Title	Page Range
Elevating the Learning Agility of Manufacturing Workers by Harnessing the Effects of Digital Workplace and Self-Management	1.7
Inventory Management Optimalization System Design at XYZ Die and Mold Retail Store	<u>1-6</u> 7-12
Underscoring the Mediating Role of Innovative Work Behavior for Cultivating Digital	/-12
Readiness in the Pre-Digital Organization	13-18
Game On: Boosting Early Learning Through Fun Educational Games	19-24
Bolstering Effect of Digital Capability on Firm Performance by Fostering Alliance Capability and Supply Chain Agility	25-30
Automated Classification: Enhancing Literature Analysis Efficiency in Research Articles through Machine Learning	31-36
Fostering Scientific Engagement: Creating a Digital Hub for Student-Authored Research Works	37-42
The Impact of Live Streaming on Consumer Engagement and Purchase Intentions towards Fashion Industry on E-Commerce	43-48
Stock Price Prediction with the Informer Model	49-53
Internet of Things System Development and Experimentation Hydroponic Farming	54-59
A Comprehensive Exploration of Determinants Shaping Consumer Choices in E-	
commerce Mobile Applications	60-64
Enhanced Insight into Mobile Banking: A Comprehensive Usability Analysis Through User Feedback	65-70
LIVE Stream Commerce Towards Decision Making: Mediating Role of Trust and Experience GEN-Z Jakarta	71-76
Exploring Al-Driven Chatbots for Enhanced Learning Experiences in Dental Education with Deep Learning	77-82
Predictive Insights into Talent Management: A Random Forest Approach to Assessing Top Talent in State-Owned Enterprises	83-88
Shedding Light on Glowapp: A Usability Test Evaluation for Enhanced User Experience	89-93
Technology Acceptance Readiness Analysis in the Context of Digital Tourism Village using Machine Learning Approach	94-98
Exploring the Use of GPT Chatbots, in Education: A Comparative Study on User Experiences, in Taiwan and Vietnam	99-104

Performance Prediction in Case Based Learning (CBL)105-110IoT Door Locking a Review111-116Analysis Factors Affecting Student Intention to Use Generative Artificial Intelligence in E- Learning117-122Al-Powered Mobile Application for Image-Based Food Ingredient Detection and Recipe Generation123-128IIT Compliance When Artificial Intelligence Is Applied in the Workplace129-133Bibliometric Analysis to Explore the Influence of Artificial Intelligence on Consumer Behavior and Marketing Research: A Comprehensive Review and Suggestions for Future Exploration134-139Blockchain Adoption Model in The Supply Chain of Agricultural Products to Support The Transparency of The Insurance Process140-144Comparison of Training Function, Adaption Learning Function, and Transfer Function of Hidden Layers in Artificial Neural Network in Weather Prediction145-149Enhancing User Interface and Experience in Skin Type Classification and Skincare Product Recommendation System for Young Adults150-155Analysis of Student Interest in Crypto-Asset Investment162-166Factors Hindering the Adoption of Blockchain Technology by Universities Based on University Employees167-172Driving Satisfaction and Continuous Intention by Leveraging Perceived Value of Digital Banking Mobile-Application's Product Attribute173-178The Impact Artificial Intelligence on Supply Chain Resiliences179-183The Effect of Perceived Enjoyment and Technology Acceptance Model (TAM) Towards Continuance Usage of E-wallet Applications.184-189	Title	Page Range
IoT Door Locking a Review 111-116 Analysis Factors Affecting Student Intention to Use Generative Artificial Intelligence in E- Learning 117-122 Al-Powered Mobile Application for Image-Based Food Ingredient Detection and Recipe Generation 123-128 IT Compliance When Artificial Intelligence Is Applied in the Workplace 129-133 Bibliometric Analysis to Explore the Influence of Artificial Intelligence on Consumer Behavior and Marketing Research: A Comprehensive Review and Suggestions for Future Exploration 134-139 Blockchain Adoption Model in The Supply Chain of Agricultural Products to Support The Transparency of The Insurance Process 140-144 Comparison of Training Function, Adaption Learning Function, and Transfer Function of Hidden Layers in Artificial Neural Network in Weather Prediction 145-149 Enhancing User Interface and Experience in Skin Type Classification and Skincare Product Recommendation System for Young Adults 156-161 Accounting in the Cloud: Empirical Insights into the Intellectual Structure and Knowledge Evolution 162-166 Factors Hindering the Adoption of Blockchain Technology by Universities Based on University Employees 167-172 Driving Satisfaction and Continuous Intention by Leveraging Perceived Value of Digital Banking Mobile-Application's Product Attribute 173-178 The Impact Artificial Intelligence on Supply Chain Performance through Supply Chain Dynamism, Adaptive Capabililities, Supply Chain Resiliences 179-183	Interpretability of Machine Learning Agnostic-Model on Student Academic	
Analysis Factors Affecting Student Intention to Use Generative Artificial Intelligence in E- Learning 117-122 AI-Powered Mobile Application for Image-Based Food Ingredient Detection and Recipe Generation 123-128 IT Compliance When Artificial Intelligence Is Applied in the Workplace 129-133 Bibliometric Analysis to Explore the Influence of Artificial Intelligence on Consumer Behavior and Marketing Research: A Comprehensive Review and Suggestions for Future Exploration 134-139 Blockchain Adoption Model in The Supply Chain of Agricultural Products to Support The Transparency of The Insurance Process 140-144 Comparison of Training Function, Adaption Learning Function, and Transfer Function of Hidden Layers in Artificial Neural Network in Weather Prediction 145-149 Enhancing User Interface and Experience in Skin Type Classification and Skincare Product Recommendation System for Young Adults 150-155 Analysis of Student Interest in Crypto-Asset Investment 156-161 Accounting in the Cloud: Empirical Insights into the Intellectual Structure and Knowledge Evolution 168 Interface on Supply Chain Technology by Universities Based on University Employees 167-172 Driving Satisfaction and Continuous Intention by Leveraging Perceived Value of Digital Banking Mobile-Application's Product Attribute 173-178 The Impact Artificial Intelligence on Supply Chain Resiliences 179-183 The Effect of Perceived Enjoyment and Technology Acceptance Model (TAM) Towards Continuance Usage of E-wallet Applications. 184-189	Performance Prediction in Case Based Learning (CBL)	105-110
Learning 117-122 Al-Powered Mobile Application for Image-Based Food Ingredient Detection and Recipe 123-128 Generation 123-128 IT Compliance When Artificial Intelligence Is Applied in the Workplace 129-133 Bibliometric Analysis to Explore the Influence of Artificial Intelligence on Consumer Behavior and Marketing Research: A Comprehensive Review and Suggestions for Future Exploration 134-139 Blockchain Adoption Model in The Supply Chain of Agricultural Products to Support The 140-144 Comparison of Training Function, Adaption Learning Function, and Transfer Function of 145-149 Enhancing User Interface and Experience in Skin Type Classification and Skincare 150-155 Analysis of Student Interest in Crypto-Asset Investment 156-161 Accounting in the Cloud: Empirical Insights into the Intellectual Structure and 162-166 Factors Hindering the Adoption of Blockchain Technology by Universities Based on 167-172 Driving Satisfaction and Continuous Intention by Leveraging Perceived Value of Digital 173-178 The Impact Artificial Intelligence on Supply Chain Resiliences 179-183 The Effect of Perceived Enjoyment and Technology Acceptance Model (TAM) Towards 184-189	IoT Door Locking a Review	111-116
Al-Powered Mobile Application for Image-Based Food Ingredient Detection and Recipe Generation 123-128 IT Compliance When Artificial Intelligence Is Applied in the Workplace 129-133 Bibliometric Analysis to Explore the Influence of Artificial Intelligence on Consumer Behavior and Marketing Research: A Comprehensive Review and Suggestions for Future Exploration 134-139 Biockchain Adoption Model in The Supply Chain of Agricultural Products to Support The Transparency of The Insurance Process 140-144 Comparison of Training Function, Adaption Learning Function, and Transfer Function of Hidden Layers in Artificial Neural Network in Weather Prediction and Skincare Product Recommendation System for Young Adults 150-155 Analysis of Student Interest in Crypto-Asset Investment 156-161 Accounting in the Cloud: Empirical Insights into the Intellectual Structure and Knowledge Evolution 16 Blockchain Technology by Universities Based on University Employees 167-172 Driving Satisfaction and Continuous Intention by Leveraging Perceived Value of Digital Banking Mobile-Application's Product Attribute 173-178 The Impact Artificial Intelligence on Supply Chain Performance through Supply Chain Dynamism, Adaptive Capabilities, Supply Chain Resiliences 179-183 The Effect of Perceived Enjoyment and Technology Acceptance Model (TAM) Towards Continuance Usage of E-wallet Applications. 184-189	Analysis Factors Affecting Student Intention to Use Generative Artificial Intelligence in E-

Early Melanoma Skin Cancer Detection using Artificial Intelligence: A Comparative Review	624-629
Optimizing Customer Retention in Urban Laundry Services: A Comparative Analysis of Machine Learning Algorithms in Jakarta's MSME Sector	630-635
Prediction and Analysis of Protein 3D Structures Using Protein Language Model and Streamlit	636-641
The Role of Social Media Marketing in Mediating Emotional Appeal and Information Usefulness from eWOM on Buying Behavior	642-647
Analysis of User Experience in Applications Madrasah Digital Report Website at MTSs Assa'adah Cicurug	648-653
How Digital Orientation, Personality Traits, and Network Strategy Affect Bank Digital Transformation	654-659
Missing Person Search Information System with User-Centered Design	660-665
Deep Learning for Stock Market Prediction: A Review	666-671
Enhancing Traffic Analysis and Prediction through A Hybrid LSTM-ARIMA Model	672-677
Analyzing Gamification Impact in Diverse Learning Environments: A Systematic Literature Review	678-683
Using CNN Along with Transfer Learning to Predict Wildfires in Borneo's Topography	684-689
H.E.L.P: Handheld Emergency Locator for Protection – A Tool Against Sexual Violence	690-694
Factors Influencing the Adoption of Digital Banking Service Super Apps in Indonesia Using Modified UTAUT2 Model	695-700
mplementation of a diabetes status prediction application using a machine learning algorithm approach	701-706
Beyond Conventional Banking: Gen Z's Adoption of Digital Services in Indonesia	707-712
Analyzing Sleep Health From Lifestyle Data Using Lasso Regression	713-717
nventory Management Process Efficiency with Enterprise Resource Planning Customization and Configuration (Case Study: Catering Industry)	718-723
Welcome to Mobile Legends: Unravel the Effects of Habit, Visual Authority, and Hedonic Motivation on In-Game Purchases	724-728
Design of an Automatic Price Tag System for Web- Based Retail Business	729-734
Analysis of the Effect of Using Online Trading and Investment Mobile Applications on the Purchase Decision of Indonesian People in Investing in the Indonesian Capital Market	735-740

Title	Page Range
Examining the Effectiveness of an AR-Enhanced Waste Sorting Game for Marine Conservation: A UEQ-Based Evaluation	741-746
Elucidating the Mediating Role of E-Trust in Customer Satisfaction Augmentation: An Empirical Analysis of E-Service Quality in Online Marketplaces	747-752
User Experience Evaluation on Mobile Application for Indonesian Passport Using Sentiment Analysis and Cognitive Walkthrough	753-758
uitPETransMDS: A PE Malware Detection System Using a Hybrid Approach of Transfer Learning and Image Visualization	759-764
uitSQLid: SQL injection detection using multi deep learning models approach	765-770
The Design Science Research Methodology for Knowledge Sharing System in Consulting Firm	771-776
Enhancing Two-Factor Authentication with Deep Speaker Recognition on Librispeech Dataset	777-782
MycoAR: Augmented Reality Mobile Application for Mycology Education	783-788
User Experience Analysis for Cinema Application Using Content Analysis From Online Reviews and Usability Testing	789-794
Navigating the E-Learning Landscape: A Comparative Analysis between ElevateEd LMS and other Learning Management Systems in the Philippine Educational Context	795-800
Digital Art Technology: Interactive Signage for Sustainable Development of Bajulmati Sea Turtle Conservation Area	801-805
How The Knowledge Management Improving The Technological Innovation Capabilities: Indonesia SMEs Context	806-810
E-Government Interoperability: Provincial-Level Architecture Model to Enable Fast Healthcare Interoperability Resources (FHIR)	811-816
Smart-home System using The Fuzzy Logic Method On The Nodemcu Platform	817-822
