## Table of Contents

**Preface** ..... **xxxix**
**Organizing Committee** ..... **xli**
**Reviewers** ..... **xlii**

## Session 1: Information Technology and Intelligent Network Teaching Technology

Using Web Crawler Technology to Realize the Cross-Cultural Communication of "Foreign Online Celebrities " Videos on the Internet Platform: Take the Example of "I Am Jerry Kowal" ..... 1
*Shuai Zhang (Beijing Jiaotong University, China) and Zhiyu Kong (Beijing Jiaotong university, China)*

The Study of Media Literacy Education System for Tourism Practitioners in the Context of Rural Revitalization Strategy Based on the Internet ..... 5
*Peng Du (Shenzhen University, China) and Lei Yang (Guangdong University of Finance and Economics, China)*

Research on the Influence of New Media Application on Learning Performance under the Background of Modernization of Elderly Education ..... 11
*Yijun Zhang (Nanyang Institute of Technology, China)*

Research on the Application of Information Technology in Computer Teaching in Universities... 15
*Chuanyang Jin (Army Armored Forces Academy, China), Fang Wang (Army Armored Forces Academy, China), and JianGuang Yuan (Army Armored Forces Academy, China)*

The Linear Characteristics of Concept Time: Synchrony and Diachrony, N-Gram Markov Language Model, New Media Education ..... 19
*Xue Chen (Pushikin State Russian Language Institute, Russia) and Shuainan Zu (Financial University under the Government of the Russian Federation, Russia)*

Study on the Application of the Mass Communication Technology in Ideological and Political.... 23
*Xiqing Xu (Hohai University, China) and Wenfei Zhang (Yancheng Teachers University, China)*

Information Technology and Cultural Education Model Based on World Heritage Site Kulangsu .... 27
*Xiaonan Wang (Xiamen University of Technology, China), Yancong Su (Xiamen University of Technology, China), and Yi Sun (Kobe Institute of Computing, Japan)*

Intermedia Agenda Setting between Microblog and WeChat—A Case Study of "Fake Jindong" Event ..... 32
*Jigang Zhang (Nanchang Institute of Technology, China), Guanjia Zhou (Nanchang Institute of Technology, China), and Meng Bian (Nanchang Institute of Technology, China)*

The Influence of Online Teaching in Undergraduate Colleges and Universities on Teaching Effect ..... 37
*Chenggang Wang (Heilongjiang University, China), Tiansen Liu (Harbin Engineering University, China), Jinliang Wang (Heilongjiang University, China), Yan Li (Heilongjiang University, China), and Yu Zhu (Harbin Engineering University, China)*

An Empirical Study of Online Public Opinion in Higher Vocational Institutions: Content-Based Analysis Method ..... 41
*Yinghua Jiang (Shenzhen Polytechnic, China)*

The Model Construction of Computer Network Technology in Vocational Education under the Rural Revitalization Strategy ..... 46
*Hui Wang (Jiangxi Science & Technology Normal University, China)*

Explore the IP-Based Development of New Media on the Internet: Taking WeChat Public Platform as an Example ..... 50
*Zhengcong Wei (Hubei University of Technology, China) and Xinshuo Ren (Hubei University of Technology, China)*

Network Information Dissemination Model and Development Analysis under New Media Environment ..... 54
*Qixiang Wu (Fuyang Normal University, China) and Lin He (Fuyang Normal University, China)*

Dilemma and Countermeasures of Online Science Teaching in Primary Schools under the Background of COVID-19 Based on Lag Sequential Analysis ..... 58
*Ye Xiong (Central China Normal University, China; Huazhong University of Science and Technology, China) and Shi Chen (Central China Normal University, China)*

Research on the Application of Digital Network Technology in the Countryside under the Internet Background ..... 62
*Yang Xu (Hubei University of Technology, China)*

An Empirical Analysis of the Flipped Classroom about Information Literacy Education in Chinese University Based on SPSS 19.0 ..... 67
*Yinghong Chen (Guangdong University of Finance and Economics, China)*

Research on the Construction of Case Teaching Mode of Management Science and Engineering under the Support of Information Technology ..... 71
*Chaoqun Leng (Nanchang Institute of Technology, China), Yuling Huang (Nanchang Institute of Technology, China), and Likun Huang (Nanchang Institute of Technology, China)*

The Status Quo and Path of Traditional Chinese Music Communication on Short Video Platforms—Taking TikTok as an Example ..... 75
*Qiaoshi Li (China University of Geosciences, China), Mingli Wu (China University of Geosciences, China), and Yue Yuan (China University of Geosciences, China)*

PAD Class—A New Teaching Mode of Online and Offline in China: A Systematic Review of the Literature ..... 81
*Lihong Ding (King Mongkut's Institute of Technology Ladkrabang, Thailand), Jirarat Sitthiworachart (King Mongkut's Institute of Technology Ladkrabang, Thailand), and Mike Joy (Warwick University, UK)*

Online Teaching Application Design for the Postgraduate Entrance Examination of Industrial Design ..... 86
*HuiYing Shao (South China University of Technology, China)*

Research on Accounting Information Sharing Mechanism: Based on Economic Management Perspective ..... 93
*Jilin Qu (Shandong University of Finance and Economics Jinan, China) and Yicai Zhu (Shandong University of Finance and Economics Jinan, China)*

Research on Management Methods of Automotive Cybersecurity Tools ..... 100
*Jing Liu (Automotive Data of China (Tianjin) Co., China), Yingyi Yao (Automotive Data of China (Tianjin) Co., China), Haijun Wang (Automotive Data of China (Tianjin) Co., China), Wenbo Jia (Automotive Data of China (Tianjin) Co., China), Yanxin Wu (Automotive Data of China (Tianjin) Co., China), Xu Liu (Automotive Data of China (Tianjin) Co., China), and Qiao Zhang (Automotive Data of China (Tianjin) Co., China)*

Exploration and Practice of Online and Offline Mixed Teaching Mode in Higher Vocational Colleges Based on Internet Technology ..... 104
*Yifan Hu (Beijing Information Technology College, China) and Man Zhang (Beijing Information Technology College, China)*

Exploring the Application of Computer Network Technology in International Cooperation and Communication of Universities in the Post-Epidemic Era ..... 108
*Xiuhua Liao (Sichuan University Jinjiang College, China)*

Research on Campus Sports Event Education in Higher Vocational Colleges in the Guangdong-Hong Kong-Macao Greater Bay Area, under the Information Background ..... 112
*Yong Jiang (Guangzhou Civil Aviation Vocational and Technical College, China)*

The Practice of Ideological and Political Construction of Management Communication Course under the Background of Digital Information Teaching Mode ..... 116
*Yang Zhao (Wuhan Business University, China)*

Research on Mobile Teaching Design of Higher Vocational Education under Ubiquitous Network Technology—Taking "Basic Piano Course" as an Example ..... 120
*Xiaonan Wang (Qingdao Technical College, China)*

Application of Virtual Reality Technology in English Interpretation Teaching ..... 124
*Xi Li (Sichuan International Studies University, China) and Qing Jiang (Chengdu Normal University, China)*

Research on the Construction of Mass Entrepreneurship and Innovation Practice Curriculum System for English Majors in Colleges and Universities under the Background of Internet Plus ..... 128
*Minrong Fu (Shandong Xiehe University, China)*

An Online Instant Assessment System Based on Constructivism for Classroom Teaching in Higher Education ..... 133
*Ronghua Liang (Beijing Institute of Graphic Communication, China), Lei Tang (Beijing Institute of Graphic Communication, China), Ye Li (Beijing Institute of Graphic Communication, China), Yuansheng Qi (Beijing Institute of Graphic Communication, China), Yongbin Zhang (Beijing Institute of Graphic Communication, China), Hao Zhang (Beijing Institute of Graphic Communication, China), and Yixiao Zhang (Hunan University, China)*

An Empirical Study on the Teaching Effects of Case Teaching Method in the International Finance Course under the Background of Information Technology ..... 137
*Liru Bai (Shandong Management University, China), Yiming Li (Shandong Management University, China), and Zhen Liu (Shandong Management University, China)*

Networking College's Smart Education System Based on Omnidirectional Interaction Model ... 141
*Qi Wu (Jiujiang University, China)*

The Application of the Key Technology and Security Model in University Ideological and Political Network ..... 145
*Xiaoming Li (Jiangxi University of Applied Science, China) and Zhongling Zhang (Jiangxi University of Applied Science, China)*

Study on Student Engagement in the Context of Popularization of Higher Education ..... 149
*Wenxiu Jia (Bohai University, China), Qian Meng (Bohai University, China), Miao Guo (Bohai University, China), and Qi Zhang (Bohai University, China)*

Research on the Education Evaluation System of Chinese Higher Vocational Colleges Based on Information Technology ..... 153
*Xueqin Wang (Institute of Intelligent Manufacturing Engineering, China) and Wei Ye (Chongqing College of Architecture and Technology, China)*

Study on the Application of the Digitalization and Information Technology of Community Governance in the Post-Epidemic Era ..... 157
*WeiZhi Chen (Qingdao University of Science and Technology Law School, China), ChengTao Xu (Qingdao University of Science and Technology Law School, China), ShuTing Yuan (Qingdao University of Science and Technology Law School, China), and PengCheng Chen (Yantai Institute of Technology, China)*

College Ideological and Political Teaching Resource System Model Based on Multimedia Technology ..... 161
*Zhangrong Wu (Jiangxi Vocational College of Mechanical & Electrical Technology, China)*

Speech Synthesis of Tibetan Amdo Dialect Based on Attention and Recurrent Neural Network ..... 165
*Zhenye Gan (Northwest Normal University, China), Min Luo (Northwest Normal University, China), Zhimeng Song (Northwest Normal University, China), and Min Zhang (Northwest Normal University, China)*

Exploration of "Face to Point" Practical Teaching Mode Based on Online and Offline Blending Teaching—Taking the Course of Fundamentals of Web Design as an Example ..... 169
*Ling Feng (Taishan University, China), XiQiang Duan (Taishan University, China), Fang Li (Taishan University, China), and Lei Zhang (Taishan University, China)*

Application of Computer Network Technology in Study Management of Overseas Students in China ..... 173
*Xianghong Yin (Guangdong University of Foreign Studies, China)*

Research on the Application of SPOC Online and Offline Blended Teaching in Engineering Cost Specialty Course ..... 177
*Luming Liang (Xi'an Traffic Engineering Institute, China)*

The Teaching Effects of Online-Offline Hybrid Mode in the Course of Finance—A Questionnaire-Based Analysis ..... 181
*Yiming Li (Shandong Management University, China), Liru Bai (Shandong Management University, China), and Zhen Liu (Shandong Management University, China)*

Application of Mixed Teaching Based on Linux Information Processing Technology Platform: Taking the Course of Basic Accounting as an Example ..... 185
*Yan Mei (ZIBO Vocational institute, China)*

Research on Blended Teaching Model under the Background of Information Technology ..... 189
*Qiuhong Gao (Beijing City University, China), Qiaoyun Sun (Beijing City University, China), Bixian Yuan (Beijing City University, China), and Yajun Liu (Beijing City University, China)*

Exploration on the Application of Circuit Board Design Course Combined with Internet Technology in Vocational Colleges ..... 193
*Bing Luo (Guangdong Mechanical & Electrical College, China) and Zhong-shan Zhan (Guangdong Mechanical & Electrical College, China)*

Research on the Teaching Strategy of BOPPPS in the Intelligent Environment of Smart Classroom ..... 197
*Li-Hua Qi (National University of Defense Technology, China), Dong-Qiu Xing (National University of Defense Technology, China), Li Wen (National University of Defense Technology, China), and Jing-Na Cui (National University of Defense Technology, China)*

Exploration and Practice of Online-Offline Mixed Teaching Mode Based on Internet + Intelligent Technology in Post- Epidemic Period: Take the Course of Phytogeography as an Example ..... 201
*Hui Liu (Guangdong University of Finance and Economics, China)*

Blended Learning in College English Teaching under the Background of Information Technology ..... 205
*Canhua Song (Guangdong University of Foreign Studies, China)*

Applications Research of Multi-Modal in English Vocabulary Teaching Based on Experimental Analysis ..... 209
*Yuzhen Jin (Taylor's University Malaysia, Malaysia)*

The Enlightenment of Information Technology Development to Education—Based on Embodied Cognition Theory in Psychology ..... 216
*Kai Zhou (Jiangxi University of Traditional Chinese Medicine, China), Lan Luo (Jiangxi University of Traditional Chinese Medicine, China), and Yiwen Lin (Jiangxi University of Traditional Chinese Medicine, China)*

The Ecological Affordances of Blended Learning Mode in College English Teaching Based on Information and Communication Technology ..... 221
*Jie Liu (Guangdong University of Foreign Studies, China)*

A Blended Learning Approach to American Literature in the Era of "New Liberal Arts" Based on Modern Information Technologies ..... 226
*Huixiang Shu (Wuhan Donghu University, China)*

Research on the New Application of Information Technology in the Model of Innovation and Entrepreneurship Education Based on Big Data ..... 231
*Yihua Hao (University of Electronic Science and Technology of China, China), Zhongyang Li (University of Electronic Science and Technology of China, China), and Qichuan Tan (University of Electronic Science and Technology of China, China)*

Analysis of the Application of Internet Information Technology in the Formative Evaluation of Spanish Teaching in Colleges and Universities ..... 235
*Yudong Liu (TianJin Foreign Studies University, China)*

Research on Innovation and Entrepreneurship Ability Based on Social Network Analysis ..... 239
*XueYan Liu (Chongqing University of Posts and Telecommunications, China), HeJie Chen (Beijing Institute of Graphic Communication, China), Lan Zhang (Chongqing University of Posts and Telecommunications, China), and Ying Liu (Chongqing University of Posts and Telecommunications, China)*

Research on the Status of Extra-Curricular Sports Exercise Platform in the Guangdong-Hong Kong-Macao Greater Bay Area in the Information Era ..... 243
*Yong Jiang (Guangzhou Civil Aviation Vocational and Technical College, China)*

Research on the Physical and Mental Health of Flight Attendants in the Post-Epidemic Period in the Information Background ..... 247
*Shuangyu Xu (Guangzhou Civil Aviation Vocational and Technical College, China)*

A Strategical Study on Cybersecurity Knowledge Dissemination for Teenager Based on Short Video Technology ..... 251
*Hongran Li (Wuhan Donghu University, China)*

Study on the Online Teaching of College English Course in the Era of "Internet + Education" ..... 255
*Can Shu (Wuhan Business University, China)*

A Study on College English Teachers' Informatization Teaching Ability in Private Colleges Based on Information Technology in Blended Teaching Mode ..... 259
*Baoling Lin (Guangdong University of Foreign Studies, China)*

Forgery Attack and Improvement on Certificateless Aggregate Signature Schemes as Cases in Courses for Ideological and Political Education Based on Vehicular Networking Technology .... 264
*Xiaoming Hu (Shanghai Polytechnic University, China), Chuang Ma (Shanghai Polytechnic University, China), and Wenrong Jiang (Shanghai Polytechnic University, China)*

Research on the Application of Virtual Simulation Technology in law Experiment Teaching under the Background of Educational Informatization ..... 268
*Guohui Cai (Gannan Normal University, China)*

How to Maximize the Advantages of Online-Learning under the New Blended Teaching Mode for College English ..... 272
*Xiufen Xu (Guangdong University of Foreign Studies, China)*

English Classroom Face-to-Face and Online Discussion Based on Information Technology ..... 276
*Yumei Wu (Guangdong University of Foreign Studies, China)*

A Case Study on Cultivation of Intercultural Communication Competent: An Approach of Collaborative Blended Teaching in EFL Classroom ..... 282
*Jie Yuan (Nanfang College, China) and Yue Li (Nanfang College, China)*

Capability Analysis of American Military Communication System Based on Advanced Information Technology ..... 287
*Jiaqi Tian (Naval University of Engineering, China) and Ping Wang (Naval University of Engineering, China)*

Exploration on Informatization Reform of C Language Programming Based on Mobile Platform .... 291
*Fuqiang Wang (Qingdao University of Science and Technology, China), Qiang Hu (Qingdao University of Science and Technology, China), and Tao Li (Qingdao University of Science and Technology, China)*

Research and Practice of Blended Teaching of Digital Electronic Technology Course for Application-Oriented Undergraduate ..... 296
*Dujiya Bao (Ordos Insititute of Technology, China), Hua Guo (Ordos Insititute of Technology, China), Xinxin Bao (Inner Mongolia Medical University, China), and Li Tao (Ordos Insititute of Technology, China)*

Research on "Interactive" Teaching Mode of Business English Major under the Background of "Internet Plus" ..... 300
*Xuelian Su (Sichuan Vocational and Technical College, China)*

Teaching Mode of Operations Research Course Based on Internet Technology ..... 304
*Yingying Zhang (Shandong Management University, China)*

Research on Information Management Innovation of Graduation Project (Thesis) in Universities ..... 308
*Zhao Wu (Xi 'an Traffic Engineering Institute, China) and Jun Ying Qi (Xi 'an Traffic Engineering Institute, China)*

New Exploration of the Mixed Teaching Mode about Student-Centered on Information Technology Platform ..... 313
*Manxue Zhang (Beijing Institute of Graphic Communication, China), Yongbin Zhang (Beijing Institute of Graphic Communication, China), Yunsheng Qi (Beijing Institute of Graphic Communication, China), and Rongyue Fu (Beijing Institute of Graphic Communication, China)*

Informationized Classroom Risk Analysis and Coping Strategies ..... 317
*Xuemei Li (Anhui Sanlian University, China) and Jiajia Xu (Anhui Sanlian University, China)*

The Transformation of Teaching Paradigm of Financial Management Empowered by Information Technology ..... 322
*Yuan Li Cui (Shandong Union College, China)*

Exploration and Practice of Blended Teaching Based on Mobile Internet and Matlab: Taking the Course of Mathematical Analysis as Example ..... 326
*Yunhu Ye (Jiaying University, China) and Weiliang Wu (Jiaying University, China)*

Research on the Development of Secondary Vocational Students' Computational Thinking Based on Gamification Teaching: Taking the Secondary Vocational Information Technology Course as an Example ..... 331
*Xiaokang Ren (Northwest Normal University, China), Tiantian Cai (Northwest Normal University, China), Hong Wang (Northwest Normal University, China), and Deyi Yang (Northwest Normal University, China)*

Research on Blended Hierarchical Teaching of Sergeants Education Based on the Course of "Optical Fiber Communication System" ..... 335
*Jingyu Wang (National University of Defense Technology, China), Juan Li (National University of Defense Technology, China), Qing Pan (National University of Defense Technology, China), Jian Yang (National University of Defense Technology, China), and Tongjun Wang (National University of Defense Technology, China)*

Construction and Application of Constitution Online Learning Platform Based on Mobile Internet Technology ..... 340
*Jing Zhang (Sichuan Judicial and Police Officers Professional College, China)*

## Session 2: Computer Model and Algorithm Deep Learning Application

BiEAF: An Bidirectional Enhanced Attention Flow Model for Question Answering Task ..... 344
*Yihan Yang (Ulink College, China)*

Challenges and Countermeasures of the Ideological and Political Education for Social Enrollment in Higher Vocational Colleges Based on SPSS Analysis ..... 349
*Fang Zhang (Foshan Polytechnic, China) and Wei Zhang (Foshan Polytechnic, China)*

Natural Language Processing Subject Organizing by TTD Model Based on Stepwise Refinement Framework ..... 353
*Honglin Wu (Northeastern University, China) and Ke Wang (Northeastern University, China)*

Statistical Analysis of Apologies in Primary EFL Textbooks in China Based on Python ..... 357
*Jingjing Li (Xi' an International Studies University, China) and Yan Li (Xi' an International Studies University, China)*

The L2 Motivation Factors and L2 Intended Learning Effort: A Model-Based Data Analysis of Chinese College EFL Learners ..... 361
*Weina Xu (Shandong Agriculture and Engineering University, China) and Lin Ji (Shandong Agriculture and Engineering University, China)*

A Two-Stage Underwater Image Enhancement Method ..... 365
*Weidong Zhang (Dalian Maritime University, China), Lili Dong (Dalian Maritime University, China), and Wenhai Xu (Dalian Maritime University, China)*

A Study on the Movie-Going Situation of College Students and Urban Cultural Development in Xi'an Based on Lasswell's 5W Communication Model ..... 369
*Yuan Zhang (Xi'an Eurasia University, China)*

Research on Intelligent Communication of Short Videos for Male Make-up: A Topic Modeling Analysis Based on Tweet Data ..... 373
*Mengqi Li (Xiamen University of Technology, China) and Zhenli Lai (Xiamen University of Technology, China)*

The Developmental Analysis of Creative Talents in Shenzhen's Film Production Industry Based on the "3T" Model ..... 378
*Zaifeng Song (Xiamen University of Technology, China) and Jingwei Piao (Xiamen University of Technology, China)*

Multimodal and Multidimensional Interaction in the Gold Course Construction of Military English Based on Data and Information Processing Model ..... 382
*Yucheng Zhou (Information and Communications College of NUDT, China), Wenhui Hao (Information and Communications College of NUDT, China), Mei Song (Information and Communications College of NUDT, China), and Meng Li (Information and Communications College of NUDT, China)*

Fuzzy Twin SVM Investment Evaluation Model for Listed Company ..... 386
*Guangli Liu (China Agricultural University, China) and Haitong He (China Agricultural University, China)*

Construction of Business Continuity Management Audit Information Model Based on Big Data Technology ..... 390
*Qian Zhang (Jinan City Landscaping Engineering Quality and Safety Center, China)*

Analysis on the Construction of Counselor Team in "Double High" Colleges Based on Grey Correlation Analysis ..... 394
*Min Wang (Kunming Metallurgy College, China), Lei Ma (Kunming Metallurgy College, China), and Yi Tian (Kunming Metallurgy College, China)*

The Application of Big Data Technology in the Assessment Model of College Student's Entrepreneurial Intention ..... 398
*Jiahui Cao (Xi'An Polytechnic University, China)*

Model Analysis of News and Communication System Based on Big Data Technology ..... 403
*Jinglong Li (Jiangxi Normal University Science and Technology College, China)*

Application of Intelligent Algorithm in Linear Algebra Teaching ..... 407
*Jielin Shang (Dalian Naval Academy, China), Qiong Qin (Dalian Naval Academy, China), and Hongmei Pei (Dalian Naval Academy, China)*

BIM Simulation Model Based on BIM Technology in the Application of Engineering to Calculate Quantity of Teaching Research ..... 412
*YuFan Zhang (Kunming University of Science and Technology, China)*

Application Exploration of BIM Simulation Model in Teaching of Landscape Engineering Budget ..... 417
*Jialing Yang (Kunming University of Science and Technology, China) and Mei Xu (Kunming University of Science and Technology, China)*

Measuring Team Learning of High-Technology Firms in China: A Regression Analysis Model ... 424
*Yumei Huang (Guangdong University of Finance, China) and Zhiyu Lv (China Population and Development Research Center, China)*

Statistical Analysis and Comparison of Survey Result on English Teaching of Two Groups after Experimental Teaching by SPSS 23 ..... 428
*Xiaohui Sui (Jinan Engineering Polytechnic, China)*

Research on Student Curriculum Selection Recommendation System Based on Graph Convolutional Network ..... 432
*Weichun Huang (East China Jiaotong University, China) and Hengrui Chu (East China Jiaotong University, China)*

Statistical Algorithm Model of College English Teaching Based on Artificial Intelligence Technology ..... 437
*Xin Qin (JiangXi Institute of Economic Administrators, China)*

Construction of College English "2+2" Blended Learning Mode Based on MOOC in Post Pandemic Era ..... 441
*Bo Wang (Dalian Neusoft University of Information, China)*

Research on Educational Video Summary Extraction Algorithm Based on Semantic Analysis ... 445
*Zhongzhi Sun (Shandong Normal University, China), Zengzhen Shao (Shandong Normal University, China), Zhuangzhuang Li (Shandong Normal University, China), Shuai Han (Shandong Normal University, China), Jianxin Xiao (Shandong Normal University, China), and Jiran Zhu (Shandong Normal University, China)*

Research on Blended Learning Model Based on Bibliometric Method ..... 451
*Yan Qu (Shandong Management University, China)*

Research and Application of Wild Edible Mushroom Detection Based on Multi-Scale Features . 455
*Dun Zhang (Nanchang Institute of Technology, China), ZhiKai Huang (Nanchang Institute of Technology, China), Huan Wang (Nanchang Institute of Technology, China), YiPeng Wu (Nanchang Institute of Technology, China), Ying Wang (Nanchang Institute of Technology, China), and JiaHao Zou (Nanchang Institute of Technology, China)*

Abstractive Summarization of Long Texts Based on BERT and Sequence-to-Sequence Model .. 460
*Dan Jiang (Beijing Institute of Graphic Communication, China), Shaozhong Cao (Beijing Institute of Graphic Communication, China), and Shulin Yang (Beijing Institute of Graphic Communication, China)*

Research on R&D Post Demand Analysis System Based on K-Means Clustering Algorithm ..... 467
*Yong Zhang (Wuhan Business University, China)*

Research on Application of Cloud Computing Technology in Blended Learning Based on Access Control Model ..... 471
*Rui Gong (Philippine Christian University Center for International Education) and Qi Chen (Philippine Christian University Center for International Education)*

Adaptive Model for Forecasting Electricity Price Based on Wavelet-ARIMA ..... 475
*Duanyang Yuan (Automation of Shanghai University, China), Peng Zan (Automation of Shanghai University, China), Xiaogang Li (East China Branch of State Grid Corporation of China, China), and Huiyan Xu (Automation of Shanghai University, China)*

Analysis of Application Algorithm Based on Information Entropy Uncertainty in College Entrance Examination Volunteer Report: Taking Inner Mongolia College Entrance Examination as an Example ..... 479
*Hanzhi Ma (HeTao College, China; Lyceum of the Philippines University Batangas, Philippines) and Jinrong Yang (Sports School, Inner Mongolia, China)*

Research on Information Anxiety of College Students under the Background of Information Overloaded Based on Support Vector Machine Optimization Alogrithm ..... 484
*Yanhui Jia (National University of Defense Technology, China) and En Wang (Xian Shiyou University, China)*

SPSS Analysis of the National Identity of Chinese College Students ..... 488
*Jiaqi Zhang (Harbin University of Engineering, China)*

Research on Agricultural Logistics Distribution Path Optimization Based on Ant Colony Algorithm ..... 492
*Yang Zhao (Wuhan Business University, China) and Bo Zhang (Wuhan Donghu University, China)*

A Study on the Effect of Data-Driven Traditional Chinese Medicine English Corpus on Students' Learning Anxiety in ESP Teaching ..... 496
*Zheqian Su (Changchun University of Chinese Medicine, China)*

Research on Association Rule Model of Humanistic Care in Ideological and Political Education of College Students ..... 501
*Chunming Xu (Dalian University of Science and Technology, China), Can Wang (Dalian University of Science and Technology, China), and Nan Yang (Dalian University of Science and Technology, China)*

Application on Intelligent Prediction of Agricultural GDP in Zhejiang Province Based on ARIMAX Multivariate Time Series Data Analysis Model ..... 505
*Lijuan Liu (Zhejiang A&F University, China), Mengjun Tong (Zhejiang A&F University, China), and Qian Chen (Zhejiang A&F University, China)*

Deep Feedforward Sequential Memory Networks Based Mispronunciation Detection for Tibetan Students' Mandarin ..... 509
*Zhenye Gan (Northwest Normal University, China), Tianqin Zhao (Northwest Normal University, China), Xinke Yu (Northwest Normal University, China), and Hongwu Yang (Northwest Normal University, China)*

An Empirical Study Based on the Analysis of SPSS Technology in Group Psychological Counseling to Promote the Mental Health of Community Residents ..... 513
*Changxiang Jiang (Jiangxi Science and Technology Normal University, China) and Qing Liu (Jiangxi Science and Technology Normal University, China)*

Deep Learning Framework Study for Twitter Sentiment Analysis ..... 517
*Shang Xiang (High School Affiliated to Nanjing Normal University, China)*

Research on Cultivating Big Data Applied Talents for E-Commerce Major Based on Hypernetwork Model: Research on Universities in Hubei Province ..... 521
*Wenyi Chen (Hubei College of Commerce, China), Yuan Gao (Graduate School of Media Governance, Keio University, Japan), Huangzhi Jiang (Hubei College of Commerce, China), and Jing Zhao (Hubei College of Commerce, China)*

Study on Harmful Information Regulation of Cyberspace from Perspective of Critical Discourse Analysis ..... 525
*Leiming Wang (Shanghai Sipo Polytechnic College, China)*

Construction of University Political Teaching System Based on Probabilistic Neural Network Model ..... 529
*Yu Fang (Jiangxi University of Science and Technology, China)*

Thematic Progression from the Perspective of Machine Translation—A Case Study of Culture and Tourism Translation ..... 533
*Jun Xu (Guangdong University of Foreign Studies, China)*

Research on Data Analysis, Processing and Model Construction of "Purple Collar" Talent Development Based on Big Data ..... 537
*Jing Mou (Chengdu Industry and Trade College, China)*

Teaching Evaluation Model Design and Data Analysis Based on the Concept of "Postioning as the Core, Designing as the Soul": Take the Science and Engineering Course "Signals and Systems" as an Example ..... 541
*KeXin Liu (Engineering University of PAP, China) and XiaoBing Deng (Engineering University of PAP, China)*

Construction and Application of Knowledge Graph for Aerospace Product Quality Problems .. 546
*Meiqing Wang (Beihang University, China), Fangxu Dong (Beihang University, China), Hanxu Liu (Beihang University, China), and Qiu Lin (Beijing Institute of Control and Electronic Technology, China)*

EBS-Based Key Management Scheme in Heterogeneous Sensor Networks ..... 553
*Shuying Liu (Fuyang Normal University, China), Yan Zhang (Fuyang Normal University, China), Yan Chao (Fuyang Normal University, China), and Zeyin Zhang (Fuyang Normal University, China)*

Research on the Internet Ideological and Political Education of College Students Based on Orderly Logistic Regression Model ..... 557
*Zhongkun Wu (Guangdong Industry Polytechnic, China), Zhixiong Zhang (Guangdong Industry Polytechnic, China), Guifeng Li (Guangdong Industry Polytechnic, China), Wenluan Zhang (Guangdong Industry Polytechnic, China), and Jia Li (Guangdong Industry Polytechnic, China)*

Dynamic Monitoring of University Discipline Construction Performance Based on Two-Dimensional Input-Output Model and Least Squares Model ..... 566
*Hong Fang (Tianjin Agricultural University, China) and Huilan Jin (Tianjin Agricultural University, China)*

The Direct Effect and Spillover Effect of Education Investment on Economic Growth: Based on the Application of Feder Model ..... 570
*Dan Hu (Hu Bei Business College, China) and Jing Liang (Chongqing Vocational College of Transportation, China)*

Information Statistical Analysis on the Effect of Anxiety Level on College Procrastinators and Non-Procrastinators on Academic Grades ..... 574
*Zheyuan Chen (Arizona State University, USA)*

Automatic Classification of Government Texts Based on Improved CNN and Skip-Gram Models .... 578
*MingXi Wen (Southwest Petroleum University, China), YongQi Chen (Southwest Petroleum University, China), Hao Wu (Southwest Petroleum University, China), SenHao Hou (Southwest Petroleum University, China), and Yun Yang (Southwest Petroleum University, China)*

Adaboost Algorithm Based on Optimized Loss Function Assists Highway Investment Risk Assessment ..... 584
*Lingling Wang (Wuhan University of Engineering Science, China), Ling Xin (Wuhan University of Engineering Science, China), and Xiaofeng Xie (Wuhan University of Engineering Science, China)*

Research and Practice of Teaching Mode of Big Data Acquisition and Cleaning Based on OBE Concept ..... 593
*Hongwu Yuan (Anhui Xinhua University, China)*

Learning Disability Early Warning System Based on Classification Algorithm ..... 597
*Ke Chen (Guangdong University of Petrochemical Technology, China), MinChuan Huang (Guangdong University of Petrochemical Technology, China), XingTong Zhu (Guangdong University of Petrochemical Technology, China), and GuoQuan Wang (Guangdong University of Petrochemical Technology, China)*

Research on the Visual Language Application of Guangxi Bronze Drum Decorations Based on SPSS Analysis ..... 601
*Jiaxing Wei (Guilin University of Electronic Technology, China) and Guangpei Lian (Guilin University of Electronic Technology, China)*

A Novel Data Recovery Algorithm for FAT32 File System ..... 605
*Bairen Chen (Guilin University of Electronic Technology, China), Junlin Guan (Guilin University of Electronic Technology, China), Huadeng Wang (Guilin University of Electronic Technology, China), and Gang Yao (Guilin University of Electronic Technology, China)*

Research on the Design of Integrated Teaching Service Platform Based on Feature Selection Algorithm ..... 609
*Yongming Huang (No. 3 Vocational Technical School of Nanning, China)*

Research on Artificial Intelligence Network Based on Deep Learning ..... 613
*Xuebin Zhu (Guangdong Polytechnic of Science and Technology, China), Zhoulin Wang (Guangdong Polytechnic of Science and Technology, China), Chengwei Li (Guangdong Polytechnic of Science and Technology, China), and Xiaowei Sun (Guangdong Polytechnic of Science and Technology, China)*
