

# **Symposium on Electronic Imaging (EI 2024)**

High Performance Computing for  
Imaging 2024

Burlingame, California, USA  
21-25 January 2024

ISBN: 979-8-3313-1262-6

**Printed from e-media with permission by:**

Curran Associates, Inc.

## TABLE OF CONTENTS

|                                                                                                                                       |    |
|---------------------------------------------------------------------------------------------------------------------------------------|----|
| Accelerated Laminographic Image Reconstruction Using GPUs.....                                                                        | 1  |
| <i>Bin Ma, Viktor Nikitin, Dong Li, Tekin Bicer</i>                                                                                   |    |
| High-Performance Data Loader for Large-Scale Data Processing .....                                                                    | 7  |
| <i>Edgar Josafat Martinez-Noriega, Chen Peng, Rio Yokota</i>                                                                          |    |
| Efficient Distributed Sequence Parallelism for Transformer-based Image Segmentation.....                                              | 13 |
| <i>Isaac Lyngaas, Murali Gopalakrishnan Meena, Evan Calabrese, Mohamed Wahib, Peng<br/>Chen, Jun Igarashi, Yuankai Huo, Xiao Wang</i> |    |
