

PROCEEDINGS OF SPIE

# ***37th European Mask and Lithography Conference***

**Uwe Behringer**  
*Editor*

**20–23 June, 2022**  
**Leuven, Belgium**

*Organized by*  
VDE/VDI GMM—The Society for Microelectronics,  
Microsystems and Precision Engineering (Germany)  
UBC Microelectronics (Germany)

*Published by*  
SPIE

**Volume 12472**

Proceedings of SPIE 0277-786X, V. 12472

SPIE is an international society advancing an interdisciplinary approach to the science and application of light.

The papers in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. Additional papers and presentation recordings may be available online in the SPIE Digital Library at [SPIEDigitalLibrary.org](http://SPIEDigitalLibrary.org).

The papers reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from these proceedings:

Author(s), "Title of Paper," in *37th European Mask and Lithography Conference*, edited by Uwe Behringer, Proc. of SPIE 12472, Seven-digit Article CID Number (DD/MM/YYYY); (DOI URL).

---

**Paper Numbering:** A unique citation identifier (CID) number is assigned to each article in the Proceedings of SPIE at the time of publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online and print versions of the publication. SPIE uses a seven-digit CID article numbering system structured as follows:

- The first five digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B ... 0Z, followed by 10-1Z, 20-2Z, etc. The CID Number appears on each page of the manuscript.

# Contents

v	<i>Conference Committee</i>
ix	<i>Preface</i>
xi	<i>Sponsors and Cooperating Partners</i>

---

## TUTORIAL SESSION

---

12472 07	<b>Synergy between quantum computing and semiconductor technology</b> [12472-27]
----------	--

---

## STUDENT PRESENTATIONS 1

---

12472 08	<b>3D mask defect and repair simulation based on SEM images</b> [12472-5]
12472 0A	<b>Optimizing EUV imaging metrics as a function of absorber thickness and illumination source: simulation case study of Ta-Co alloy</b> [12472-35]
12472 0B	<b>Mask variability with extraction of SEM image contour and area measurements</b> [12472-36]
12472 0C	<b>Contour based on-device overlay metrology assessment using synthetic SEM images</b> [12472-37]
12472 0D	<b>Application of the three-state lithography model for grayscale lithography</b> [12472-42]

---

## EUV LITHOGRAPHY

---

12472 0H	<b>Spatial frequency breakdown of CD variation</b> [12472-41]
----------	---

---

## STUDENT PRESENTATIONS 2

---

12472 0I	<b>Predicting DUV open contact risk with scarce sampling using new contour-based metrics</b> [12472-39]
12472 0J	<b>Lithographic performance of resist ma-N 1402 in an e-beam/i-line stepper intra-level mix and match approach</b> [12472-16]

---

**MASK PATTERNING, METROLOGY, AND PROCESS**

---

12472 OL **New registration calibration strategies for MBMW tools by PROVE measurements (Invited Paper)**  
[12472-44]

---

**EUV MASK INSPECTION AND LASER MASK WRITERS**

---

12472 OQ **High-precision optical constant characterization of materials in the EUV spectral range: from large research facilities to laboratory-based instruments** [12472-38]

---

**LITHOGRAPHY SIMULATION AND FUTURE NANO-LITHOGRAPHY AND NANO-PATTERNING**

---

12472 OS **Curvilinear mask process correction: status quo and outlook (Invited Paper)** [12472-28]

12472 OT **OPC flow for non-conventional layouts: specific application to optical diffusers** [12472-18]
