gunawan Noor and dan Dindin.....415

[The Overloading Effect on the Design Life of Road and Thickness of Pavement Layer](#)

A Rahmawati, E Adly, I Lutfiyanto and M A Syifa.....424

[The role of scrap rubber size against the characteristics of ballast layer](#)

S A P Rosyidi, D M Setiawan, C Budiyanoro and L N Bintari.....434

[Model of queuing in the railway level crossing \(case study: Imam Bonjol railway level crossing in Blitar\)](#)

H Widyastuti, A Utami and Z M Dzulfiqar.....444

[Evaluation of Technical Specifications of Gradation Course Base Subdrain Layer Structure on Road](#)

E O Hutasoit, C A Prastyanto and U Lasminto.....453

[Evaluation of Side Friction In IHCM For Highway 6 Lanes 2 Ways Divided](#)

Najid and Fara Yuniarti.....463

Water Resources Engineering

[Integrated multimodal disaster mitigation management for urban areas: a preliminary study for 2-d flood modeling](#)

R M S Prastica and D Wicaksono.....470

[Assessment of the quality of well water in the spatial terraces of river code in Yogyakarta Indonesia](#)

E Sriyono, Sardi and N C Kresnanto.....479

[Study of suspended sediment transport discharge of Serayu River, Central Java, Indonesia in laboratory](#)

W A Pranoto, J Johan and Reynaldo.....488

[Study of Sediment Transport Discharges of Citarum River, West Java In Laboratory](#)

Wati A. Pranoto and dan Marvin Subari.....495

[Distribution fitting on rainfall data in Jakarta](#)

V Kurniawan.....501

[Identification of flood risk zones in the region of Yogyakarta](#)

Nursetiawan and R Faizah.....509

[Sediment Characteristics of Bed Load Transport in Downstream of Progo River, Indonesia](#)

J Ikhsan, C Wardhana and D K Widiyanto.....521
