Committee Members xxv
Reviewers xxvi

Internet Online Education and E-Learning Research

Study on the Penetration Path of "Internet" National Culture in Art Education in Colleges and Universities 1
Wenjun Zhu (Jiangxi Teachers College, China)

Research on Teaching Skills Training of Normal Students Based on SPOC in the Background of Internet Plus Education 5
Haiyan Guo (Guangzhou International Economics College, China), Xiaoxu Xiao (Guangzhou International Economics College, China), and Weimin Deng (Guangzhou International Economics College, China)

Research on English Assisted Teaching System of Educational Robot 9
Yutong Yang (Dalian Neusoft University of Information, China)

The Design of English Problem Solution Based on TPACK 13
Yutong Yang (Dalian Neusoft University of Information, China)

A Corpus-Based Study of English Writing Orientation 17
Yutong Yang (Dalian Neusoft University of Information, China)

Research of Cultural Environment of Ideological and Political Education in Colleges Based on New Media 21
Rui Lv (Wuhan University of Technology, China) and Yue Ping (ZhiXing College of HuBei University, China)

Coherence and Cohesion for the Assessment of Text Readability by Coh-Metrix 25
Mei Liu (Dalian Neusoft University of Information, China)

Research on the Teaching Mode of Educational Psychology in Universities Based on the Internet 29
Rongfeng Huang (Baise University, China) and Chaomin Gao (Baise University, China)

Research on the Path of 'Internet+' to Promote the Construction of Preschool Education Informatization .35
Dongen Zhou (Dalian Vocational and Technical College, China)

Research on the Training Mode of Innovation and Practice Ability of Students Majoring in Mechanical Design, Manufacturing and Automation .39
Yaxin Zhang (University of Chifeng, China) and Lihua Gong (University of Chifeng, China)

Exploration and Application of Closed Loop Online Teaching Mode .43
Jiange Zhang (PLA Strategic Support Force Information Engineering University, China), Xuemei Hou (PLA Strategic Support Force Information Engineering University, China), and Hongbo Liu (PLA Strategic Support Force Information Engineering University, China)

Research on the Study Satisfaction of Private College Students in the New Educational Reform of China Based on SPSS 22.0 Statistical Software .47
Yanping Xu (South China Business College Guangdong University of Foreign Studies, China), Xiujun Wang (South China Business College Guangdong University of Foreign Studies, China), Shaogang Yang (Guangdong University of Foreign Studies, China), and Jiao Zeng (Macau University of Science and Technology, China)

Research into the Online and Offline Hybrid Teaching Mode in Colleges under the Era of "Internet +" .55
Jie Zhou (Lijiang College, Guangxi Normal University)

The Application of Virtual Reality Technology in the Teaching of Ideological and Political Practice .59
Weiye Liang (Chongqing College of Architecture and Technology, China)

Research of the Pragmatic Functions of Lexical Chunks as Metadiscourse in Polylogues under Computational Linguistics .63
Yan Cui (Dalian Neusoft University of Information)

Achievement Oriented Reform and Exploration of Computer Teaching in Liberal Arts .67
Liming Zhang (Jilin International Studies University, China)

Application Research of Network Computer in English Teaching of Military Academy .71
Meng Li (National University of Defense Technology, China), Na Zhang (National University of Defense Technology, China), and Kan Li (National University of Defense Technology, China)

Scientific Study on the Learning Motivation of Higher Vocational Students in Shanghai Based on SPSS 11.5 .75
Na Li (Shanghai Xingjian College, China) and Chenhua Gu (Shanghai Xingjian College, China)

Deep Learning and Integrated Learning for Predicting Student's Withdrawal Behavior in MOOC .81
Yingjie Ren (Guilin University of Electronic Technology, China), Sirui Huang (University College London), and Ya Zhou (Guilin University of Electronic Technology, China)

Innovation and Exploration of Practical Education Mode of New Engineering Subject Driven by BIM Technology .85
Zhangwang Gao (Tianjin University Renai College, China), Bei Wu (Tianjin University Renai College, China), Yansiyi Shi (Tianjin University Renai College, China), and Yarong He (Tianjin University Renai College, China)

Research on Online and Offline Learning Mode Based on Mobile Internet Environment .90
Qinghua Chen (Shandong Management University, China)

Construction of the Course System Based on Teacher Certification and Virtual Simulation Technology .94
Xiu-Min Shi (Tianjin University of Technology and Education, China), Qing-Mei Chen (Tianjin University of Technology and Education, China), Xiao-Guang Zhang (Tianjin University of Technology and Education, China), and Wang Yu (Tianjin University of Technology and Education, China)

Construction and Thinking of the "Course of Remote Sensing Principles and Applications" in Higher Vocational College .98
Jie Lv (Kunming University of Science and Technology, China)

Research on the Practice of Problem-Based Blended Learning in Teaching International Economics .102
Feng Gao (Shanghai Jian Qiao University, China) and Meixia Liu (Shanghai Jian Qiao University, China)

Research Hotspots and Trends of Online and Offline Hybrid Teaching in China: Bibliometric Analysis of Journal Literature Based on CNKI (2015-2020) .106
Zhifang Hu (Software Engineering Institute of Guangzhou, China) and Jingwen Song (Software Engineering Institute of Guangzhou, China)

Evaluation Research on Online and Offline Blended Teaching of Organic Chemistry Based on Logistic Model .112
Ali Tao (Anhui Xinhua University, China), Xuehua Feng (Anhui Xinhua University, China), Zurong Song (Anhui Xinhua University, China), Shengnan Li (Anhui Xinhua University, China), and Xiangdong Wu (Anhui Xinhua University, China)

Integrated Design and Exploration of Curriculum System of Engineering Technology Related Majors for Connection between Secondary and Higher Vocational Education .116
Tao Zhu (Xuzhou College of Industrial Technology, China), Zhi Ji (Xuzhou College of Industrial Technology, China), Kai Rui Cao (Xuzhou College of Industrial Technology, China), and Qi Dong Ling (Xuzhou College of Industrial Technology, China)

Research on the Effectiveness of Ideological and Political Education in Colleges and Universities Based on Mobile Internet .121
Yijun Zhang (BaoTou lron and Steel Vocational Technical College, China)

A Knowledge Map of Internet-Assisted Agricultural Products Research Based on CitespaceV Visual Analysis .126
Qingqing Bao (Sichuan Agricultural University Business School) and Jiaying Chen (Sichuan Agricultural University Business School)

Empirical Study on the Influence of New Media on Youth Growth from the Perspective of Educational Technology Innovation .130
Congkai Chen (Sichuan Agricultural University, China) and Sentao Wu (Sichuan Agricultural University, China)

Investigation on Virtual Simulation Experiment in Private Colleges .137
Weici Liu (Guangzhou College of Technology and Business, China), Yunting Wu (Guangzhou College of Technology and Business, China), Yangcai Fan (Guangzhou College of Technology and Business, China), and Ningxing Wang (Guangzhou College of Technology and Business, China)

Analysis of Autonomous Learning Ability of English Learners Based on Online Teaching Modes.141
Ying Zhu (Shandong Institute of Commerce and Technology, China)

Application of Teaching Innovation Based on Robotics Engineering .146
Na Liu (Beijing Institute of Technology, China), Yanling Cao (Beijing Institute of Technology, China), Huanqing Han (Beijing Institute of Technology, China), and Shaoyong Cao (Beijing Institute of Technology, China)

Online Teaching and Reform of the "Intelligent Furniture Design" Course during the COVID-19 Epidemic .150
Lin Shen (Central South University of Forestry and Technology), Jin Dong Yuan (Central South University of Forestry and Technology), Lan Xia (Central South University of Forestry and Technology), and Luyun Zhang (Central South University of Forestry and Technology)

Research of the Development of Distance Learning under the COVID-19 Circumstances Based on Video Conferencing Software and MOOCs .154
Yue Shi (Arizona State University, USA)

Research on the Relationship between Students' Final Grade and Online Learning Behavior in Blended Learning Model: Taking Business Ethics and CSR Course as an Example .159
Jingmin Wang (Shandong University of Finance and Economics, China), Yujie Che (Shandong University of Finance and Economics, China), and Dongxuan Li (Shandong University of Finance and Economics, China)

Research on the Influence of Student Role Stress on Learning Satisfaction in Blended Learning Based on SPSS21.0 and Amos24.0 .167
Guibin Yang (Harbin Engineering University, China) and Jinyang Li (Harbin Engineering University, China)

Research and Practice of VR Innovative Training Platform Based on College-Enterprise Cooperation .175
Yu Hui He (Changchun University of Architecture and Civil Engineering, China), Hai Ying Yang (Changchun University of Architecture and Civil Engineering, China), Bao Chang Liu (Changchun University of Architecture and Civil Engineering, China), and Xin Yu Zhao (Shenzhen Vanke Xiangying Management Service Co., Ltd., China)

A Study of Environmental Design Based on the Teaching System Featured by Industry-University-Research Integration .179
Jiye He (Guangdong University of Science and Technology; University of Perpetual Help System DALTA)

A Study on Online Game-Based Teaching Design .184
Yue Lei (Harbin Normal University, China)

Research on Formative Moral Education Evaluation Model of Online Learners Based on Data Driven .191
Yanli Ji (Beijing University of Posts and Telecommunications, China), Dayong Gao (University of Posts and Telecommunications, China), and Yong Liu (Beijing University of Posts and Telecommunications, China)

Research and Practice on the Evaluation Method of Objectives Achievement for "Mechanical Design" Course Based on Outcomes-Based Education 195
Ze Li (Xijing University, China), Lang Yao (Xijing University, China), and Yanzhong Zhang (Tongchuan Vocational and Technical College, China)

Discussion on the Teaching Reform of "Cross-Border E-Commerce" Based on CBE Teaching Mode 199
Ni Wang (Guangdong University of Science and Technology, China) and Ming Luo (Guangdong University of Science and Technology, China)

Research on the Influencing Factors of Self Efficacy of Rural Middle School Students Based on Online Learning 204
Lu Han (Wuhan University of Technology, China), Lixuan Li (Wuhan University of Technology, China), and Shuxin Yang (Wuhan University of Technology, China)

Research on Online Teaching of Zigbee Programming during the COVID-19 Pandemic 208
Zhihao Cao (Zaozhuang University, China) and Fanqing Meng (Zaozhuang University, China)

Exploration and Application of Task-Based "SPOC+ Flipped Classroom": With the Course Safety Design and Analysis as an Example 212
Li-Juan Kan (Air Force Engineering University, China), Ji-Hui Xu (Air Force Engineering University, China), and Jian-Guo Gao (Air Force Engineering University, China)

Research on Practice Teaching System for Network Engineering Major Evaluation 216
Wenyu Shi (Anhui Xinhua University, China) and Rui Zhang (Anhui Xinhua University, China)

Dilemmas of Online Lessons in the Background of the Internet Era and Optimization Method for Online Lessons in the Post-Pandemic Era 220
Kefan Hu (Wuhan University of Technology, China)

Research on the Internet Teaching Mode Based on the Mobile Terminals 224
Jiawei Yuan (Aurora College, China)

Design and Application of Blended Teaching Mode Based on Internet+ 228
Zhen Min Wang (Guizhou University of Finance and Economics) and Si Mo Sun (Guizhou University of Finance and Economics)

Research on the Development of Online Education in the Age of AI and 5G 233
Yingxiu Hong (Nanfang College of Sun Yat-Sen University, China), Jingxiang Yang (Nanfang College of Sun Yat-Sen University, China), Yu Chen (Nanfang College of Sun Yat-Sen University, China), and Huahua Dong (Zhongke Tianxiang (Hangzhou) Technology Co. LTD, China)

Smart Teaching Tools Aiding in the Reform and Practice of the Basic Experimental Courses of Electronic Technology in Higher Vocational Schools 238
Yuting Zhao (National University of Defense Technology, China), Yiyan Lei (National University of Defense Technology, China), Jian Pan (National University of Defense Technology, China), and Jing Zhao (National University of Defense Technology, China)

Implementation of the Online Teaching Platform Design Based on the Web 243
Jiawei Yuan (Aurora College, China)

The Impact of Massive Open Online Courses Globalization on the Educational Equity 248
Li Yao (Wuchang University of Technology, China)

Evaluation on the Application of Online Games in English Education ..252
Moli Shi (Shandong Institute of Commerce and Technology, China) and Faqiang Cui (Shandong Institute of Commerce and Technology, China)

A Fine-Grained Emotional Analysis of E-Commerce Product Review Data Based on Dictionaries ..257
Ying Sun (Nanjing University of Science & Technology, China) and Jianhua Dai (Nanjing University of Science & Technology, China)

Research on "Dual Ability" Innovative Talent Training Mode of BIM Assembly Design Competition and Graduation Project Integration ..263
Ying Wang (Anhui Xinhua University, China), Futing Pan (Anhui Xinhua University, China), Chunxiao Huang (Anhui Xinhua University, China), and Yuanchao Hu (Anhui Xinhua University, China)

Assistance of Online Travel Website OTA and 3D Earth Software in Course Teaching of Geography of Air Transportation ..267
Xinmeng Kang (Beijing City University, China) and Yajuan Guo (Beijing City University, China)

Research on Teaching Reform of "Motor and Drive"Based on Matlab Simulation ..272
Chengwei Zhang (Guizhou Minzu University, China), Yihua Liang (Guizhou Institute of Technology, China), Chao Liu (Guizhou Minzu University, China), and Shengyi Yang (Guizhou Minzu University, China)

A Study on Mandarin Tone Perception of Native Speakers of Anduo Based on E-Prime ..277
Hongjie Wang (Northwest Minzu University, China), Jing Zhang (Northwest Minzu University, China), and Yonghong Li (Northwest Minzu University, China)

Educational Functions of Network Media Technology in Major Emergencies: A Case Study at Glasgow College, UESTC, China ..281
Bingjie Xie (University of Electronic Science and Technology of China, China) and Haoxiang Luo (University of Electronic Science and Technology of China, China)

Research on the Entry Point of Curriculum Ideology and Politics in the Teaching of Computer Programming ..286
Hongmei Li (Anhui Xinhua University, China), Mengzi Zhang (Anhui Xinhua University, China), and Chunjie Li (Anhui Xinhua University, China)

Exploration and Practice of the Golden Course Construction of Principles of Chemical Engineering Based on "Online and Offline Learning" ..290
Hongbo Liu (Beijing Institute of Technology, China), Qingyun Li (Beijing Institute of Technology, China), Lin Peng (Beijing Institute of Technology, China), and Yufang Zhou (Beijing Institute of Technology, China)

Research on the Influencing Factors of International Education Service Trade Deficit Based on GMM ..294
Nisha Jia (Shanxi Normal University, China) and Haoran Xu (Shanxi Normal University, China)

Explore the Application of Traditional Chinese Modeling Concepts in the Digital Age——Thoughts on Teaching Reform of Formal Basic Courses ..297
Min Liu (Taizhou Institute of Sci. & Tech., NJUST., China)

The Feasibility and Implementation Strategy of Integrating Sustainable Development Concept into Innovation and Entrepreneurship Education 301
Meifeng Han (Dalian University of Science and Technology, China) and Lin Shi (Dalian University of Science and Technology, China)

Research on the Development of Pedagogy in Applied under the Background of Internet Education 305
Ting Zhang (Jiangxi University of Applied Science, China)

Big Data Knowledge Integration and Intelligent Algorithm Model Prediction

Measurement and Evaluation of Regional Differences in Educational Poverty Alleviation Performance in Western China——Based on Improved Entropy-Integrated Index Model 309
Yan Zhang (Yunnan Agricultural University, China), Lu Feng (Yunnan Agricultural University, China), Ting Tang (Yunnan Academy of Agricultural Sciences, China), and Xu Deng (Yunnan Agricultural University, China)

Investigation and Study on Learning Attitudes of College MOOC Learners Based on Big Data 313
Zhihui Mo (Guangxi Science & Technology Normal University)

Analysis of Price Volatility Characteristics of Major Meat Products in China Based on the Census-X12 Seasonal Adjustment Method and the HP Filter Method: Based on Livestock Data 2009-2020 318
Rui Chen (Yunnan Agricultural University, China), Wei Long (Yunnan Agricultural University, China), Jing Wang (Yunnan Agricultural University, China), and Ji Chen (Yunnan Agricultural University, China)

Motion Prediction for Autonomous Vehicles Using Resnet-Based Model 323
Zehao Yao (Hangzhou Normal University Qianjiang College, China), Ke Liu (The University of New South Wales, Australia), Liqian Wang (Chiang Mai University, Thailand), and Yuanqing Li (University of Bristol, England)

A Stacknet Based Model for Fraud Detection 328
Lijie Chen (China University of Geosciences, China), Qihan Guan (University of California, California), Ning Chen (Pace University, USA), and Yihang Zhou (Macau University of Science and Technology, China)

Research on Parenting Styles and Puppy Love Attitudes in Adolescents Based on SPSS20.0 Software 332
Shulan Tu (Jiangxi University of Traditional Chinese Medicine, China) and Ting Wang (Jiangxi University of Traditional Chinese Medicine, China)

Research on the Effect of Transformation Efficiency of Scientific and Technological Achievements in Universities on Industrial Enterprises Based on the DEA-BBC Model 336
Wenjie Liu (Wuhan University of Technology, China)

AI Integration Study into Family Education Guided by Symbolic Interaction Theory: Exemplified by Tmall Genie and Duer in Families of Children Aged 6 to 12 341
Xingwen Wu (London School of Economics and Political Science, United Kingdom), Peixuan Ye (Shanghai Foreign Language School Affiliated to SISU, China), and Zilin Li (Beihang University, China)

Melanoma Detection Based on Online Model Fusion 348
Ruxu Liang (Nanchang University, China), Shuo Wang (University of Sydney, Australia), Liren Xie (University of Edinburg, England), and Yuanqing Li (University of Bristol, England)

Research Focus of Publishing Management Using CSSCI Literature Data Based on Visual Knowledge Map Software 352
Nan Zhu (Dalian University of Technology, China), Shuang Liu (Ministry of Education, China), Fan Qu (Dalian University of Technology, China), and Xueyan Wang (Dalian University of Technology, China)

Research on Standardization of Evaluation and Personalization of Service Based on CIPP Model 358
Wenwen Ning (Wuhan University of Science and Technology, China)

The Transition Status of Chinese Independent Colleges Based on the Educational Big Data Analysis 362
Hong Liu (Applied Technology College of Soochow University, China)

Walmart Sale Forecasting Model Based on LSTM and LightGBM 366
Hanhan Xie (South China University of Technology, China), Chaoyi Li (University of Queensland, Australia), Ning Ding (University College London, England), and Changrui Gong (University College Dublin, Ireland)

"Smart" Upgrading of Teaching Equipment Following the Whole Life Cycle of Multimedia Equipment in Colleges and Universities 370
Wenxuan Ren (Zhejiang Ocean University, China), Weiliang Yuan (Zhejiang Ocean University, China), and Dedong Wang (Zhejiang Ocean University China, China)

Confucian Values and Job Performance of IT Employees in Guangdong-Hong Kong-Macao Greater Bay Area: The Mediating Role of Job Satisfaction Based on Statistical Methods 375
Jieshi Chen (Guangdong University of Finance and Economics, China) and Qiong Zhang (Guangdong University of Finance and Economics, China)

Research on the Ripple Effect of Inconsistent CSR of Internet Enterprises -- Based on Web Crawler Technology 379
Hongyan Li (Guangdong University of Technology, China), Daoping Zhu (Guangdong University of Technology, China), and Hao Chen (Guangdong University of Technology, China)

A Machine Learning Model for Product Fraud Detection Based on SVM 385
Yiyang Dong (Simon Fraser University, Canada), Keyu Xie (Harbin Institute of Technology, China), Bohan Zhang (Xiamen University Malaysia, Malaysia), and Lanchuan Lin (Fuzhou University of International Studies and Trade, Fujian)

Research on the Influence of Blended Teaching on Autonomous Learning Ability of College Students Based on a Structural Equation Model 389
Guibin Yang (Harbin Engineering University School of Economics and Management, China) and Qianyu Wen (Harbin Engineering University School of Economics and Management, China)

Research on Application Strategies of Blended Teaching Mode of Audio-Visual-Oral Business English Course under Big Data' Background 395
Hongyan Cai (Shandong Agriculture and Engineering University, China) and Xiujie Du (Shandong Agriculture and Engineering University, China)

Application of Block-Chain Technology in Enterprise Capital Supervision 399
Hong Liu (State Grid Hebei Electric Power Co., Ltd, China), Nan Zhang (North China Electric Power University, China), Hanqing Yuan (State Grid Hebei Electric Power Co., Ltd, China), Fulian Shi (North China Electric Power University, China), Jiajun Wang (State Grid Hebei Electric Power Co., Ltd, China), and Xiaohua Song (North China Electric Power University, China)

AHP-Based Evaluation Model of Multi-modal Classroom Teaching Effect in Higher Vocational English 403
Dan Zhang (Chongqing Aerospace Polytechnic College, China) and Xinchun Wang (Chongqing Aerospace Polytechnic College, China)

Design of Student Data Acquisition and Extraction Platform Based on Big Data Technology 407
Meijiao Ji (Dalian University of Science and Technology, China)

Online Consumption Experience Settings of Fresh E-Commerce Based on Consumer Sovereignty: Take Tmall Supermarket as an Example 411
Ling Li (Sichuan Agricultural University, China), Yunkun Liu (Sichuan Agricultural University, China), Ailing Wu (Sichuan Agricultural University, China), Haozhe Zhang (Sichuan Agricultural University, China), Xinrui Liao (Sichuan Agricultural University, China), and Bing Jiang (Sichuan Agricultural University, China)

Influence Factor Analysis of the Development of Professional Pharmacy Teachers in an Application-Oriented University Based on Logistic Regression Model 419
Xuehua Feng (Anhui Xinhua University), Ali Tao (Anhui Xinhua University), Zurong Song (Anhui Xinhua University), and Panpan Gong (Anhui Xinhua University)

Evaluation Model of Public Health Emergency Response Capability Based on Minimum Deviation Game Combination Empowerment 423
Si Jie Zhang (Shandong Technology and Business University, China) and Guo Feng Wen (Shandong Technology and Business University, China)

The Creation of Multi Intelligence Music Classroom in Children's Enlightenment Stage Based on Virtual Reality Technology 431
Qingnan Wang (Changchun Humanities and Sciences College, China)

Research on Enterprise Capital Supervision Mechanism Based on Knowledge Mapping Technology 435
Hong Liu (State Grid Hebei Electric Power Co., Ltd, China), Jianing Han (North China Electric Power University, China), Huiling Li (State Grid Hebei Electric Power Co., Ltd, China), and Xiaohua Song (North China Electric Power University, China)

Process Analysis of Internet of Things System Planning and Construction .439
Yijie Li (Guangdong Peizheng College, China)

Music Performance of Aria " Una Donna a Quindici Anni " Based on Visual Analysis Platform .443
Yueqian Xu (China University of Geosciences, China) and Qing Yang (China University of Geosciences, China)

Based on Big Data to Analyse the Influence of Education on the Residence Willingness of Floating Population .447
Xiaoning Zhu (Beijing Jiaotong University, China)

Research on Mental Health Assessment and Crisis Intervention Mechanism of University Students with Data Technology .451
Jiangxin He (Xi'an University of Science and Technology, China) and Zhiguo Xu (Xi'an University of Science and Technology, China)

Research into Online Teaching in Private Colleges under the Background of Internet Big Data .455
Jie Zhou (Guangxi Normal University, Guangxi)

Research on Internet Public Opinion Communication Model Considering the Psychology of Netizens .459
Siqi Zhou (Nanjing University of Science and Technology) and Jianhua Dai (Nanjing University of Science and Technology)

Research on English Informatization Practical Teaching in Independent Colleges Based on Constructivism Learning Theory under the Background of Internet Big Data: A Case of the Informatization Practical Teaching of Integrated English Course for English Major .464
Chaofeng Zhang (Lijiang College of Guangxi Normal University, China)

Research of the Innovative Integration of Artificial Intelligence and Vocational Education in the New Ecology of Education .468
Yanrong Wen (Yan'an Vocational and Technical College, China)

Research on the Impact of Developmental HRM Practices to Employee Innovation Behavior Based on Mplus 8.0 and SPSS 21.0 .474
Ming Shu Chen (Central South University, China) and Hui Wang (Central South University, China)

Research on Construction and Correlation Analysis of Whole Process Teaching Quality Evaluation System under the Blended Learning Mode .478
Zhaomin Xia (Shandong University of Finance and Economics, China), Jingmin Wang (Shandong University of Finance and Economics, China), and Xiao Yan (Shandong University of Finance and Economics, China)

K-Means Cluster Analysis of Student Performance at a Fujian Taiwan Cooperative University .483
Weixia Liu (Straits Institute of Minjiang University, China) and Ying Chen (Foreign Languages College of Minjiang University, China)

Research on Teaching Reform and Practice of ERP Course under the Background of Mass Entrepreneurship and Innovation .487
Jiaju Wang (Jimei University, China) and Wenliang Wang (Zhengzhou University of Light Industry, China)

Thoughts on the Construction of Automobile Service Engineering Major under the Background of "New Four Modernizations" .491
Yanqiong Teng (Xihua University, China) and Lan Tang (Xihua University, China)

Assessment Mechanism of Class Construction in Colleges and Universities Based on Big Data Technology .495
Qingbin Zhuang (Guangdong Teachers College of Foreign Language and Arts, China)

Research on the Reform of Economics and Management Education in Application-Oriented Universities Based on Big Data .499
Ping Peng (Guangdong University of Science and Technology, China)

The Impacts of CPS Strategic Capability on the Upgrading of Chinese Manufacturing Structure under the Theory of Value Co-Creation Based on the Regression Model .503
Yihao Tian (Sichuan University, China), Xingqiong Xu (Sichuan University, China), and Shaoyang Zhao (Sichuan University, China)

Mobile Payment as a Trend: Impetus and Barriers Behind This Technology .512
Xiao Ma (United International College, China) and Junjie Ma (United International College, China)

The Copyright Protection and Fair Use of Commercial Data Collections Based on Big Data .516
Lian Zhong (Sichuan University, China) and Zhuowei Dai (Sichuan University, China)

Knowledge Management in SPOC Teaching Ecology: A Perspective of Structure Optimization .520
Tianli He (Shandong Institute of Business and Technology, China) and Fengyan Su (Ludong University, China)

Big Data Analysis and Research on the Affinity of Ideological and Political Education in Public Account Platform .525
Lina Gao (Ren 'ai College of Tianjin University, China) and Yajuan Guo (Beijing City University, China)

Interpreting Dieter Rams's Design Concept from Apple Products .529
Xi Zeng (Wuhan Institute of Technology, China) and Zheheng E (Wuhan Institute of Technology, China)

Research on PAD Blended Teaching in the Field of English Education Based on Artificial Intelligence and Big Data .533
Bude Su (Ordos Institute of Technology, China)

A Preliminary Study of Artificial Intelligence Deep Learning Amid Teaching of Public Relations Course .539
Chuan Hsiu Ho (Zhaoqing University, China)

A Questionnaire and Big Data-Based Study on the Mixing Up of Chinese Structural Particles .543
Yu Gao (Chinese Academy of Sciences, China; Beijing International Studies University, China), Jing Wang (Beijing International Studies University, China), and Buxin Han (Chinese Academy of Sciences, China)

Cultivation of College Students' English Writing Ability Based on Chunk Teaching Method via the Big Data .549
Shuang Liu (College of Foreign Languages Shenyang Aerospace University, China)

Research on the Countermeasures of Improving Teachers' Information Teaching Ability in Higher Vocational Colleges Based on Big Data .553
Lili Chen (Hainan Technology and Business College, China)

Research on Project-Driven Teaching Mode Based on Software Development Model .557
Dianwei Chi (Shandong Vocational University of Foreign Affairs, China)

Research on Nonparametric Classification Method of Functional Data .562
Xiaoying Wang (North China Electric Power University, China), Qian Shen (North China Electric Power University, China), and Jialiang Guo (North China Electric Power University, China)

Application of SPSS Data Processing Technology in International Education in China .570
Yin Li (Universiti Teknologi Malaysia, Malaysia), Hanita Hassan (Universiti Teknologi Malaysia, Malaysia), and Mahani Mokhtar (Universiti Teknologi Malaysia, Malaysia)

Research on Interaction Strategies of Skill Mooc Based on the ANOVA Analysis .574
Long Zhang (South China University of Technology, China)

Design of College Physical Education Information Platform under the Background of Big Data .579
Yang Pan (Dalian University of Science and Technology, China) and Ming Li (Dalian University of Science and Technology, China)

Research on the Influence of New Media under the Innovation of Educational Technology: An Analysis Based on University Big Data .583
Congkai Chen (Sichuan Agricultural University, China) and Sentao Wu (Sichuan Agricultural University, China)

Practice Exploration of Innovation Education Mode Based on Science and Technology Innovation Team under New Engineering Background .590
Huiyuan Li (Wuhan University of Technology, China) and Yan Zhang (Wuhan University of Technology, China)

Analysis on Machine Translation of Data News Based on Translation Typology in Functionalism .594
Xiaoxuan Du (Dalian Neusoft University of Information, China)

Exploration of General Education Work in Universities Based on the Feature Extraction Algorithm .598
Xuemei Sun (Dalian Ocean University)

Acoustic Analysis of Tone in Renbu Tibetan Based on the T-Value Method .602
Jing Zhang (Ministry of Education Northwest Minzu University, China), Lingzhen Li (Ministry of Education Northwest Minzu University, China), Yonghong Li (Ministry of Education Northwest Minzu University, China), and Zeguo Liu (Ministry of Education Northwest Minzu University, China)

Analysis of the Intention of Influencing the Continuous of Tiktok Fans Based on SPSS Analysis .607
Chun-Yi Lin (Nanning Normal University, China)

Research on Enterprise Risk Prevention and Control Countermeasures Based on Business Model Innovation --Taking Shandong as an Example .616
Yan Zhao (Ocean University of China, China)

Telemetry Data Analysis on sEMG Major Muscle Groups in Three-Step Leap over Stumps of 400m Obstacle .621
Xiao-Nan Wu (National University of Defense Technology, China), Mei Song (National University of Defense Technology, China), and Bo Zhang (National University of Defense Technology, China)

Analysis on the Construction Method of Computer Aided Modeling Design Support System .624
Jie Hu (Jingdezhen Ceramic Institute) and Fang Zhigang Gao (Jingdezhen Ceramic Institute)

Process-Oriented Creative Thinking Education Model: The Perspective of Six-Thinking-Hats Based on T-Test .628
Dongmei Xu (Xinhua College of Sun Yat-Sen University, China) and Ye Wang (Xinhua College of Sun Yat-Sen University, China)

Application Analysis of Digital Interactive Technology in Ceramic Modeling Design Teaching .632
Fang Zhigang Gao (Jingdezhen Ceramic Institute) and Jie Hu (Jingdezhen Ceramic Institute)

Research and Application of a High-Efficiency Attack Method Based on Statistical Model for Search and Strike Integrated UAV .636
Tao Xia (National University of Defense Techonlogy, China), Jun He (National University of Defense Techonlogy, China), Xin Zou (National University of Defense Techonlogy, China), and Haoran Chen (National University of Defense Techonlogy, China)

Investigation and SPSS Statistical Analysis of Science Stories Teaching in China and Abroad .640
Wen Tao (Zhejiang International Studies University, China) and Yiping Zhang (Zhejiang International Studies University, China)

XLNet for Knowledge Graph Completion .644
Jie Liu (Harbin Engineering University, China), Xitong Ning (Harbin Engineering University, China), and Wansong Zhang (Harbin Engineering University, China)

"Double-Qualified and Double-Capable" Teachers in Application-Oriented Universities Preliminary Exploration of "5C" Capability Model .649
Meifeng Han (Dalian University of Science and Technology, China)

Reforms of the Perspective Course in Practice-Oriented Talent Training in the Big Data Age .653
Yang Cao (Dalian University of Science and Technology, China)

A New Approach to Knowledge Aggregation from the Perspective of Author Collaboration Based on the Knowledge Aggregation Model .657
Mingkun Wei (Hebei University, China) and Danyang Li (Wuhan University, China)

Cloud Computing Analysis Management and Information Technology Application

Research on Innovative Models and Development Countermeasures of Information Economy in China .661
Hang Gao (Shandong University of Political Science and Law, China)

Analysis on Mental Health Education Strategy of Higher Vocational College Students Based on Information Technology .666
Yanjuan Shen (Baotou Iron and Steel Vocational)

Paper Research on the Application of Virtual Reality Panoramic News Communication Technology in Sports Events .670
