Volume 11480

Proceedings of SPIE 0277-786X, V. 11480

SPIE is an international society advancing an interdisciplinary approach to the science and application of light.

The papers in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. Additional papers and presentation recordings may be available online in the SPIE Digital Library at SPIDigitalLibrary.org.

The papers reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from these proceedings:

Author(s), "Title of Paper," in *Optics Education and Outreach VI*, edited by G. Groot Gregory, Anne-Sophie Poulin-Girard, Proceedings of SPIE Vol. 11480 (SPIE, Bellingham, WA, 2020) Seven-digit Article CID Number.

Paper Numbering: *Proceedings of SPIE* follow an e-First publication model. A unique citation identifier (CID) number is assigned to each article at the time of publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online and print versions of the publication. SPIE uses a seven-digit CID article numbering system structured as follows:

- The first five digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B ... 0Z, followed by 10-1Z, 20-2Z, etc. The CID Number appears on each page of the manuscript.

Contents

INDUSTRY

- 11480 04 **Creation of a technician education program in laser and precision optical technology at Pasadena City College (Invited Paper) [11480-1]**
- 11480 05 **New photonics education and training program to fulfill the industrial needs in the greater Seattle area [11480-2]**
- 11480 06 **Bringing together graduate students and companies to solve industry-related problems in optics and photonics [11480-3]**
- 11480 07 **Improving the STEM PhD's transition into a private sector career [11480-4]**
- 11480 08 **An introductory course on automotive lighting [11480-5]**
- 11480 09 **Review of the initiatives in education and training tailored to industry needs over ten years of the SPIE Optics Education and Outreach Conference [11480-6]**

PUBLIC OUTREACH: PROGRAMS AND INITIATIVES

- 11480 0A **Development of a company-sponsored optics educational outreach program (Invited Paper) [11480-7]**
- 11480 0C **Reaching audiences big and small: holistic approach to optics outreach at the Wyant College of Optical Sciences [11480-9]**
- 11480 0D **Proposed Scouts BSA (formerly Boy Scouts) optics/photonics merit badge [11480-10]**

PUBLIC OUTREACH: ART AND SCIENCE

- 11480 0E **Anaglyphs and stereoscopic vision in interdisciplinary education and outreach: the historical-artistic heritage of two Spanish cities seen through stereophotographs (Invited Paper) [11480-11]**
- 11480 0F **The Optical Terrace: an example of multidisciplinary in student-led initiatives [11480-12]**
- 11480 0H **The International Day of Light in Spain: a three years perspective [11480-14]**

FORMAL EDUCATION

- 11480 OJ **Realization of a concept for research-oriented photonics education [11480-16]**
- 11480 OL **Live streaming of events over an IP network as a catalyst in media technology education and training [11480-18]**
- 11480 OM **Strategy of teaching students the design of optical systems in the interests of the optical industry [11480-19]**

POSTER SESSION

- 11480 OP **DRS Daylight Solutions' STEM Outreach Committee [11480-22]**
- 11480 OQ **A free-space to fiber coupling lab as part of an optics and fiber kit being developed for undergraduate curricula and outreach [11480-23]**
- 11480 OR **Some fun pedagogical techniques to teach optics to students of all ages [11480-24]**
