TABLE OF CONTENTS

Preface

Peer review statement

Comparative analysis of the compression strength characteristics of polymer concrete modified by ultra-fine by-products silicon and aluminum industries	1
<i>V B Balabanov, K N Putsenko</i>	
Determination of scale coefficients for samples of autoclave structurally heat-insulating aerated concrete based on fly ash.....	5
<i>A Baranova, M Krivyh</i>	
Investigation of water absorption of non-autoclaved foam concretes based on microsilica.....	10
<i>A Baranova, V Bygajchuk</i>	
Innovations in construction and the practical potential of wood in student projects	15
<i>Ts B Dagdanova, M B Khadeev</i>	
Preparation of highly selective sorbents from metallurgical wastes based on cavitation activation of sorption centers.....	27
<i>O G Dubrovskaya, A G Bobrik, M A Bobrik, A I Matushenko, E A Eldarzade</i>	
Cyclic testing of polypropylene fibre reinforced concrete	32
<i>I G Korneeva</i>	
Construction of an axonometric outline of a curved surface of a part.....	37
<i>L I Kravcova, I I Kostrubova</i>	
Gas-hydrodynamic characteristics of aerotanks	42
<i>V N Kul'kov, E Yu Soloponov</i>	
The study of the phase composition and microstructure of composite binders using industrial waste Transbaikalia	52
<i>S Lkhasaranov, L Urkhanova, D Danzanov</i>	
Composite low-water demand cements – one of the most promising and available technologies in terms of “Ecology” national project	57
<i>S V Makarenko, B M Lozovskij, O V Khohryakov, V G Khozin, D I Baishev</i>	
The using of liquid stone for the restoration and creation of copies of archaeological objects	62
<i>A Ya Mashovich, V L Ruposov, E M Ineshin</i>	
Investment support for the implementation of scientific developments as a basis for the production of construction materials	67
<i>A V Peshkov</i>	
Technology for repairing and improving energy efficiency of enclosing structures of large-panel buildings of the 1-335 series.....	73
<i>A V Petrov, A G Petunin, E V Samarkina</i>	
Changes properties of concrete with cyclic low-temperature impacts.....	79
<i>B I Pinus</i>	

On the issue of ensuring reliability of reinforced concrete structures of “northern execution”	85
<i>B I Pinus</i>	
Main achievements and directions of scientific research in the field of foundation construction on sites composed of permafrost in the Russian Federation.....	91
<i>V E Rozina, A K Komarov</i>	
Polymerasphaltconcrete together with the use of modified effective components	95
<i>V E Rozina, N I Shestakov, A K Komarov</i>	
Construction and technical examination of wooden structures (on the example of a wooden country house)	101
<i>E V Samoilenko, V V Peshkov</i>	
Oxidized thermally expanded graphite as a raw material for the production of cement composites.....	109
<i>O Selezneva, V Orlov, P Shustov</i>	
Use of secondary raw material for foam concrete production	115
<i>S A Sherbin, P S Gorbach</i>	
Foam concrete production with addition of microsilica	120
<i>S A Sherbin, P S Gorbach</i>	
Whiskers as perspective input material for production of high temperature resistant ceramic building materials	125
<i>T I Shishelova, V V Fedchishin, M A Hromovskih</i>	
Use of mica-based composite materials for radiation protection of buildings.....	130
<i>T I Shishelova, M A Hramovskih, N F Chuvashhev</i>	
The elastic modulus for ash and slag mixtures reinforced with inorganic binders	135
<i>N Slobodchikova, A Rudykh</i>	
Thermodynamic calculations on system «Portland cement – water – carbon nanomodifier»	140
<i>N N Smirnyagina, B O Tsyrenov, L A Urkhanova</i>	
Discrete continuous mathematical models in the dynamics of horizontal vibrations of buildings	148
<i>V I Sobolev, T Y Druzhinina</i>	
Heat insulators based on silica clay raw materials	154
<i>G I Storozhenko, L K Kazanceva</i>	
Research of composite binders with nanomodifiers for dry mixes.....	158
<i>L Urkhanova, S Lkhasaranov, E Badmaeva</i>	
Review and analysis of winter concreting methods, used on construction sites in Russia	164
<i>E G Zhuravlyov</i>	
Perfection of technology for manufacture of heating units on the base of mica and glass	171
<i>V G Zhytov, T I Shishelova</i>	
Conceptual framework for implementing energy-efficient technologies into construction	176
<i>E Y Gorbachevskaya, O A Bezrukikh, T A Maletina, D A Safronov</i>	
Improving the energy efficiency of a residential building.....	182
<i>V M Kartavskaya, S A Khoroshikh</i>	

Assessing the energy efficiency of air-to-water heat pumps	187
<i>S I Kuzmin, A A Zelenina</i>	
Justification of the estimated difference in the potential of the water autonomous heating system	194
<i>S I Kuzmin, A V Zateeva</i>	
Research of the possibilities of SmartEnergyCoating applying for thermal insulation of engines in harsh climate.....	202
<i>I Y Pospelova, D A Kornlov</i>	
Energy efficient methods of protecting buildings from cold air flows	208
<i>I Yu Shelekhov, N L Dorofeeva, E I Smirnov, M I Shelekhov, I A Dorofeev</i>	
Research of changes in the efficiency of renewable energy depending on external influences	212
<i>I Yu Shelekhov, E I Smirnov</i>	
Technology of hybrid telemetry network of the Internet of things “KUMIR-Net”	218
<i>R Belousov, A Gapeenko, A Nikolaev, E Fiskin, M Fiskina</i>	
Comprehensive optimization of the route, composition and parameters of transporting pipelines for various technological purposes.....	224
<i>V R Chupin, D I Maizel</i>	
Comprehensive optimization of water supply and sanitation systems	233
<i>R V Chupin, I V Maizel, I G Maizel</i>	
Schematic and structural optimization of group water supply systems	243
<i>V R Chupin, A S Dushin</i>	
Development of closed systems of oil-field water treatment as a basis of ecological safety of oil deposits settlements maintenance	250
<i>O G Dubrovskaya, D I Dubrovskiy, E V Zhmakov, A I Matushenko</i>	
Study of the possibility for reducing of environmental damage when the transition to alternative sources of heat supply systems in housing and communal services	257
<i>O Grebneva, O Lavygina</i>	
Actual problems of the operation of apartment buildings	262
<i>V V Khan, N P Dekanova, P V Khan</i>	
Assessment of the energy performance of buildings	269
<i>V V Khan, N P Dekanova, P V Khan</i>	
Construction of waste incineration thermal power plants for a comprehensive solution to the problems of solid waste disposal in the Irkutsk region.....	278
<i>A N Kudryashov, E V Samarkina, A N Petrova</i>	
Determining the cost-effectiveness of thermal energy production by air-to-water heat pumps	284
<i>S I Kuzmin, N A Ivshina</i>	
Study of changes in emissions into the atmosphere with the reconstruction of heat supply systems.....	294
<i>O Lavygina, O Grebneva</i>	
Improving the quality of the air in modern energy-efficient buildings.....	298
<i>S S Makarov, E E Baimachev</i>	

Justification of the parameters of developing water supply and sanitation systems based on their electronic models.....	303
<i>E S Melekhov, R V Chupin</i>	
Variable geometry impeller centrifugal pump.....	310
<i>A Pankin, L Makotrina</i>	
A promising water supply scheme for Khomutovo village (Irkutsk district, Irkutsk region).....	316
<i>A A Shcheglov, V G Sudnikovich</i>	
The study of the use of “Dezolak” for disinfection and deodorization of sewage sludge	322
<i>V I Sherbakov, K I Chizhik, V V Pomogaeva, O Y Tararykov</i>	
Device to perform primary damper tank wastewater treatment at sewage pumping stations. Static calculation	331
<i>D V Skibo, A G Kunitsyn</i>	
Development and reconstruction of district water supply systems.....	341
<i>O K Slepnev, I V Maisel, V R Chupin</i>	
Using of the complex mobile station for heat and energy supply of residential villages, located on the protected areas	354
<i>A A Tunik, M Yu Tolstoy</i>	
Management of the housing and utilities sector in small municipal districts	360
<i>G F Zharkaya, T N Alekseev, D A Tsyrempilov, O A Krapivkina</i>	
Techniques for designing a mini house on a garden plot.....	364
<i>A G Bolshakov</i>	
Architectural features and problems of preserving the monument of Orthodox construction in Transbaikalia - the Church of the village of Konduy	380
<i>E Drobotushenko, P Novikov, S Karasev, Y Lantsova</i>	
The use of standard series plans in designing unique buildings: the case of V. A. Pavlov’s residential house in Irkutsk.....	386
<i>I Druzhinina</i>	
City identity: mechanisms of formation of design of the urbanized territories	391
<i>E V Hokhrin, S A Smolkov</i>	
Regeneration of architectural style of the historical environment of the cultural and public downtown.....	399
<i>E V Hokhrin, S A Smolkov</i>	
Basic principles of development of green and open spaces in the structure of the historical city on the example of the cities of Dresden, Stuttgart.....	406
<i>V V Kozlov, K G Ivanova, S S Belomestnyh</i>	
Modern city: areas of modernization of the urban environment.....	413
<i>V A Kudryavtseva</i>	
Stage-by-stage construction approach in developing railway station complexes	419
<i>A I Kulakov, Yu V Krakovtseva</i>	
Religious buildings in developing Irkutsk city image	426
<i>A I Kulakov, A U Ri</i>	

Development of investment zones in the renewal model for a former industrial city: Case-Study of Chattanooga.....	431
<i>A Lyapin</i>	
Architecture of the University campus in terms of maximum energy efficiency	436
<i>Z F Nizamutdinova, N E Krivchikov</i>	
Modern aspects of the formation and implementation of environmental policy in an urban conditions	443
<i>E Pesotskaya, L Selyutina, A Chernykh</i>	
Public spaces as a factor of the quality of the urban environment (on the example of the city of Irkutsk)	449
<i>N V Polyakova, V V Polyakov, V E Zaleshin</i>	
Plan of reorganization of the architectural space of military campus No. 19 for the needs of the Suvorov Military School	458
<i>N A Skorikova</i>	
Mathematical model of assessing urban planning decisions based on capital construction facilities location under the city plan	464
<i>A V Zedgenizov, A I Solodkiy, K V Seliangin</i>	
Housing cost dependence on transport accessibility territory of industrial city	468
<i>M I Sharov, O A Lebedeva</i>	
An analysis of traffic flow distribution on roads	476
<i>E V Volkova, A A Stepanenko</i>	
Assessment of suburbanized areas transport demand: case study of the Irkutsk Agglomeration	483
<i>A V Zedgenizov, A I Solodkiy, I Efremenko</i>	
The current situation with the issue of modeling of flat and spatial structures based on wood.....	489
<i>T L Dmitrieva, K A Podshivalova, I P Pinaykin</i>	
Corporate information systems in construction	495
<i>S V Fedorova</i>	
State of the problem of numerical modeling of optimal design of load bearing structures of linear pipeline systems	501
<i>A V Kablukov, T L Dmitrieva</i>	
On the development of a united digital platform in the construction industry	507
<i>V A Kudryavtseva, N V Vasileva</i>	
Features of digital transformation in the construction industry	513
<i>V A Kudryavtseva, O V Nikishina, N V Vasileva</i>	
Smart technologies as a type of intangible assets of a construction organization and mechanisms for their implementation.....	519
<i>A V Peshkov</i>	
Difficulties in transforming the construction industry under the digital economy	525
<i>O G Timchuk, M V Evloeva</i>	
Digital transformation of the Russian construction industry	533
<i>V N Turkova, A N Archipova, Z G Fedorovna</i>	

Development of a system for monitoring environmental parameters of cities and open areas.....	538
<i>R Belousov, A Nikolaev, E Fiskin, M Fiskina</i>	
Urban reorganization and development of Baikal macro-region.....	544
<i>A Kolesnikov</i>	
Development of technologies for improving the water resources of contaminated areas using plants	551
<i>E Vasilevich</i>	
Overcoming information asymmetry in the construction industry based on open and closed contractor activity data	556
<i>I Anokhov</i>	
A model for managing the development of low-rise housing construction using the method of discursive design	564
<i>O A Bezrukikh, T O Pinchuk, S V Latysheva</i>	
Contemporary perspective of energy efficiency: essentials, content, challenges, implementation in the Russian Federation	569
<i>O A Bezrukikh, E Yu Gorbachevskaya, N G Sivtseva</i>	
Problematic aspects of the management system for large-panel low-rise construction.....	575
<i>O Bezrukikh</i>	
Innovative system of organization of capital repairs of common property of apartment buildings: problems and solutions	583
<i>E Dediukhina</i>	
Analysis of the DuPont model of the construction industry in the Baikal region.....	590
<i>E A Filatov, V I Bunkovsky</i>	
Analysis of the Filatov model of the construction industry in the Baikal region	601
<i>E A Filatov, L G Rudykh</i>	
Optimization of trading and purchasing policies in the market of the construction material	609
<i>D A Gercekovich, E Yu Gorbachevskaya, E A Abramov, E V Rybakova</i>	
Legal regulation of construction quality and control	615
<i>I A Guseva</i>	
Specificity assessment and management of financial stability of construction companies	621
<i>N V Kretova, G I Khokhlova, A A Kretova, A Yu Khokhlova</i>	
On legal regulation of investment of financial resources of the compensation funds created by self-regulatory construction organizations.....	627
<i>I V Kuryshova, A A Timofeeva</i>	
Improving construction administration technologies in emergency response: targeted focus.....	632
<i>M V Matveeva</i>	
A concession agreement as an effective mechanism for the development of innovative activities in the housing and utilities sector	637
<i>L G Nikityuk</i>	
Organization of work on the development of measures to ensure the survivability of buildings exposed to flooding	643
<i>V V Peshkov</i>	

Winter city: staff training features.....	649
<i>V V Peshkov</i>	
Organization of investment support for entrepreneurial activity in energy construction	654
<i>V S Ryutin, M V Matveeva</i>	
The role and place of small innovative enterprises in the construction industry in the modern economy of single-industry towns.....	661
<i>Y A Skorobogatova, A S Bovkun, M Yu Ivanov, O S Shilova</i>	
The factors that influence the dynamic development of the construction industry in a remote region	667
<i>O V Tayurskaya, D R Okladnikova, K R Bibarsov</i>	
Infrastructure project planning	674
<i>N G Urazova, N V Kotelnikov, A V Martynyuk</i>	
Formation of the fuel and energy complex of Eastern Siberia in the 1960s–2010s: construction of energy enterprises.....	684
<i>O A Uvarova, O E Naumova</i>	
Cost optimization for overhauling the apartment blocks in Irkutsk, Russia.....	691
<i>I V Yamshchikova, I A Lisetskij</i>	
The importance of the feasibility study of investments in the development of the Russian oil and gas industry.....	698
<i>T V Dobysheva, A M Gidaspova</i>	
Some aspects of risk management in the investment and construction sector.....	706
<i>G I Khokhlova, J A Yushina, V Y Burov</i>	
Determinants of the housing engineering entrepreneurship	712
<i>A B Kogan</i>	
Development of a risk assessment methodology for the implementation of investment projects of a construction organization	718
<i>G Z Nizamova, M M Gayfullina, D R Musina, A Yu Tumanova, A A Battalova</i>	
The model of ecologically oriented development of managerial technologies in construction sphere.....	726
<i>I P Nuzhina, L A Kaverzina</i>	
Construction company administration of intangible resources in the face of uncertainty	732
<i>A V Peshkov</i>	
Inefficiency of the current system of forming the initial maximum price of the contract of the state construction order.....	738
<i>T O Pinchuk, I I Kazantseva</i>	
Concept of logistics processes in the activity of a construction company in the implementation of innovative construction projects.....	744
<i>T O Pinchuk, N V Chuvashova</i>	
Alternatives of judicial economic disputes settlement in investment and construction sphere	750
<i>N Yu Yaskova, L I Zaitseva</i>	
Low-rise housing – a new tool for the development of the rental real estate market	757
<i>E Yu Gorbachevskaya</i>	

Specifics of construction in Eastern Siberia in 2015-2019.....	764
<i>N V Kaigorodova, L G Rudykh</i>	
Impact of escrow accounts on construction rates	769
<i>M V Matveeva</i>	
Specifics of construction in China in 2019-2020.....	775
<i>L G Rudykh</i>
