TABLE OF CONTENTS

Preface	
Peer Review Statement	
Assessment of the main rheological parameters of rocks during field development.....	1
<i>M Ya Khabibullin</i>	
Problems of realization of low-productivity oil wells continuous operation.....	6
<i>P N Tsylev, I N Shchapova, V A Shchapov</i>	
Application of statistical dependencies to evaluate economic indicators of production efficiency by the example of oil fields in Azerbaijan.....	11
<i>Q A Safarov, G Vagif Gizi, S V Galkin</i>	
Processing and use of waste from the mining industry.....	17
<i>V I Golik, S I Polovneva, R R Turluyev</i>	
Evaluation of the variability of the oil viscosity of the Permian-Carboniferous reservoir Usinskoye field.....	23
<i>S N Kultysheva, A V Raspopov, G P Khizhnyak</i>	
Calculation and Forecast of Resource Extraction during Exploration.....	31
<i>V Sh Mukhametshin</i>	
The dependence of the efficiency of hydraulic fracturing on the geological factors of the Tourne-Famene deposit at the Gagarinsky oilfield	39
<i>V I Galkin, P O Chalova</i>	
Differentiation of exploration and production wells to prevent the breakthrough of water injected into the reservoir.....	46
<i>V V Mukhametshin, L S Kuleshova</i>	
The mathematical layer structure of the digital twin of hazardous production facilities at a gas transmission enterprise	53
<i>A E Kirilov, K A Chernyi</i>	
A study of the effect of the limiting shear gradient on the pressure recovery curve during hydraulic fracturing	60
<i>L F Yusupova, R R Khusnutdinova, R A Gilyazetdinov, E M Almukhametova</i>	
Evaluation of hydrocarbon resources of the Devonian terrigenous rock basin of Perm Region	69
<i>I A Kozlova, D D Borisova</i>	
Impact of hydraulic fracturing on development indicators at BS10, BS11, US11 zones of Yuzhno-Yagunskoye field.....	75
<i>N Kh Gabdrakhmanov, E M Almukhametova, A A Karimova, R R Stepanova</i>	
Use of geotechnical monitoring data in the design of the Serginsky field development	84
<i>Alsu F Shakurova, Aygul F Shakurova</i>	
The structure of the oil-bearing strata and possibility of extracting oil from them	92
<i>L B Akhmetianova, R N Bagmanov, M M Raymanov, D I Kobishcha, Z N Sagitova</i>	

Probabilistic and statistical justification of the forecast of oil and gas potential in the area with established industrial oil capacity	99
<i>N N Krysin, M V Sologubova</i>	
Development of an experimental set-up for studying the effect of elastic oscillations on fluid flow through rocks	106
<i>E P Riabokon, A L Kazantsev, E A Gladkikh, M S Turbakov</i>	
Ways to improve the development efficiency in the complex-structured carbonate deposits of the Tournaisian stage using hydraulic fracturing	112
<i>V A Grishchenko, V V Mukhametshin, L S Kuleshova</i>	
Analysis of the state of exploitation of flooded Mesozoic reservoirs of the Grozny oil-bearing region exposed to anthropogenic impact	117
<i>A Sh Khaladov, N D Bulchaev, M Z Duskaev, M-A E Bakaev, Yu Kh Taramov, D Kh Khasiev, Z Kh Gazabieva, A A Yamaletdinova</i>	
Substantiation of geological exploration and modeling of oil deposits for multistage fracturing in a horizontal well	123
<i>E V Voronova, L V Petrova, A Yu Gutorov</i>	
Selecting an analytical model for describing the viscosity of an oil-water emulsion in the Aspen HYSYS program	131
<i>A S Drozdov, S A Leontev</i>	
Location of deposits of non-metallic ores in Russia and the technogenic impact of mining on the environment	136
<i>Kh Kh Kozhiev, O Z Gabaraev, M S-U Khaliev</i>	
Justification of the use of a supersonic separator at the Yu. Kuvykin gas condensate field	142
<i>D V Kirsanov, N N Leticheskaya</i>	
Influence of formation drilling conditions on the choice of well stimulation method	147
<i>A Kh Gabzalilova, Z A Garifullina</i>	
Environmental and natural leaching processes in underground ore mining	153
<i>S V Galachieva, G V Stas, I I Izotova</i>	
Ecology and utilization of ore dressing tailings	159
<i>O Z Gabaraev, T G Konovalova, R R Turluev</i>	
Analysis of the technology for increasing the recovery and intensification of hydrocarbon production	165
<i>I I Bosikov, E V Egorova, L A Rapatskaya</i>	
The combining different-scale studies in a reservoir simulation model of a deposit with a fractured-cavernous type of carbonate reservoir	172
<i>D A Beltiukov, A A Kochnev, S V Galkin</i>	
Evaluation of ways to reduce sand production from unconsolidated heterogeneous formations when using screens	177
<i>M Ya Khabibullin</i>	
Possible methods of oil potential prediction for yu2 formation in the North of the Surgut Arch	183
<i>A O Shadrin</i>	

The structure and bearing capacity of rock structures during underground mining	188
<i>V B Zaalishvili, O G Burdzieva, M S-U Khaliev</i>	
Improving the efficiency of the physical protection system for oil and gas facilities (by the example of trunk pipelines)	194
<i>G A Tsvetkov, A A Aleshkov</i>	
Prospects for waste-free utilization of ore dressing tailings	200
<i>V I Golik, R R Turluev, A T Alpeisov</i>	
Methods for forecast of oil-bearing capacity by the example of the JS2/1 layer within the Surgut arch	206
<i>A V Turabaeva, V A Belkina</i>	
Karachay-Cherkessia – international landscape and geoecological landfill	212
<i>P A Kipkeeva, Ya Yu Potapenko, N V. Shubaeva, A A Abaykhanova, F M Borlakova</i>	
Improving the efficiency of exploration and development of oil and gas fields in the conditions of frequently interbedding rocks	217
<i>T N Minnivaliev, D Sh Nosirov, L S Kuleshova, A N Minnivaliev, A A Gizzatullina</i>	
Description and prospects of oil and gas potential of the Middle Devonian – Lower Frasnian complex of the south-east of the Timan-Pechora province	223
<i>E A Kuznetsova</i>	
Comprehensive approach to carbonate rocks typing based on core laboratory experiments data	229
<i>A V Raznitsyn, I S Putilov, O A Melkishev</i>	
Investigation and analysis of cement slurries	234
<i>O N Shemelina, V P Ovchinnikov, S S Shemelin, U V Dolgova, Yu N Pavelyeva, Yu S Minchenko</i>	
The effect of polymer-cement mortars with additives of aluminosilicate microspheres on the reservoir properties of exploration and production wells	240
<i>R R Kadyrov, V V Mukhametshin, L S Kuleshova, D I Kobishcha, A R Safiullina</i>	
A study of the impact of oil recovery on the well grid compaction in the oil-containing layers	244
<i>E M Almukhametova, I A Fayzullin</i>	
Assessment of the impact of geological and production parameters on the effectiveness of acid fracturing in the fields with carbonate reservoirs	250
<i>E V Voronova, L V Petrova, A Yu Gutorov</i>	
Reassessment of the potential of oil reserves in thin-layered “hazel grouse” type reservoirs	257
<i>E R Agishev, V E Andreev, L S Kuleshova, V V Mukhametshin, Sh G Mingulov, D I Akhmetshina</i>	
Oil Potential Prospects of Domanik sediments in the North-East of the Volga-Urals	263
<i>S N Krivoshchekov</i>	
Possibility of using machine learning algorithms to assess the effectiveness of acid hydraulic fracturing	268
<i>A A Kochnev, D V Torsunova, V Y Boyarov, S N Krivoshchekov, E V Silaev</i>	

Laboratory experiments on oil displacement using complexes based on enzyme solutions on a reservoir model.....	273
<i>E M Veliev, V V Mukhametshin, L S Kuleshova, M M Veliev, V I Shchetnikov, Vu Viet Thanh, L Z Samigullina</i>	
Determination of cutting process parameters for tooth of excavator active bucket.....	279
<i>A K Muravskiy</i>	
Paleogeographic reconstructions of Emsian - Lower Frasnian formation for oil and gas prospecting.....	283
<i>L D Pleshkov, E E Kozhevnikova</i>	
Indirect determination of reservoir pressure by changing operating modes of exploration and recovery wells.....	289
<i>V A Grishchenko, M N Kharisov, R F Y Akupov, V V Mukhametshin, L S Kuleshova</i>	
Study of the reliability of the determination of reservoir characteristics of productive formations in the Stretenskoye field using correlation analysis.....	296
<i>A S Chukhlov, V I Galkin, I N Ponomareva, V I Chernykh</i>	
Technogenic impact on the environment during leaching.....	301
<i>Yu I Razorenov, R V Klyuev, E R Guzueva</i>	
The role of deep faults in the structure formation of the TCFD, the distribution of hydrocarbon accumulations, and thermomineral sources.....	307
<i>A A Daykaev, E A Abubakarova, A S Elzhaev, M A Khasanov, T B Ezirbaev, D U Germakhanova, Kh A Alieva, A A Shaipova</i>	
Results of identification of ineffective oil objects in carbonate reservoirs.....	312
<i>O A Grezina</i>	
The influence of reservoir rock fractures on the efficiency of geotechnical jobs on the Yamal oilfields.....	317
<i>A S Sharapov</i>	
Microbiological and physicochemical treatment of oil to increase field resource extraction.....	322
<i>M M Veliev, E M Veliev, V V Mukhametshin, L S Kuleshova, Le Viet Zung, D I Akhmetshina</i>	
Use of acid fracturing to increase the production potential of subsoil users.....	329
<i>G M Siraeva, I G Fattakhov, L S Kuleshova, R R Stepanova</i>	
Gas content and gas-dynamic characteristics of rocks of the IV-p horizon of the Starobin deposit of potash salts.....	337
<i>D A Bobrov, N A Litvinovskaya, E A Nesterov</i>	
Forecasting the hydraulic fracturing efficiency when selecting wells for an event.....	342
<i>A I Valeev, V Sh Mukhametshin, V V Anisimov</i>	
Justification for proppant concentration choice during hydraulic fracturing.....	348
<i>A V Kochetkov, I G Fattakhov, L S Kuleshova, R R Stepanova, A R Safiullina</i>	
The comparison of methods for modeling seismic impact on buildings and structures.....	354
<i>G M Kravchenko, E V Trufanova, K Kh Mazhiev, Adam Kh Mazhiev, Aslan Kh Mazhiev, A Kh Mazhieva</i>	
Initial strength analysis of reinforced concrete monolithic supports for spherical and cylindrical mine workings.....	361
<i>A V Zaitsev, A V Kutergin, A A Fukalov, A S Votinov, I Yu Kolytchev</i>	

Geological and statistical simulation for assessment of zonal oil and gas potential formation processes in the Visimskaya monocline	367
<i>V I Galkin, K A Koshkin, O A Melkisev, I A Kozlova</i>	
Development of a mathematical model for the formation of organic deposits based on research on their formation.....	372
<i>A V Kozlov, K A Vyatkin, P U Ilushin</i>	
Geological and Technological Parameters and Development of Deposits in Carbonate Reservoirs to Solve Exploration Tasks.....	377
<i>V Sh Mukhametshin</i>	
Assessment of the fracture stress of clay-carbonate rocks of the Vereiskian reservoir for oil fields in the Perm region	383
<i>A S Votinov, A V Zaitsev, Yu A Rozhkova, B M Osovetsky, V V Seredin</i>	
Improving the technology of opening productive layers to boost the productivity of exploration and production wells	388
<i>A P Chizhov, V E Andreev, L S Kuleshova, V V Mukhametshin, A V Andreev, A V Chibisov</i>	
Estimation of the optimal direction of the horizontal borehole relative to the minimum and maximum formation stress	393
<i>I I Bosikov, E V Egorova, A V Karpikov</i>	
Algorithm for optimization of methanol consumption in the «gas inhibitor pipeline-well-gathering system».....	399
<i>M S Proshutinskiy, I R Raupov, N M Brovin</i>	
Investigation of the influence of the drive shaft speed on the characteristics of a submersible pump when pumping out a gas-liquid mixture	406
<i>A A Odintsov, A N Musinskii, V G Ostrovskii</i>	
Laboratory studies on the use of surfactant compositions to solve resource extraction problems	411
<i>Ty Than Ngia, M M Veliev, V Sh Mukhametshin, S S Karimov, E M Veliev, A V Andreev</i>	
Experience of applying the shock wave impact method for the bottomhole zone.....	421
<i>R R Khusnutdinova, L V Petrova, L F Yusupova, R A Gilyazetdinov</i>	
Possibilities of using fiber-optic sensors in the study of oil and gas wells	429
<i>E O Shiryaev, V F Rybka, I Yu Kolytchev</i>	
Analysis and forecasting of the success of hydraulic fracturing treatment in the selection of candidate wells	437
<i>V V Anisimov, V Sh Mukhametshin, A I Valeev</i>	
Assessment of applicability of preformed particle gels for Perm region oil fields.....	445
<i>Yu A Rozhkova, V Sh Gurbanov, G M Efendiyev, S V Galkin</i>	
Telemetry system based on fiber-optic gyroscopes.....	450
<i>A A Melekhin, E P Riabokon, S N Krivoshchekov</i>	
Influence of oil structures on the component composition of free gases of potash reservoirs at the BPPU-4 mine field of PJSC “Uralkali”	456
<i>A S Papulov, S S Andreyko, O V Ivanov</i>	

Impact of hydraulic fracturing on the creation of highly permeable channels within the Earth's interior	461
<i>K M Khalikova, E M Almukhametova, A Y Gutorov</i>	
Improvement of operational efficiency of high water-cut oil wells.....	469
<i>I R Raupov, J Milic</i>	
Diagnostics of traction motor of 1DT.003.11 type of electric train EP3D by modeling fuzzy linguistic parameters in matlab and fuzzy tech environment.....	475
<i>I A Menshikov, A. V. Shorina, V A Kargin, A V Volgin, A P Moiseev, E V Volgina</i>	
Temperature-baric behavior of the effective thermal conductivity of sandstones	483
<i>S N Emirov, A A Aliverdiev, R M Aliev, V D Beybalaev, E N Ramazanova, Aa Amirova</i>
