# 2021 2nd International Conference on Computer Science and Management Technology (ICCSMT) ICCSMT 2021

## Table of Contents

Preface .....	xvii
Organizing Committee .....	xix
Reviewers List .....	xx

### **Session 1: Computer Model Recognition and Intelligent Management Technology**

Research on Financial Management System Based on Data Analysis Model .....	1
<i>Zhiling Li (Hebei University of Technology, China) and Weixing Tan (Shandong Yingdalongqi Software Technology Co., Ltd., China)</i>	
Predicting the Future of the Products Based on User Preference Models and Rating Indicators .....	6
<i>Juncheng Chen (Northwest Minzu University, China)</i>	
Threshold Regression Analysis Is Used to Analyze the Impact of Computer Software and Information Technology Service Industry Agglomeration on Manufacturing Competitiveness ...	11
<i>Haifeng Zhang (Harbin Engineering University, China) and Ye Wang (Harbin Engineering University, China)</i>	
A Novel Discrete Grey Model with Hyperbolic Sinusoidal Term and Its Applications of the Regional Gross Domestic Product Forecasting .....	17
<i>Xue Tian (Southwest University of Science and Technology, China), Hui Zhang (Southwest University of Science and Technology, China), Yi Yang (Sichuan Institute of Standardization, China), WenQing Wu (Southwest University of Science and Technology, China), Peng Zhang (Southwest University of Science and Technology, China), and GaoXun Zhang (Southwest University of Science and Technology, China)</i>	
Research on Comprehensive Benefit Evaluation Model of Municipal Engineering Based on Triangular Fuzzy Number and Fuzzy Comprehensive Evaluation .....	22
<i>Shuang Shi (University of South China, China) and ChunLong Nie (University of South China, China)</i>	
Research on Initial Trust Mechanism of Structural Equation Model Based on Data .....	27
<i>Jichang Bian (Tianjin University of Technology, China)</i>	

Model and Analysis of Low-Carbon Innovation Investment Level of Complex Product Manufacturing Enterprises Based on Differential Game .....	31
<i>Shen Huang (Jiangsu Institute of Automation, China), Cancan Wang (Jiangsu Institute of Automation, China), and Yuqin Wang (Jiangsu Institute of Automation, China)</i>	
Uncertainty-Oriented Intelligent Simulation Test System and Its Framework .....	37
<i>Xiao-chao Wu (Guangzhou College of Commerce, China), Ou-ya Zhang (Guangzhou College of Commerce, China), Ming-Hui Qiu (Guangzhou College of Commerce, China), and Hai-Feng Xu (Guangzhou College of Commerce, China)</i>	
The Construction of an Automatic Trading System with a High Return-to-Risk Ratio Based on the Model of Adding Positions Following Trend .....	42
<i>Dongxian Zhou (Guangzhou College of Technology and Business, China) and Sansan Li (Guangzhou College of Technology and Business, China)</i>	
LSTM Based Model for Apple Inc Stock Price Forecasting .....	48
<i>Huaijin Shi (Chinese University of Hong Kong, China), Gao Yuan (Lanzhou University, China), Zhuoran Lu (Xi'an Jiaotong University, China), and Qian Liang (Yunnan Normal University, China)</i>	
Multi-Relational Graph Convolutional Network Based on Relational Correlation for Link Prediction .....	52
<i>Lianhong Ding (Beijing Wuzi University, China) and Shengchang Gao (Beijing Wuzi University, China)</i>	
Research on Network Public Opinion Model Based on Opinion Dynamics .....	56
<i>Hongyu Guo (Wuhan University of Technology, China) and Jindong Qin (Wuhan University of Technology, China)</i>	
Research on Supply Chain Integrated Planning Model Based on Analytic Hierarchy Process and Optimization Theory .....	60
<i>Mingxuan Jiang (Beijing University of Posts and Telecommunications, China)</i>	
Analysis and Research on Enterprise Financial Information Monitoring Model .....	64
<i>Zhiling Li (Hebei University of Technology, China) and Weixing Tan (Shandong Yingdalongqi Software Technology Co., Ltd., China)</i>	
Risk Ranking Governance Mechanism of Short-Term Rental Housing Based on an Integral Early Warning Model in the Context of Big Data .....	69
<i>Kaiqiao Yang (People's Public Security University of China, China), Yanling Deng (People's Public Security University of China, China), Zhushen Shao (Shandong Judicial Police Vocational College, China), Chen Chen (National Police University for Criminal Justice, China), and Cheng Huang (People's Public Security University of China, China)</i>	
Analysis and Application of Digital Campus 3D Landscape Modeling Method .....	76
<i>Jing He (Chongqing Aerospace Polytechnic, China)</i>	
Management Practice of Process-Based System Construction Applied to Complex Engineering .....	80
<i>Mingliang Hu (AVIC Computing Research Institute, China), Erjun Yu (AVIC Computing Research Institute, China), Lu Zhang (771 Institute of the Ninth Research Institute of Aerospace Science and Technology Corp., China), and Xiaqing Liu (AVIC Computing Research Institute, China)</i>	

Research on Cold Load Forecasting Model Based on Long Short-Term Memory .....	87
<i>Honghao Zheng (Information Engineering University, China), Xiuming Zhao (Information Engineering University, China), Yiteng Wu (Information Engineering University, China), Xuhui Song (Information Engineering University, China), Kejun Jin (Information Engineering University, China), and Yingle Li (Information Engineering University, China)</i>	
Research on Excavation Technology of Software Implied Testing Requirements .....	92
<i>Yang Yang (Beijing Research Institute of the Beijing Flight Communications Computing, China), Kun Li (Beijing Research Institute of the Beijing Flight Communications Computing, China), Qing Zhang (Beijing Research Institute of the Beijing Flight Communications Computing, China), and Ying Wang (Beijing Research Institute of the Beijing Flight Communications Computing, China)</i>	
Analysis and Design of College Student Award Management System .....	97
<i>WuNan Ding (Wuhan University of Technology, China)</i>	
Research on the Optimization of the Raw Materials Ordering and Transportation Plans of a Manufacturing Enterprise Based on Programming Models .....	101
<i>Shuyu Lian (Xiamen University, China), Kailu Lei (Xiamen University, China), and Zhixiang Huang (Xiamen University, China)</i>	
New Energy Vehicle Sales Forecast Based on GA-SFA-SVR .....	106
<i>Kai Dang (Sichuan Normal University, China), Qing Li (Huazhong Agricultural University, China), and Zhiqi Xu (Capital University of Economics and Business, China)</i>	
Research on Ship Route and Container Disruption Recovery .....	111
<i>Yuzhen Hu (Engineering University, China) and Han Yan (Engineering University, China)</i>	
Research on Employee Silence in Information Technology Industry: A Regression Analysis Model .....	116
<i>Xiaorong Wu (Nanfang College, China), Zhiyu Lv (Tsinghua University, China), Lu Chang (Southern Medical University, China), and Shuqun Shen (Southern Medical University, China)</i>	
Detection of Cassava Leaf Diseases Using Self-Supervised Learning .....	120
<i>Hengyi Zhang (Shanxi University, China), Yushen Xu (Foshan University, China), and Jialiang Sun (Computer Science and Technology College CUMT, China)</i>	
Pork Price Forecast Based on the Comparison of KPCA-ARIMA-LSTM and DBN Multi-Model ....	124
<i>Fan Yang (Dalian University of Technology, China), Sihao Lin (Donghua University, China), and Jiaxuan Zhang (Shanxi University, China)</i>	
Evaluating the Generalization of 3D Detectors with Hybrid Point Clouds .....	131
<i>Yonglin Tian (University of Science and Technology of China, China) and Xiao Wang (Institute of Automation, Chinese Academy of Sciences, China)</i>	
DaDDNet: A Dynamic-Aware Dual-Discriminators Network for Generating Adversarial Patches .....	136
<i>Siyuan Chen (Sichuan University, China)</i>	

A Logistics Proof Chain for the Decentralized Trading Model Based on Two-Tier Identities .....	142
<i>Hongbo Li (National University of Defense Technology, China) and Tao Xie (National University of Defense Technology, China)</i>	
Research on Distance and Reputation Coefficient – Pricing Model Based on Population Grouping .....	147
<i>Lisheng Chen (Northeast Electric Power University, China), Tianxiang Xie (Northeast Electric Power University, China), Yifei Song (University of Sheffield, UK), and Meiqi Wang (Northeast Electric Power University, China)</i>	
Study on Credit Default Risk Prediction Model Based on BP-RF Neural Network .....	154
<i>Weiming Sun (Jilin University, China), Yiwei Zhu (NingboTech University, China), and Qiyun Hu (Tongji University, China)</i>	
The Impact of User Perceived Overload on Continuance Intention to Use Social Commerce: Based on Stimulus-Organism-Response Model .....	160
<i>Wangchun Zhang (Hefei University of Technology, China)</i>	
Research on Environmental Information Disclosure Based on the Perspective of Impression Management .....	165
<i>Haiyan Zheng (Shanghai Institute of Technology, China) and Xinyu Wang (Shanghai Institute of Technology, China)</i>	
Research on Public Safety Emergency Management of "Smart City" .....	169
<i>ShuGuang Wang (School of Finance and Public Administration, China) and MengShan Li (School of Finance and Public Administration)</i>	
Factors Affecting Chinese Economy during COVID-19 Based on Regression Model in SPSS .....	173
<i>Ye Zhang (Wuhan University of Technology, China)</i>	
Empowering Financial Technical Analysis Using Computer Vision Techniques .....	179
<i>Chengge Wu (Hunter College High School, USA)</i>	
Airline Customer Value Analysis and Customer Churn Prediction Based on LRFMC Model and K-Means Algorithm .....	185
<i>Jingwen Ran (Hubei University of Economics, China) and Xingqi Cheng (University of Stuttgart, Germany)</i>	
Analysis of the Management Strategy of Liquor Enterprises Using Microsoft’s PowerBI Tool: Taking Kweichow Moutai Enterprises as an Example .....	194
<i>Yichen Zheng (Rensselaer Polytechnic Institute, USA)</i>	
Research on the Application of ERP Financial Software in Enterprises .....	201
<i>Ping Mu (Shandong Institute of Commerce and Technology, China)</i>	
Predicting Price Direction of Cryptocurrency Using Artificial Neural Networks .....	205
<i>Wenbo Ye (Zhejiang University, China)</i>	
Construction of the Competency Model of the Chief Quality Officer—Based on the Iceberg Model .....	210
<i>QiLin Jiang (Jiangsu University of Science and Technology, China) and Ping Gu (Jiangsu University of Science and Technology, China)</i>	
Research on Enterprise Network Security System .....	216
<i>Jundan Hou (China Telecom Corp. Ltd. Beijing Research Institute, China) and Xiang Jia (China Telecom Corp. Ltd. Beijing Research Institute, China)</i>	

## Session 2: Artificial Intelligence Algorithms and Deep Learning Applications

Research on Coupling Coordination Degree of Artificial Intelligence and Human Capital Investment .....	220
<i>Weiwei Kong (Harbin University of Commerce, China) and Lulu Wang (Harbin University of Commerce, China)</i>	
A Projective Noise Reduction Algorithm Based on Laplacian Smoothing .....	224
<i>Guanghua Zhao (University of Science and Technology Beijing, China), Tao Yang (University of Science and Technology Beijing, China), and Dongmei Fu (University of Science and Technology Beijing, China)</i>	
Research on Airline Disruption Management Based on Computer Algorithm Considering Passenger Behavior Choice .....	231
<i>Yuzhen Hu (Harbin Engineering University, China), Tao Lv (Harbin Engineering University, China), and Yan Han (Harbin Engineering University, China)</i>	
Research on the Optimal Strategy of Enterprise Raw Material Supply Chain Based on Analytic Hierarchy Process and Comprehensive Evaluation Method .....	237
<i>Huiting Jia (Hainan University, China), Jiaxin Lu (Hainan University, China), Tianci Huang (Hainan University, China), Shang Zhou (Xian Jiaotong-Liverpool University, China), Yihao Wang (North University of China, China), and Xiangzhen Jia (Henan University of Economics and Law, China)</i>	
Rapid Detection Method of Workshop Staff Based on Deep Learning .....	243
<i>Pei Zhang (Nanjing University of Science and Technology, China)</i>	
Research on GEMD Image Hiding Technique Based on Chinese Remainder Theorem .....	249
<i>Ke Luo (Shaoyang University, China) and Wei Gao (Yunnan Normal University, China)</i>	
Research on the Influence Mechanism of Artificial Intelligence (AI) Customer Service on User Satisfaction with Online Shopping .....	253
<i>Yumeng Zhao (Sichuan Agricultural University, China), Tao Zhang (Sichuan Agricultural University, China), Yusong Liu (Sichuan Agricultural University, China), Yuqing Zhu (Sichuan Agricultural University, China), and Yue Gao (Sichuan Agricultural University, China)</i>	
Knowledge Graph Based on Defect Detection of Aerospace FPGA Software Code .....	261
<i>Hao Yan (Beijing Institute of Computer Technology and Applications, China) and DongFang Li (Beijing Institute of Computer Technology and Applications, China)</i>	
Seismic Facies Classification Algorithm Based on the EarthTransNet .....	267
<i>Haoran Liang (Xiamen University, China), Yanxin Yang (Xiamen University, China), Liang Shi (Xiamen University, China), and Qingqiang Wu (Xiamen University, China)</i>	
Analysis of Metro Traveling Crowd Based on Kernel K-Means Clustering Algorithm – Take Shenzhen Metro as an Example .....	271
<i>Jiaxuan Liu (Beijing University of Posts and Telecommunications, China), Shuaiyu Chen (Henan University, China), and Zhaolong Shen (Northeastern University, China)</i>	

Automatic Parking Space Detection System Based on Improved YOLO Algorithm .....	279
<i>Zheng Xie (Changchun University of Chinese Medicine, China) and Xing Wei (Changchun University of Chinese Medicine, China)</i>	
Econometric Analysis of Chinese Urban Residents' Consumption Based on Regression Analysis ....	286
<i>Yinglin Zhong (Tianjin University of Science and Technology, China), Jiawei Yao (Tianjin University of Science and Technology, China), Yan Xu (Tianjin University of Science and Technology, China), Zhirui Zhou (Tianjin University of Science and Technology, China), Yuqing Xiao (Tianjin University of Science and Technology, China), and Qiyu Gu (Tianjin University of Science and Technology, China)</i>	
Foreign Matter Detection of Coal Conveying Belt Based on Machine Vision .....	293
<i>Yehui Xie (Xi'an University of Science and Technology, China), Sun Yu (Xi'an University of Science and Technology, China), and Ziyang Huang (Xi'an University of Science and Technology, China)</i>	
Parallel Computing Optimization for Ground-Based TT&C Network Situational Data Processing ....	297
<i>Junchao Chen (Xi'an Satellite Control Center, China), Yibing Dong (Xi'an Satellite Control Center, China), Yuanyuan Li (Xi'an Satellite Control Center, China), and Wang Feng (Xi'an Satellite Control Center, China)</i>	
An Algorithm for Judging the Depth of Image Defocusing Used for Automatic Focusing .....	305
<i>Yicong Yuan (Second Institute of China Aerospace Science and Technology Corp. Aerospace Changfeng, China) and Junming Hao (Second Institute of China Aerospace Science and Technology Corp. Aerospace Changfeng, China)</i>	
PREMA: Part-Based REcurrent Multi-view Aggregation Network for 3D Shape Retrieval .....	311
<i>Jiongchao Jin (Beihang University, China), Huanqiang Xu (Beihang University, China), Zehao Tang (Beihang University, China), Pengliang Ji (Beihang University, China), and Zhang Xiong (Beihang University, China)</i>	
The Effect of Internal Control Technology on the Information Transparency .....	319
<i>Su Wu (Shaanxi Normal University, China)</i>	
Multi-Layer Feature Fusion Method with Fewer Connections for Fast Semantic Segmentation .	323
<i>Jie Yuan (Minzu University of China, China), Zhaoyi Shi (Minzu University of China, China), Shuo Chen (Minzu University of China, China), and Shaona Yu (Minzu University of China, China)</i>	
Research on Traffic Video Flow Monitoring Based on Spark .....	331
<i>Jinqing Mu (Xinjiang Normal University, China), Jing Luan (Xinjiang Normal University, China), and Danni Li (Xinjiang Normal University, China)</i>	
Research on Enterprise Optimization Scheme Based on Grey Correlation Entropy Weight Method and Multi-Objective Programming .....	336
<i>Xiaolu Jiang (Hohai University, China) and Bin Chen (Hohai University, China)</i>	

Research on Text Generation of Movie Information Retrieval Based on Natural Language Processing Technology .....	342
<i>Jinyuan Zhang (ChongQing University of Technology, China), Xiaochen Xiao (University of Electronic Science and Technology of China, China), and Kexun Chen (South West Jiaotong University, China)</i>	
Discriminative Correlation Filter Tracking Algorithm with Transformer Based on a Multi-Frame Cross-Attention Mechanism .....	349
<i>Jie Yuan (Minzu University of China, China), Shuo Chen (Minzu University of China, China), Zhaoyi Shi (Minzu University of China, China), and Shaona Yu (Minzu University of China, China)</i>	
A Multiple Object Tracking Method Based on Optimized FairMOT .....	358
<i>Haoru Qi (Capital Normal University, China), Xiaoyan Fu (Capital Normal University, China), Xuejie He (Capital Normal University, China), and Honghong Liu (Capital Normal University, China)</i>	
Research on the Mechanism of Epidemic Network Emergencies Based on Grounded Theory ..	363
<i>JinGui Jiang (Harbin Engineering University, China), GuoMei Meng (Harbin Engineering University, China), and Feng Lu (Harbin Engineering University, China)</i>	
FRN-YOLO: A Feature Re-Fusion Network for Remote Sensing Target Detection .....	372
<i>Yu Sun (North China University of Technology, China), Wenkai Liu (North China University of Technology, China), Xinghai Hou (North China University of Technology, China), and Fukun Bi (North China University of Technology, China)</i>	
Object Detection Algorithm Based on Alternate-Attention .....	376
<i>Xuejie He (Capital Normal University, China), Chenyan Bai (Capital Normal University, China), Haoru Qi (Capital Normal University, China), and Honghong Liu (Capital Normal University, China)</i>	
Research on Lightweight Deep Correlation Filter Tracking Algorithm Based on Fuzzy Decision.	382
<i>Chunting Li (Minzu University of China, China) and Honglin Chen (Minzu University of China, China)</i>	
Research on Tourist Attractions Control Recommendation Scheme Based on User Perception – Take Guangzhou's Conghua Tourist Attractions as an Example .....	392
<i>Haiyan Lv (Guangzhou City Construction College, China; Guangzhou Public Performance Management Research Association, China), Yizhi Kang (Guangdong Baiyun University, China), and Shanshan Zhang (Guangzhou City Construction College, China)</i>	
K-Means Clustering Algorithm Analysis on Specific Economic Development Problems in Target Countries .....	396
<i>Wenyao Zhou (University of Virginia, USA)</i>	
The Influence of Knowledge Breadth and Knowledge Depth on General Purpose Technology R&D and Spillover .....	403
<i>Jie Cen (Zhejiang Gongshang University, China) and Jing Li (Zhejiang Gongshang University, China)</i>	
Pruning Deep Feature Networks Using Channel Importance Propagation .....	407
<i>Honglin Chen (Minzu University of China, China) and Chunting Li (Minzu University of China, China)</i>	

Improved Canny Edge Detection Algorithm .....	414
<i>Lang Wang (School of Shanghai Dianji University, China) and Yuan Sun (School of Shanghai Dianji University, China)</i>	
Research on Real-Time Medical Online Learning Content Recommendation Based on Multi-View Data Mining .....	418
<i>Hongshu Yan (Dalian Polytechnic University, China), Xinyue Ma (Dalian Polytechnic University, China), and Shengwen He (Dalian Jiucheng Surveying and Mapping Information Co., China)</i>	
Medical Analysis of Social Media Data Based on Spark and Machine Learning in China .....	425
<i>Siqi Peng (Shandong University, China)</i>	
A Fast and Efficient Lines Matching Method via Multi-Depth-Layer Strategy .....	429
<i>Qiang Chen (Shanghai Jiao Tong University, China), Lingkun Luo (Shanghai Jiao Tong University, China), Jiyuan Cai (Shanghai Jiao Tong University, China), and Shiqiang Hu (Shanghai Jiao Tong University, China)</i>	
Analysis on Influencing Factors of China's Service Export Trade Volume Based on Multiple Regression Method .....	434
<i>Yinglin Zhong (Tianjin University of Science and Technology, China), Zhirui Zhou (Tianjin University of Science and Technology, China), Junyi Huang (Tianjin University of Science and Technology, China), Jiawei Yao (Tianjin University of Science and Technology, China), Xinyi Huang (Tianjin University of Science and Technology, China), and Yu Lin (Tianjin University of Science and Technology, China)</i>	
Traditional Architecture Artificial Intelligence Chip Technology .....	440
<i>Qinze Jiang (University of Edinburgh, UK) and Jiajun Zhan (Hefei University of Technology, China)</i>	
Image Augmentation Algorithm Based on the Detection of Personnel's Safety Uniform in the Workshop .....	446
<i>Yuhang Li (Nanjing University of Science and Technology, China) and Hao Guo (Nanjing University of Science and Technology, China)</i>	
Research on Manufacturing Tax Policy Based on Neural Network .....	451
<i>Lan Li (Harbin University of Commerce, China), Wenjuan Ren (Harbin University of Commerce, China), and Xiaofeng Zhang (Harbin University of Commerce, China)</i>	
Application and Influence of Artificial Intelligence Technology in Commercial Banks .....	455
<i>Xianke Li (Guangzhou College of Applied Science and Technology, China)</i>	
Research on Regional Differences of Influencing Factors of Minimum Wage – Based on Factor Analysis and LASSO Regression .....	459
<i>Jinmin Zhang (Shanghai University of Engineering Science, China), Xufang Li (Shanghai University of Engineering Science, China), and Dijun Fan (Shanghai University of Engineering Science, China)</i>	
Research on Solving Combinatorial Optimization Problems Based on Hyper-Heuristic Algorithms .....	463
<i>Jianshuang Cui (University of Science and Technology Beijing, China) and Jingwen Yu (University of Science and Technology Beijing, China)</i>	

## Session 3: Big Data Analysis and E-Commerce Blockchain

Research and Application of Business Intelligence and Data Mining Based on Big Data .....	469
<i>Gaofeng Xu (Shanghai Urban Construction Vocational College, China) and Rong Xiong (Shanghai Urban Construction Vocational College, China)</i>	
Research on Performance Evaluation of Fiscal Expenditure Efficiency in Old Industrial Cities .....	473
<i>Defa Cai (Harbin University of Commerce, China) and Peng Chang (Harbin University of Commerce, China)</i>	
Research on Collaboration between Automotive Industry Value Chain and Blockchain Technology .....	477
<i>Yunke Shen (Sichuan University, China), Chaoxia Qin (Sichuan University, China), and Yuting Zhao (Sichuan University, China)</i>	
Innovation Performance of New Energy Vehicle Enterprises Based on Big Data Analysis .....	481
<i>ZhiYi Zhang (Wuhan University of Technology, China), HanSong Zou (Wuhan University of Technology, China), and PengDa Tan (Wuhan University of Technology, China)</i>	
Application of Energy Management in a High-Star Hotel Contract Based on Big Data .....	484
<i>Lingqian Wu (Shanghai Urban Construction Vocational College)</i>	
Research on Coupling and Coordination of Tourism Development and Ecological Environment Based on Big Data – Take Guangxi as an Example .....	489
<i>Jieping Zhong (Guilin University of Technology, China; Institute of Guangxi Tourism Industry, China) and Shengfeng Luo (Guilin University of Technology, China; Institute of Guangxi Tourism Industry, China)</i>	
Personal Trajectory Verification Based on Blockchain and Zero-Knowledge Proof .....	493
<i>Shaofu Lin (Beijing University of Technology, China), Yunhui Li (Beijing University of Technology, China), Huamin Chen (Beijing University of Technology, China), Jingwen Li (China Telecom Co., Ltd., China), and Xiaofeng Jia (Beijing Bigdata Centre, China)</i>	
Research on Value Evaluation of Technological Achievements Based on Big Data Analysis .....	498
<i>Jixiang Yue (Shandong Institute of Petroleum and Chemical Technology, China) and Mingyu Yue (University of Melbourne, Australia)</i>	
Research on Application of Blockchains in Supply Chain Risk Management .....	504
<i>Man Xie (Guangzhou Xinhua University, China), Yu Wei (Foshan Fengcheng Middle School, China), and Yanna Wang (Guangzhou Xinhua University, China)</i>	
The Analysis of E-Commerce Data: Based on LoT Model .....	510
<i>Lin Li (Dalian University of Science and Technology, China), Weijia Zeng (Dalian University of Science and Technology, China), Fang Qin (Dalian University of Science and Technology, China), and Peng Xu (Dalian University of Science and Technology, China)</i>	
Analysis and Optimization of Barge Operation Process of Bulk Cargo Business System in Port.	515
<i>Manman Xing (Beijing Jiaotong University, China) and Lei Huang (Beijing Jiaotong University, China)</i>	

Evolutionary Analysis of the Servitization of Manufacturing Enterprises Based on Evolutionary Game Theory .....	519
<i>Jin Liu (Guangdong Communication Polytechnic, China), Yifang Zhan (Guangzhou Xinhua University, China), Jinchao Guo (Guangzhou Xinhua University, China), and Jian Weng (Guangzhou Xinhua University, China)</i>	
Research on Quality Evaluation of Crowdsourcing Logistics Service under New Retail .....	524
<i>Fengjie Wang (Guangzhou Xinhua University, China), Yuqi Lu (Guangzhou Xinhua University, China), Jinchao Guo (Guangzhou Xinhua University, China), and Haiyan Wu (Guangzhou Huashang Vocational College, China)</i>	
Application Research on Blockchain Based Access Control .....	530
<i>Ying Zhu (Nanjing University of Aeronautics and Astronautics, China) and Feng Xu (Nanjing University of Aeronautics and Astronautics, China)</i>	
Analysis on the Evolution Characteristics of Papers in Chinese STM Journals – Based on Altmetrics and SciVal Big Data .....	535
<i>Yan Zhang (Northwestern Polytechnical University, China), RuiKe Li (Xidian University, China), Ying Tan (Northwestern Polytechnical University, China), and Wanxin Zhao (Northwestern Polytechnical University, China)</i>	
Analysis and Evaluation of Innovation Performance of Micro, Small and Medium-Sized Technology Enterprises Based on ANN-RBF .....	544
<i>Jincheng An (Northwestern Polytechnical University, China), Xinlu Dong (Xi'an Jiaotong University, China), and Xintong Xie (Shandong University, China)</i>	
Research and Countermeasures on ESG Information Disclosure of Listed Enterprises in China under the Background of Internet Technology .....	550
<i>Dan Han (Shaanxi Normal University, China) and Yu Zhao (Shaanxi Normal University, China)</i>	
Charity Supervision Management System Based on Blockchain .....	554
<i>Xin Fan (Chengdu University of Information Technology, China)</i>	
Analysis and Prediction of Venture Capital Network .....	558
<i>Hongyi Lan (Wuhan University, China), Jiarao Liu (Concordia University, Canada), Zhongao Yu (Sun Yat-Sen University, China), and Shuqi Zi (Newcastle University, UK)</i>	
Research on Product Ordering and Transit Scheme Based on PCA and Multi-Objective Programming .....	565
<i>Jiaxin Wang (Shandong University of Finance and Economics, China), Hongsheng Zhou (Shandong University of Finance and Economics, China), Fanru Ouyang (Shandong University of Finance and Economics, China), and Yumin Shi (Shandong University of Finance and Economics, China)</i>	
Research and Application of Operational Risk Evaluation Method for Offshore Wind Power Project .....	572
<i>Siyuan Tang (China Waterborne Transport Research Institute, China), Hairong Wu (China Waterborne Transport Research Institute, China), and Nengbin Li (China Waterborne Transport Research Institute, China)</i>	

How Does Public Environmental Protection Restrain Enterprise Overcapacity?—Empirical Analysis Based on Big Data of Chinese Listed Companies .....	577
<i>ChengCheng Zhu (Central South University, China) and Jie Feng (Anhui University, China)</i>	
Optimization Analysis of Emission Reduction Transformation Strategy for Thermal Power Enterprises under Carbon Allowance System .....	583
<i>Yu Liu (Xinhua Hydro Power Co., Ltd., China), Xiaobo Hu (Xinhua Hydro Power Co., Ltd., China), Yutao Lu (North China Electric Power University, China), Lin Zhu (North China Electric Power University, China), Haiyan Yang (North China Electric Power University, China), and Xinyu He (North China Electric Power University, China)</i>	
Study on Landscape Ecological Evaluation Based on Geographic National Conditions Monitoring Datasets .....	587
<i>Xiao Niu (Shandong Institute of Land Surveying and Mapping, China)</i>	
Research and Application of Substation Fire Protection System Based on Big Data .....	592
<i>Nan Cheng (State Grid Hebei Electric Power Co. Ltd. Economic Technology Research Institute, China), Hailiang Wu (State Grid Hebei Electric Power Co. Ltd. Economic Technology Research Institute, China), Zhong Liu (State Grid Hebei Electric Power Co. Ltd. Economic Technology Research Institute, China), Yamin Wang (State Grid Hebei Electric Power Co. Ltd. Economic Technology Research Institute, China), Wuchen Zhang (State Grid Hebei Electric Power Co. Ltd. Economic Technology Research Institute, China), and Jizhi Su (State Grid Hebei Electric Power Co. Ltd. Economic Technology Research Institute, China)</i>	
Research on the Innovation of Online Recruitment Mode of Small and Medium-Sized Enterprises—Statistical Analysis Based on Recruitment Information .....	596
<i>Jing Zheng (Shanghai University of Engineering Science, China)</i>	
Dual-Channel Retailer's Showroom Pricing and Service Decision Based on Numerical Simulation .....	600
<i>Jinrong Liu (Shanghai Urban Construction Vocational College, China)</i>	
Analysis of Network Marketing Strategy of Bestore Based on AISAS Theory .....	607
<i>Yongkang He (Shanghai University of Engineering Science, China) and Xu Fang Li (Shanghai University of Engineering Science, China)</i>	
Research on the Evaluation of Innovation Ability of High-Tech Industry from the Perspective of Integrated Development of Yangtze River Delta Based on Entropy Weight-TOPSIS Method .....	612
<i>YiHan Li (Hefei University of Technology, China) and Xin Zhang (Hefei University of Technology, China)</i>	
Single-Online-Channel Retailer's Pricing and Service Decision in Showroom Omnichannel Retailing .....	617
<i>Jinrong Liu (Shanghai Urban Construction Vocational College, China)</i>	
Research on the Construction of Cross-Border Payment System Based on Blockchain .....	623
<i>Aiya Li (Postdoctoral Research Station of Agricultural Bank of China; University of International Business and Economics, China)</i>	

Welfare Evaluation of Female Tourism Practitioners under the Background of the Digital Countryside .....	627
<i>Pan Zhao (Sichuan Agricultural University, China), Junyi Wei (Sichuan Agricultural University, China; National Forestry and Grassland Southwest Engineering Technology Research Center of Taxus, China), Yuhao Song (Sichuan Agricultural University, China; National Forestry and Grassland Southwest Engineering Technology Research Center of Taxus, China), Qian Li (Sichuan Technology &amp; Business College, China), Qin Yang (Sichuan Agricultural University, China), and Tingting Ni (Sichuan Agricultural University, China)</i>	
Research on Business Model Innovation of Internet Enterprises—Case Analysis Based on Qihoo 360 .....	632
<i>Dijun Fan (Shanghai University of Engineering Science, China), Xufang Li (Shanghai University of Engineering Science, China), and Jinmin Zhang (Shanghai University of Engineering Science, China)</i>	
Multiple Regression Analysis of Internet Enterprise Innovation—Case Analysis Based on Bilibili .....	636
<i>Zhongmiao Sun (Shanghai University of Engineering Science, China)</i>	
<b>Author Index</b> .....	<b>641</b>
