# 2024 IEEE International Conference on Joint Cloud Computing (JCC) **JCC 2024**

## Table of Contents

Message from the IEEE CISOSE 2024 General Co-Chairs .....	viii
Welcome Message from the General Chairs of IEEE JCC 2024 .....	x
Welcome Message from the TPC Chairs of IEEE JCC 2024 .....	xi
Program Committee - IEEE JCC 2024 .....	xii
Keynote Speakers .....	xiii
Sponsors .....	xix

### Session 1 – Core Infrastructure I

PrometheusMigrate: Efficient Live Migration of Confidential Virtual Machine with Software Abstraction .....	1
<i>Chenhui Ji (Shanghai Jiao Tong University, China), Dingji Li (Shanghai Jiao Tong University, China), Zeyu Mi (Shanghai Jiao Tong University, China), and Yubin Xia (Shanghai Jiao Tong University, China)</i>	
The Design and Optimization of Memory Ballooning in SEV Confidential Virtual Machines .....	9
<i>Chang Deng (The 32nd Research Institute of China Electronics Technology Group Corporation), Zheyun Shen (Shanghai Jiao Tong University), Dingji Li (Shanghai Jiao Tong University), Zeyu Mi (Shanghai Jiao Tong University), and Yubin Xia (Shanghai Jiao Tong University)</i>	
PrecisionProbe: Non-intrusive Performance Analysis Tool for Deep Learning Recommendation Models .....	17
<i>Weiyu Peng (School of Software, Beihang University), Jinghao Wang (School of Software, Beihang University), Tianyu Wo (School of Software, Beihang University), and Renyu Yang (School of Software, Beihang University)</i>	

### Session 2 – Core Infrastructure II

DCSA: The Deployment Mechanism of Chained Serverless Applications in JointCloud Environment .....	21
<i>Yaojie Li (University of Defense Technology, China), Peichang Shi (University of Defense Technology, China), Jianfei Liu (University of Defense Technology, China), Rui Li (University of Defense Technology, China), Fei Gao (University of Defense Technology, China), Penghui Ma (University of Defense Technology, China), Dong Xie (University of Defense Technology, China), and Guodong Yi (Hunan University Of Technology and Business, China)</i>	

A Study on the Performance of Distributed Storage Systems in Edge Computing Environments .....	29
<i>Antonios Makris (National Technical University of Athens, Greece), Ioannis Kontopoulos (National Technical University of Athens, Greece), Stylianios Nektarios Xyalis (Harokopio University of Athens, Greece), Evangelos Psomakelis (National Technical University of Athens, Greece), Theodoros Theodoropoulos (National Technical University of Athens, Greece), Andreas Varvarigos (Harokopio University of Athens, Greece), and Konstantinos Tserpes (National Technical University of Athens, Greece)</i>	
RESCAPE: A Resource Estimation System for Microservices with Graph Neural Network and Profile Engine .....	37
<i>Jinghao Wang (School of Software, Beihang University), Guanzu Wang (School of Computer Science and Engineering, Beihang University), Tianyu Wo (School of Software, Beihang University), Xu Wang (School of Software, Beihang University), and Renyu Yang (School of Software, Beihang University)</i>	

### **Session 3 – Scheduling and optimization**

Bi-Objective Scheduling Algorithm for Hybrid Workflow in JointCloud .....	45
<i>Rui Li (National University of Defense Technology, China), Huaimin Wang (National University of Defense Technology, China), and Peichang Shi (National University of Defense Technology, China)</i>	
F3A: Fairness-Aware AI-Workloads Allocation Considering Multidimensional User Demands in JointCloud .....	53
<i>Jiacheng Yang (National University of Defense Technology, China), Guodong Yi (Hunan University Of Technology and Business, China), Fei Gao (National University of Defense Technology, China), Peichang Shi (National University of Defense Technology, China), and Huaimin Wang (National University of Defense Technology, China)</i>	
Parallel Computation in Dynamic Fog Computing Networks: A Multi-Armed Bandit Learning-based Decentralized Matching Approach .....	57
<i>Hoa Tran-Dang (Kumoh National Institute of Technology, South of Korea) and Kim Dong-Seong (Kumoh National Institute of Technology, South of Korea)</i>	

### **Session 4 – Artificial Intelligence and applications I**

FP4-Quantization: Lossless 4bit Quantization for Large Language Models .....	61
<i>Jie Wang (National University of Defense Technology, China), Huanxi Liu (National University of Defense Technology, China), Dawei Feng (National University of Defense Technology, China), Jie Ding (Iflytek, China), and Bo Ding (National University of Defense Technology, China)</i>	

Understanding the Challenges of Data Management in the AI Application Development ..... 68  
*Junchen Li (National University of Defense Technology, China; State Key Laboratory of Complex & Critical Software Environment, China), Yang Zhang (National University of Defense Technology, China; State Key Laboratory of Complex & Critical Software Environment, China), Kele Xu (National University of Defense Technology, China; State Key Laboratory of Complex & Critical Software Environment, China), Tao Wang (National University of Defense Technology, China; State Key Laboratory of Complex & Critical Software Environment, China), and Huaimin Wang (National University of Defense Technology, China; State Key Laboratory of Complex & Critical Software Environment, China)*

**Session 5 – Artificial Intelligence and applications II**

IBRI: An IoT Solution for Building Collapse Risk Identification in Smart Cities ..... 76  
*Chao Wang (China Academy of Safety Science and Technology), Suzhen Pei (School of Mathematics and Statistics, Southwest University), Jiawei Ding (China Academy of Safety Science and Technology), Tianyu Zhong (China Academy of Safety Science and Technology), and Binbin Wu (China Academy of Safety Science and Technology)*

The Cost Perspective of Adopting Large Language Model-as-a-Service ..... 80  
*Vasiliki Liagkou ( Harokopio University of Athens, Greece), Evangelia Filiopoulou (Harokopio University of Athens, Greece), George Fragiadakis (Harokopio University of Athens, Greece), Mara Nikolaidou (Harokopio University of Athens), and Christos Michalakelis (Harokopio University of Athens, Greece)*

**Author Index** ..... 85
